Section 1.02 "Lot" shall mean and refer to any plot of land identified as a Lot or tract on the plat of the Subdivision. For purposes of this instrument, "Lot" shall not be deemed to include any portion of any "Reserves", "Restricted Reserves" or "Unrestricted Reserves", (defined herein as any Reserves, Restricted Reserves or Unrestricted Reserves shown on the Plat) in the Subdivision, regardless of the use made of such area.

Section 1.03 "Owner" shall mean and refer to the record owner, whether one or more persons or entities, of fee simple title to any Lot which is a part of the Subdivision, including (i) contract sellers (a seller under a Contract-for-Deed), but excluding those having such interest merely as security for the performance of an obligation, (ii) Developer (except as otherwise provided herein), and (iii) Builders.

ARTICLE II

RESERVATIONS, EXCEPTIONS AND DEDICATIONS

Section 2.01 Recorded Subdivision Map of the Property. The plat ("Plat") of the Subdivision dedicates for use as such, subject to the limitations as set forth therein, the roads, streets and easements shown thereon. The Plat further establishes certain restrictions applicable to the Property. All dedications, restrictions and reservations created herein or shown on the Plat, replats or amendments of the Plat of the Subdivision recorded or hereafter recorded shall be construed as being included in each contract, deed, or conveyance executed or to be executed by or on behalf of Developer, conveying said Property or any part thereof whether specifically referred to therein or not.

Section 2.02 Easements. Developer reserves for public use the utility easements shown on the Plat or that have been or hereafter may be created by separate instrument recorded in the Real Property Records of Montgomery County, Texas, for the purpose of constructing, maintaining and repairing a system or systems of electric lighting, electric power, telegraph and telephone line or lines, gas lines, sewers, water lines, storm drainage (surface or underground), cable television, or any other utility the Developer sees fit to install in, across and/or under the Property. Developer further expressly reserves the right to enter upon any Lot for the purpose of constructing or maintaining any natural drainage pattern, area or easement. All utility easements in the Subdivision may be used for the construction of drainage swales in order to provide for improved surface drainage of the Reserves and/or Lots. Should any utility company furnishing a

service covered by the general easement herein provided request a specific easement by separate recordable document, Developer, without the joinder of any other Owner, shall have the right to grant such easement on said Property without conflicting with the terms hereof. Any utility company serving the Subdivision and/or any Utility District serving the Subdivision shall have the right to enter upon any utility easement for the purpose of installation, repair and maintenance of their respective facilities. Neither Developer nor any utility company, water district, political Subdivision or other authorized entity using the easements herein referred to shall be liable for any damages done by them or their assigns, agents, employees, or servants, to fences, shrubbery, trees and lawns or any other property of the Owner on the property covered by said easements.

Section 2.03 Title Subject to Easements. It is expressly agreed and understood that the title conveyed by Developer to any of the Lots by contract, deed, or other conveyance shall be subject to any easement affecting same for roadways or drainage, water line, gas, sewer, electric lighting, electric power, telegraph or telephone purposes and other easements hereafter granted affecting the Lots. The Owners of the respective Lots shall not be deemed to own pipes, wires, conduits or other service lines running through their Lots which are utilized for or service other Lots, but each Owner shall have an easement in and to the aforesaid facilities as shall be necessary for the use, maintenance and enjoyment of his Lot. The Developer may convey title to said easements to the public or a public utility company.

Section 2.04 Drill Sites and Multi-purpose Easements. The areas designated as Drill Sites and multi-purpose Easements on the Plat are the designated drill site and multi-purpose easement locations, provided said Drill Sites and Multi-purpose Easements may be used by the Lot Owner, their families, guests and invitees upon whose Lot the Drill Site or Multi-purpose Easement is located for recreation, outdoor activities, grazing or other activities other than construction of improvements until such time as the mineral owners desire to use said area for a drill site or easement for the exploration and/or of oil, gas or other minerals. The use of these Drill Sites and Multi-purpose Easements are specifically subject to the superior right of the mineral owners to use the area as a drill site and easements for the exploration and development of oil, gas or other minerals.

Section 2.05 Roads and Streets. Subject to the terms and conditions of this Section 2.05, the roads and streets in this Subdivision, as shown on the Plat, are hereby dedicated in addition to roadways, as utility easements for the purpose of constructing, operating, maintaining or repairing a system(s) of electric lighting, electrical power, telegraph and telephone lines, gas lines, sewers, water lines, storm drainage (surface or underground) cable television, or any other utilities that the Developer sees fit to install (or permit to be installed) in, across and/or under the Property.

Section 2.06 Community Water and Wells. All lot owners are required to tap into the community water system owned and operated by C & R Water Supply, P O. Box 187, Willis, Texas, telephone (936) 856-4199. Personal water wells may be used for purposes other than human consumption.

Without expanding the permitted use of the Lots, no activity, whether for profit or not, shall be conducted on any Lot which is not related to single family residential purposes. No noxious or offensive activity of any sort shall be permitted nor shall anything be done on any Lot which may be or become an annoyance or a nuisance to the Subdivision. This restriction is waived in regard to the customary sales activities required to sell homes in the Subdivision. No exterior speaker, horn, whistle, bell or other sound device, except security and fire devices used exclusively for security and fire purposes, shall be located, used or placed on a Lot. Any use of two-stroke motorcycles inside subdivision is prohibited. ATV's are allowed only on lot bought by the owner.

Section 3.09 Mineral Development. Except within the areas designated as Drill Sites on the Plat, and easements related thereto, no commercial oil drilling, oil development operations, oil refining, quarrying or mining operation of any kind shall be permitted upon or in any Lot, nor shall any wells, tanks, tunnels, mineral excavation, or shafts be permitted upon or in any Lot, and, no derrick or other structures designed for the use of boring for oil or natural gas shall be erected, maintained or permitted upon any Lot. Provided, however, that this provision shall not prevent the leasing of the

Section 3.13 Hazardous Substances. No Lot shall be used or maintained as a dumping ground for rubbish or trash and no garbage or other waste shall be kept except in sanitary containers. All incinerators or other equipment for the storage and disposal of such materials shall be kept in a clean and sanitary condition. Notwithstanding the foregoing, no Hazardous Substance shall be brought onto, installed, used, stored, treated, disposed of or transported over the Lots or the Subdivision, and all activities on the Lots shall, at all times, comply with Applicable Law.
