SECTION 1. CREATING, PURPOSE AND DUTIES. There is hereby created an ACC which shall be composed of three (3) members. Those three members shall consist of two members or representatives of La Mancha LTD, and one member of the HOA. Said member of the HOA will be the president unless the HOA votes another member to that charge. When the declarant owns 4 lots or less, with all of declarant's other lots having been sold, the HOA will elect an additional member of the HOA to serve on the ACC. At that point the declarant will hold only one member on the ACC. When the declarant has sold all lots, the HOA will fully staff the ACC.

The members of the ACC shall have the responsibility and all necessary power and authority to approve and disapprove, in their sole discretion, the external design, size, quality and type of building material, location on the building site and finish grade elevation of any structure to be erected in the Subdivision. The decision of the ACC shall be binding, provided that any Owner aggrieved by a decision of the ACC may appeal the same to the Board within thirty (30) days of receipt of such decision. The decision of the full Board shall be final and absolute; pending a decision of the full Board, the decision

of the ACC shall control. The ACC is vested with the authority and responsibility to maintain architectural harmony within the Subdivision, to maintain suitable standards of construction consistent with the Declarant's intent to create an exclusive residential subdivision and to insure construction is completed in accordance with the Declaration.

The Association shall and hereby expressly agrees to protect, indemnify, and save harmless the ACC and Declarant, jointly and severally, from any and all liabilities, costs, and losses, together with reasonable and necessary expenses incurred by the ACC in matter related to the exercise of its functions hereunder and in the exercise of the board discretionary powers vested in the ACC, save and except only for acts of willful fraud or gross negligence.

SECTION 2. POWERS OF THE ACC. Absolutely no building or other Improvements shall be constructed in the Subdivision, and no exterior alteration of any building or Improvement to any Lot shall be made until the site plan, the schematic plan for landscaping and lighting, and final working plans and specifications have been submitted to and approved in writing by the ACC. The various aforementioned plans and specifications shall be considered disapproved by the ACC if it fails to expressly approve the same (or subsequent amendments thereto) within thirty (30) days from the date of submission and actual delivery thereof to the ACC (the "Submission Date").

The ACC shall have the right to specify architectural and aesthetic requirements for building sites, minimum setback lines, the location, height and extent of Fences, Screens, or walls, the orientation of Improvements on adjacent property, and a limited number of acceptable exterior materials and finishes that may be utilized in construction or repair of improvements. The ACC shall have full power and authority to reject any plans and specifications that do not comply with this Declaration or that do not meet its minimum construction or architectural design requirements or that might not be compatible with the overall character or aesthetics of the Subdivision. The ACC may issue guidelines to this Declaration to further guide the intent of the Deed Restrictions. Such guidelines shall be referred to as the "Architectural Control Standards". The ACC shall have the right, exercisable at its discretion, to grant or deny variance to the architectural restrictions in specified instances where the ACC in good faith deems that such variance may or may not adversely affect the architectural and environmental integrity of the Subdivision, without liability on the part of the Committee in the exercise of its discretion.

Any action taken by the Committee shall require a majority vote of the members of the Committee then sitting.

SECTION 3. DESIGN APPROVAL. The design for each Improvement to be erected in the Subdivision shall be submitted to the ACC as follows:

- A. First, a preliminary architectural design (the “schematic design” or “drawing”) shall be submitted. This submission shall reflect, on a preliminary basis, the site plan, roof plan, floor plan, together with all elevations and shall be drawn (freehand or otherwise) to a generally accepted architectural scale. Permitted, but not required, at this submission are exterior color and building material selections. The action of the ACC at this stage of submission shall be deemed advisory only and its approval or disapproval of, or comment upon the schematic design, color or material selection does not constitute, nor shall it be considered as, automatic approval of the final design, color, material or any other item requiring final approval.
- B. Second, the final submission for review by the ACC must include one (1) set of construction documents which will include, but are not limited to, the following:
  - 1. Complete detailed sets of plans which shall include, but not limited to, (i) a site plan reflecting the location and dimensions or boundaries of all Easements, lot lines, setback lines, foundations (with elevations thereof), walks, drives, Fences, and any other Improvements to be located thereon; (ii) foundation plan; (iii) floor plan; (iv) exterior elevations; (v) framing sections; and (vi) material selection and specifications. In addition, the documents shall include a landscape plan, exterior elevation of all sanitary and storm sewer connections and all other utility connections and materials to be used.
  - 2. The ACC reserves the right to inspect exterior building materials, including brick, wood, or other siding and roof material, and paint color charts; and
  - 3. Such other items as the ACC may reasonably require to assist in its review.

Construction documents and appropriate material specification and samples shall be submitted to the business offices of the Association, Attention: ACC.

The ACC will make its final decision based upon the final submission documents and materials. The ACC requires up to thirty (30) days after final submission for the review of plans and specifications. Owner must wait for a period not to exceed thirty (30) days for the ACC to disapprove or approve any changes. Any deviation from approved construction documents (without written approval of such deviations) constitutes a violation of the Deed Restrictions and is not permitted.

ARTICLE III  
HOMEOWNER'S ASSOCIATION

SECTION 1. ORGANIZATION. Declarant has or will cause the Association to be incorporated as a non-profit corporation under the laws of the State of Texas.

SECTION 2. OFFICERS AND BOARD OF DIRECTORS. The Association shall act through its duly elected officers and the Board of Directors whose duties and terms of office shall be set forth in the Articles of Incorporation and Bylaws of the Association.

SECTION 3. ASSOCIATION ARTICLES OF INCORPORATION AND BYLAWS. Every reasonable effort shall be made to construe the Articles of Incorporation, the Bylaws and this Declaration, as from time to time amended, supplemented and restated, consistently. However, if any irreconcilable conflict shall arise among the documents, to the extent permitted by law, the provisions of this Declaration shall control.

SECTION 4. MEMBERSHIP. Membership shall be appurtenant to and may not be separated from ownership of the land which is subject to assessment by the Association and shall automatically pass with the title to any subsequent Owner of the Lot. Provided however, that it shall be the duty of every Owner of a Lot to keep the Association informed of the name and street address of each party qualifying as an Owner and any change thereto and as may be specified in its Bylaws.

SECTION 5. COMMITTEES. The Association shall have the authority to establish, at any time and on such terms as the Board in its discretion may adopt, such committees as the Board may desire to carry out the purposes of this Declaration. Without in any way limited the generality of the foregoing, the Board is expressly authorized and empowered to establish one or more committees which may have up to the same right, power, and authority of the Association as permitted by the Articles of Incorporation and Bylaws of the Association.

SECTION 6. VOTING AND MEMBERSHIP LIMITATIONS. No member shall be entitled to vote at any meeting of the Association unless such Member's assessments and other charges, if any, are paid current and otherwise is deemed to be a "Member in good standing." There shall be one vote per lot owner. The owner of each Lot is entitled to one vote. If a Lot has more than one Owner, the aggregate vote of the Owners of the Lot may not exceed the one vote assigned to the Lot. For purposes of this Declaration, a "Member in good standing" shall include a Member who has, not less than seven days prior to the date established by the Association for the casting of votes, fully paid all sums due by it to the Association.

SECTION 7. TITLE TO COMMON AREAS, WATERWAYS, AND/OR RESERVES. The Declarant may retain title to the Common Areas, Waterways and/or Restricted Reserves in the Subdivision until such time as such improvements have been

completed and until such time as, in the sole judgment of Declarant, the Association is able to operate and maintain the same. Until title to such Common Areas, Waterways, and/or Reserves has been conveyed to the Association by Declarant, Declarant shall be entitled to exercise all rights and privileges relations to such areas granted to the Association in this Declaration.

SECTION 8. RESTRICTED RESERVES. The Declarant may retain ownership of Restricted Reserves, as recorded on the recorded Plat of the Subdivision. These Restricted Reserves may be leased, sold or deeded to the Association, or any other buyer or retained by Declarant, for such use or purpose as is permitted in this Declaration.

#### ARTICLE IV. COVENANT FOR MAINTENANCE ASSESSMENTS

SECTION I. CREATION OF THE LIEN AND PERSONAL OBLIGATION FOR ASSESSMENTS. The Declarant, for each Lot within the Subdivision, hereby gives, grants, and conveys, and each Owner of any Lot by acceptance of a Deed therefor, whether or not expressed in the Deed or other evidence of the conveyance, and however acquired by a subsequent Owner, shall be deemed to give, grant, and convey and agrees to pay the Association the following:

- (a) Annual assessments, and
- (b) Special assessments as hereinafter limited.

SECTION 2. PURPOSE OF ASSESSMENTS. The assessments levied by the Association shall be used exclusively for the purposes of promoting the health, safety, welfare and recreation of the Occupants of the Subdivision, their families, and guests, and any other purposes authorized or permitted by the Articles of the Association or this Declaration. Without in any way limiting the generality of the foregoing, assessments may be used for payment of: costs and expenses of the Association and/or the ACC; contract security; taxes and insurance premiums on property of the Association; for repairs, maintenance, lighting, maintenance of Waterways and all Common Areas and Reserves; paths, parks, parkways and esplanades in the Subdivision; collecting and disposing of garbage, rubbish and materials of a similar nature; payment of legal fees; police or security service; fogging and furnishing other general insecticide services; providing for the planting, mowing, and upkeep of trees, grass and shrubbery on esplanades; easement maintenance; acquiring and maintaining any amenities, including recreational facilities, that are or will be operated for the benefit of the Owners and Occupants, their families, and guests; and for the establishment of a maintenance reserve. Subject to the provisions of Sections 3 & 4 of this Article IV, the judgment of the Board in establishing annual assessments and special assessments and with respect to the accumulation and expenditure of said funds, shall be final and conclusive unless judgment is exercised in bad faith.

SECTION 3. BASIS AND MAXIMUM LEVEL OF ANNUAL ASSESSMENTS. Until January 1 of the year immediately following the conveyance of

the first Lot to an Owner other than Declarant or a Builder, the annual assessment shall be Three Hundred and Fifty dollars and No/100 (\$350.00) per Lot. Annual assessments for the year in which a lot is sold by the Declarant to an Owner, as well as the annual assessment due for the next succeeding calendar year of annual assessment, shall be due and payable in advance upon the sale of such Lot. Notwithstanding the foregoing, no annual or special maintenance fee assessment shall be due or payable on account of any Lot or Lots Owned by Declarant; this exemption applies only to the year, or partial year, or partial year, of sale from the Declarant to a Builder or contractor. All annual assessments shall be payable in advance on January 1 of each year. From and after January 1 of the year immediately following the conveyance of the first Lot to any Owner (other than a Builder or bona fide contractor), the maximum assessment may be increased each year above the maximum assessment for the previous year without a vote of the membership by 1.5 times the percentage change by which the Consumer Price Index for the immediately preceding calendar year exceeds such Index for the calendar year prior thereto or by twelve percent (12%), whichever is greater. As used herein, the "Consumer Price Index" shall mean the year end *Consumer Price Index for All-Urban Consumers*, published by the U.S. Department of Labor (or generally accepted replacement should such index no longer be published).

From and after January 1 of the year immediately following conveyance of the first Lot to an Owner (other than a Builder or bona fide contractor), the maximum annual assessment may be increased above the rates specified in this Section 3, by a three-fourths (3/4) vote of the Members entitled to vote in person or by proxy, and who are present and voting at a meeting of the Association duly called for this purpose. Such increase shall become effective on the date specified in the document evidencing such approval, and shall be filed for record in the Official Public Records of Real Property for Waller County, Texas. Assessments for any year in which a Lot is sold by Declarant shall be prorated to the date of closing and shall be due from Builder or contractor from that date forward; assessments for any year in which a Lot is sold by a Builder or contractor shall be prorated to date of closing and assessments shall be due from the Owner thereof from that date forward.

**SECTION 4. SPECIAL ASSESSMENTS.** In addition to the annual assessments authorized above, the Association may levy, in any year, a special assessment applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, or unexpected repair or replacement of a particular capital improvement located upon the Common Areas or Reserves, including the necessary fixtures and personal property related thereto, repair, upkeep, or maintenance of the Waterway (including compliance with the laws, rules, ordinances, regulations, or edicts of any governmental authority exercising jurisdiction of such), or for any other purpose consistent with the provisions of this Article IV, provided that any such special assessment shall have the approval of three-fourths (3/4) of all Members in the Association, who are present and voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent or delivered to all Members not less than ten (10) nor more than fifty (50) days in advance of the meeting, setting forth the purpose of such meeting; provided however a special assessment shall be imposed or

levied by the Board for purposes of assuring compliance with the laws, rules, ordinances, regulations, or edicts of any governmental authority, if ample and sufficient funds are not otherwise available to affect such compliance.

SECTION 5. RATES OF ASSESSMENT. Both annual and special assessments on all Lots shall be fixed at uniform rates (i.e., the same rate for each class of Lot); provided, however, that such assessments shall not commence with regard to any Lot until such Lot is conveyed to an Owner or Builder other than the Declarant, notwithstanding any provision contained in this Declaration to the contrary.

SECTION 6. EFFECT OF NONPAYMENT OF ASSESSMENTS; REMEDIES OF THE ASSOCIATION. Any assessments (annual or special) which are not paid when due shall be delinquent and bear interest at the highest non-usurious rate permitted by law, and if no such limitation is imposed, then at the rate of fifteen percent (15%) per annum from thirty (30) days after the due date until fully paid. If any assessment is not paid within thirty (30) days after the due date, the Association may: (i) pay the same and sue Owner for such amount, and/or (ii) foreclose the Vendor's Lien herein retained against such Lot. Interest, costs of court, and reasonable attorney's fees (when placed with an attorney for collection, whether with or without suit) incurred in any such action may be added to the amount of such assessment or charge. Each such Owner, by his or her acceptance of a Deed to a Lot, hereby expressly vests in the Association or its representative the right and power to institute and maintain an action against such Owner personally for the collection of such assessments and charges as a debt and to enforce the Vendor's Lien by any methods available for the enforcement of such liens at law and in equity, including, without limitation, foreclosure by non-judicial action as provided for in Section 51.002 of the Real Property Code of the State of Texas (or any successor provision thereto), and such Owner expressly grants to the Association, the power for sale and judicial foreclosure in connection with the Vendor's Lien. No Owner may waive or otherwise escape said Vendor's Lien and liability for the assessments provided for herein by non-use of the Commons Areas, Waterway, or Reserves, or abandonment, or divestiture of ownership of a Lot for any annual or special assessment which became due and payable during the time when such Owner owned the Lot.

SECTION 7. SURORDINATION of THE LIEN TO MORTGAGES. The lien or the assessments provided for herein shall be subordinate to the lien of any first mortgage existing at any time upon the particular Lot involved. Sale or transfer of any Lot shall not affect the assessment or lien; however, the sale or transfer of any Lot pursuant to mortgage foreclosure (whether by exercise of power of sale or otherwise), or any proceeding in lieu thereof, shall extinguish the lien or such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from any lien resulting therefrom, but such lien shall exist as, and constitute, a separate and distinct charge and lien on each Lot.

SECTION 8. EXEMPT PROPERTY. All properties (i) owned or controlled by the Declarant, (ii) dedicated to, and accepted by, a local public authority exempt from

taxation by the laws of the State of Texas, and/or (iii) all Waterways, Common Areas and Reserves shall be exempt from the assessments and charges created herein. Notwithstanding the foregoing, no Lot which has been sold to an Owner and is used as a residence shall be exempt from said assessments and charges and the Vendor's Lien herein securing payment thereof.

ARTICLE V.  
PROPERTY RIGHTS IN THE COMMON AREAS

SECTION 1. OWNER'S EASEMENT FOR ACCESS AND ENJOYMENT.

Every Member shall have a right and easement of enjoyment in and to the Waterway, Common Areas, and any publicly dedicated Reserves, if any, and such right and easement shall be appurtenant to and shall pass with the title to every Lot, subject to the following:

- (a) The right of the Declarant or Association to borrow money and to mortgage the Common Areas and Reserves from time to time and upon such terms and conditions as recommended by its Board, upon approval by a majority of votes cast by all Members at a meeting of Members called for that purpose;
- (b) The right of the Association to take such steps as are reasonably necessary to protect the Common Areas, Waterway, and Reserves against foreclosure of any mortgage or security interest;
- (c) The right of the Association to suspend the rights of any Member to use the Common Areas for any period during which any assessment or other amount owed by such Member to the Association remains delinquent;
- (d) The right of the Association to establish reasonable rules and regulations governing the Members' use of the Waterway and Common Areas; and
- (e) Upon approval by three-fourths (3/4) of the votes cast by all Members, the Association shall have the right to transfer, assign, or convey all or any part of the Waterway and/or Common Areas to any public authority for such purposes and subject to such conditions as may be approved by said three-fourths (3/4) of all Members at a meeting called for that purpose; provided, however, this provision shall not be construed to limit the right of the Declarant or the Association to grant or dedicate public or private utility easements in portions of the Common Areas and /or Waterway or transfer title to any storm sewer line, sanitary facility or other equipment situated on any part of the Common Areas and/or Waterway owned by the Association, to any public or political authority or agency, or to any utility company rendering or to render service to the Subdivision or any part thereof.

SECTION 2. USE OF RESTRICTED RESERVES AND WATERWAY. The Restricted Reserves within the Subdivision, if any, shall not be used by any person for any purpose, except each owner who is a member in good standing of the Association. No boating, swimming, skiing, wading, or other similar use of the Restricted Reserve(s) and/or Waterway shall be permitted. No motorized vehicles of any kind are permitted. Use of the Waterway shall be subject to such rules and regulations as may be

promulgated by the Board of Directors of the Association from time to time; the Waterway may be used for fishing.

SECTION 3. PARKING. No parking of vehicles is allowed in the Restricted Reserve, Waterway areas, or any Common Areas for a period in excess of 24 hours. Vehicles parked in violation of this section may be towed; in which event towing will be at the owner's sole expense and there shall be no liability to the Association whatsoever therefore.

SECTION 4. DELEGATION OF USE. Subject to all the terms, conditions, and covenants of this Declaration, each Member shall have the right to enjoy the Common Areas and Waterway, including the members of his/her residence, family, or tenants. Visitors shall be accompanied by a Member or Occupant while using the Common Areas.

SECTION 5. INDEMNIFICATION. Each user of Common Areas, including the Restricted Reserves, and Waterway, regardless of whether or not the use thereof by such person is permitted, agrees to indemnify and hold Declarants, the Association, the ACC, the Board of Directors of the Association, and all persons acting by, through, and under them, including but not limited to the Officers and committees of the Association, as well as all other Owners, harmless and free from any and all losses, costs, damages, claims, actions, causes of action, or liabilities whatsoever arising from such use, including but not limited to such use by an Owner, members of the Owner's family, guests, and invitees of such Owner, or the non-use, abuse or neglect of property, as well as damage to property or persons resulting therefrom. There are no lifeguards or other persons safeguarding property or persons using any of the Common Areas, Waterway, or Reserves, and it is the responsibility of each user of same to provide for their own safety and security as well as that of their families, guests, and/or invitees.

## ARTICLE VI. USE RESTRICTIONS

SECTION 1. RESIDENTIAL USE. Each and every Lot is hereby restricted to one (1) residential dwelling for single family residential use only, hereinafter referred to as "Residential Use". No business, professional, commercial or manufacturing use, nor any other use except said Residential Use, shall be made of any of said Lots, even though such business, professional, commercial, or manufacturing use may be subordinate or incident to use of the premises for Residential Use. No structure other than one single family residence and two permitted outbuildings shall be constructed, placed on or permitted to remain on a Lot in the Subdivision. As used herein, the term "Residential Use" shall be construed to prohibit the use of any Lot for duplex houses, garage apartments or apartment houses, or multiple occupancy structures for rental purposes. Further, each owner shall maintain at all times Owner's Lot, together with all

Improvements thereon, in a state of good order and repair so as to comport with the general plan and esthetics of the Subdivision.

SECTION 2. LIVESTOCK. One (1) Future Farmers of America (“FFA”) or 4H approved animal per acre may be kept on a Lot, provided however that no poultry or any kind, swine, or non-domestic animal (as determined to be such in the sole discretion of the ACC) shall be raised, bred, or kept on any Lot. One horse per acre owned may be kept on a Lot. All livestock including horses shall be stalled or penned so as to allow supplemental feeding. No overgrazing/grubbing of lot will be allowed. Consistent with its use as a residence, dogs, cats or other household pets may be kept on a Lot (which shall include in the aggregate not more than two (2) such adult animals). All animals shall be confined in such a manner so that no animal is allowed to roam freely within the subdivision. No animals kept on a Lot shall be kept, bred or maintained for any business purposes and shall be permitted only if such animals do not otherwise cause a nuisance. Household pets and FFA or 4H approved livestock permitted hereunder shall be subject to the rules and regulations adopted by the Association through its Board of Directors which may by declaration impose stricter standards than those contained in this Section 2 of Article VI.

SECTION 3. NUISANCES. No noxious or offensive condition, use, or activity including but not limited to, any trailer houses or trailer parks, junk or scrap metal yard, waste material business, any dumping, disposal, incineration or reduction of garbage or refuse, and any fire, bankruptcy or auction sale or garage sale operation shall be carried out upon any Lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to Occupants of the Subdivision. The ACC or the Board of Directors of the Association is hereby authorized to determine what constitutes a “nuisance” and impose stricter definitions of same.

SECTION 4. STORAGE AND REPAIR OF VEHICLES. No aircraft, boat, boat rigging, or other watercraft; tractor, trailer, motorhome, recreational vehicle, camping unit, or suchlike; truck larger than a three-quarter (3/4) ton pickup; bus; unused or inoperable automobile; towable or self-propelled machinery or equipment; or other offensive objects shall be parked or kept in the street in front of, on the side of, or otherwise on any Lot, unless such vehicle is stored within a garage or totally screened, but in any event, completely out of sight from the streets, Waterways, and all residences. No Owner of any Lot in the Subdivision or any visitor or guest of any Owner shall be permitted to perform work on automobiles, other vehicles, and watercraft in driveways or streets other than work of a temporary nature. As used in this Section 4, the term “temporary” shall mean that the vehicle or watercraft shall not remain in driveways or streets in excess of a total of forty-eight (48) hours per month. All parking other than “temporary” parking shall be within the building lines shown on the recorded Subdivision plat and screened from any streets, Waterfronts, and other residences. Exceptions are as follows:

- (a) Vehicles and watercraft allowed as hereinabove described; and

- (b) Parking incident to construction or repair of Improvements, including a house or houses in the immediate vicinity, or for the servicing or, or delivery of goods and merchandise to such house or houses.

SECTION 5. PERMITTED HOURS FOR CONSTRUCTION. Except in an emergency or when other unusual circumstances exist as determined by the ACC, outside construction work or noisy interior construction work shall be permitted only between the hours of 7:00 am and 9:00 pm local time.

SECTION 6. DISPOSAL OF TRASH. No trash, rubbish, garbage, manure, debris, noxious, hazardous, or offensive material of any kind including, but not limited to, grass cuttings and tree limbs, shall be kept or allowed to remain on any Lot, nor shall any Lot be used or maintained as a dumping ground for such materials, nor shall such materials be placed or dumped into the storm sewer system or Waterway. All such matter shall be placed in sanitary refuse containers constructed of metal, plastic or masonry materials with tight-fitting covers or lids and placed in an area adequately Screened, by planting or fencing, from the streets, other residences, the Common Areas, Waterway, and Reserves. Compost piles, for use as fertilizer, may be maintained provided they are kept in a sanitary manner and properly screened and located so that they are not visible from any street, the Waterway, or other residences within the Subdivision.
