Important information about Replacement Cost Coverage

This letter is intended to provide policyholders information to better understand their TWIA coverage.

You must be insured to 80% or more of the full replacement cost of your home at the time of loss to qualify for Replacement Cost Coverage. This is often referred to as the Insurance to Value (ITV) Ratio.

Why is Replacement Cost Coverage important? If you qualify for Replacement Cost Coverage, you qualify to receive payment for the full amount of repairs, less your deductible and subject to your policy limits. If you do not qualify for replacement cost coverage, your policy benefits may not cover the full cost of your repairs in the event of a loss.

As part of the application process, your agent prepared an estimate for the replacement cost of your home. Based on data provided to TWIA by your agent and from other independent sources, the estimated replacement cost of your home is \$181,150. This is the estimated amount that would be necessary to rebuild your home in the event of a total loss. This estimate should be used to determine the amount of insurance needed for your home.

The below table illustrates the effect that this amount has on your eligibility for Replacement Cost Coverage based on your current insurance amount.

Location Address	Insurance Amount	Estimated Replacement Cost <u>1</u>	ITV Ratio	Qualifies for Replacement Cost Coverage <u>2</u>
21610 Kennedy Drive, Galveston, TX, 77554	\$180,000	\$181,150	99%	Yes

If your ITV Ratio in the above table is less than 80% you may not meet the criteria to qualify for Replacement Cost Coverage in the event of a loss, including both full and partial losses.

It is important to provide your agent accurate information about your property, including information about updates, repairs, or additions. Any changes to the property could affect the full replacement cost of your home; this in turn would affect the amount of insurance you need in order to maintain replacement cost coverage and ensure that you have adequate coverage for potential losses.

It is always a good idea to review your coverage amounts with your agent regularly to be sure that you have the coverage amount you need.

For more information on Replacement Cost Coverage requirements, refer to your policy, visit our Insurance to Value information page at www.TWIA.org/ITV/, discuss with your agent, or call us at 800-788-8247.

1. The Replacement Cost value is an initial estimate based on information provided by your agent and obtained from other independent sources.

2. In the event of a loss, TWIA will recalculate the Replacement Cost during the claim process. There is a possibility that the new Replacement Cost could differ to an extent that the costs to repair damage to your home no longer qualify for Replacement Cost Coverage.

This notice is for information only and does not become a part or condition of the insurance policy.

TWIA Privacy Policy

Protecting your privacy is important to us. We want you to understand what information we collect and how we use it. This notice sets forth our policy for the collection, use, and security of your nonpublic personal financial information.

Information Collected

As a part of our business, we may collect "nonpublic personal financial information" about you in order to provide a financial product or service to you. This includes information we receive from you on applications or other forms, information about your transactions with us or others, and information we receive from a consumer reporting agency.

Information Disclosure

We may disclose the following kinds of nonpublic personal financial information about you:

- Information we receive from you on application or other forms such as your name, address or other information; and
- Information about your transactions with us such as your policy coverage, limits of liability and premiums.

Disclosure to Third Parties

We may disclose nonpublic personal information about you to the following types of third parties:

- Insurers that are eligible under TWIA's clearinghouse process and procedures and have agreed to abide by TWIA's policies regarding use of the disclosed information and researchers.

We may also disclose nonpublic personal financial information about you to nonaffiliated third parties as permitted by law.

Option to Limit Disclosure

If you prefer that we not disclose nonpublic personal financial information about you to nonaffiliated third parties, you may direct us not to make those disclosures (other than disclosures permitted by law). Your option to request we not disclose nonpublic personal financial information about you will apply to the windstorm insurance coverage you have obtained from us.

If you wish to limit disclosure, you must complete the enclosed form and return it to TWIA within 30 days of the date this notice was mailed. If you direct us not to disclose nonpublic personal financial information about you (other than as permitted by law), your election will apply to all named insureds on the policy.

If you do not wish to limit disclosure, no action on your part is required.

Our Security Procedures

We restrict access to nonpublic personal financial information about you to those persons who need to know that information, to provide products or services to you and disclose such information only for legitimate business or legal reasons. We maintain physical, electronic, and procedural safeguards that comply with federal regulations and applicable state law to protect your nonpublic personal financial information.

This notice has been provided to you pursuant to the Gramm-Leach-Bliley Act and the rules of the Texas Department of Insurance, which require a financial institution, such as an insurer, to notify customers of its privacy practices and procedures on an annual basis.

Clarifying Language Regarding Mold, Fungi, and Other Microorganisms

Please read the following:

All Texas Windstorm Insurance Association (TWIA) policies issued after March 1, 2003 have a clarification added to the exclusion section of the policy. Please read the exclusion below, titled Mold Fungi, or Other Microorganisms. If you have questions relating to this clarification, please call your agent or TWIA at 1-800-788-8247.

This endorsement modifies insurance provided under each policy form listed below:

TWIA Dwelling Policy
TWIA Commercial Policy
TWIA Texas Special Mobile Home Windstorm and Hail Insurance Policy

The following exclusion is added to each policy form as follows:

Exclusion 9. to the TWIA Dwelling Policy,
Exclusion 10. to the TWIA Commercial Policy,
After the second paragraph of SECTION III - SPECIFIC COVERAGE CONDITIONS to the TWIA Texas Special Mobile Home Windstorm and Hail Insurance Policy.

Mold, Fungi, or Other Microorganisms:

- a. Fungi or mold and other microorganisms when used in the policy or in this exclusion means the presence, growth, proliferation, spread or any activity of fungi or mold and other microorganisms.

This exclusion also applies to the cost:

- (1) To remove fungi or mold and other microorganisms from covered property covered under this Texas Windstorm Insurance Association policy.
 - (2) To tear out and replace any part of the building or other covered property as needed to gain access to the fungi or mold and other microorganisms; and
 - (3) Of testing of air or property to confirm the absence, presence or level of fungi or mold and other microorganisms;
- b. This exclusion applies unless the fungi or mold and other microorganisms are located upon the portion of covered property which must be repaired or replaced because of direct physical damage resulting from sudden and accidental wind or hail which would otherwise be covered under this policy. For purposes of this exclusion, sudden and accidental shall include a loss event that is hidden or concealed for a period of time until it is detectable. A hidden loss must be reported to us no later than 30 days after the date it was detected or should have been detected.
- c. However, the exception to the exclusion described in b. above does not include:
- (1) the cost to treat, contain, remove or dispose of the fungi or mold and other microorganisms beyond that which is required to repair or replace the covered property physically damaged by water;
 - (2) the cost of any testing of air or property to confirm the absence, presence or level of fungi, mold and other microorganisms whether performed prior to, during or after the removal, repair, restoration or replacement;
 - (3) the cost of any decontamination of the covered property covered under this Texas Windstorm Insurance Association policy;
 - (4) any increase in loss under this Texas Windstorm Insurance Association policy related to loss of use, debris removal, additional living expense, or diminution in value resulting from c. (1), (2), and (3).

Making Repairs in the Event of a Loss

In the event of a loss, first and foremost, continue to ensure the safety of you and your family. If there is any major structural damage, call authorities before entering the building. After you have filed a claim, make temporary repairs to protect your property.

Temporary Repairs

After a loss, make temporary repairs as quickly as possible to prevent further damage.

- Before tearing out, removing, or covering over damaged property or debris, take pictures or videotape if possible. Keep any damaged property until the adjuster sees it and approves of disposal.
- Board broken windows, cover openings with a tarp or plastic to prevent additional water damage, and stop interior leaks. Dry out water damaged and wet areas immediately.
- Keep invoices and receipts for your temporary repairs. If your loss is covered by the policy, reasonable costs for temporary repairs are covered.
- Do not make permanent repairs, such as roof replacement or asphalt patches, until the adjuster has made an inspection. The adjuster needs to be able to see the damage and determine if it is from windstorm or hail.

Permanent Repairs

Whether or not you ultimately have a covered claim, you may need to make permanent structural repairs to your property. To be eligible for insurance through TWIA, many structural repairs must be certified by a Texas Department of Insurance (TDI) appointed qualified inspector or by a Texas licensed professional engineer.

Certificates of Compliance (WPI-8 or WPI-8-C) are issued to certify compliance with the applicable windstorm building code for the area. Without a Certificate of Compliance, TWIA lacks evidence that the structure conforms to the applicable building code, and the structure may be considered ineligible for coverage with TWIA. The WPI-8 certification inspections are done before and during the repair process, if completed by a TDI inspector.

For more information about eligibility requirements, visit www.twia.org/windstorm-certification-requirements. The TDI website provides a list of repairs that do not require inspection and certification. For more information or to contact someone with the TDI Windstorm Inspections Program, you can call 800-248-6032 or go to the TDI website at www.tdi.state.tx.us.

How to File a Claim

Please keep this informational sheet in an easily-accessible place or in your emergency contacts file.

Write down your policy number here: _____

Ways to File a Claim

- Call TWIA's 24-hour Claims Center at 800-788-8247
- Visit www.twia.org/ClaimsCenter to report a new claim or check the status of an existing claim from your computer or any mobile device
- Contact your agent

Information You Will Need to File Your Claim

- Your TWIA policy number
- The best contact information to reach you
- Brief details of what was damaged and how it happened

After You File a Claim

- Make temporary repairs to protect your property (see "Making Repairs in the Event of a Loss"). Save receipts. Do not make any permanent repairs until you discuss your claim with a TWIA representative.
- TWIA will send you a letter acknowledging your claim and provide the name of the TWIA representative assigned to help with your claim.
- The TWIA representative will call you to discuss your claim and may schedule an adjuster or other expert to inspect your damaged property.
- In instances where an adjuster or expert inspects the damaged property, they will report their findings and recommendations to TWIA.
- The final decision on your claim will be made by TWIA. You will receive a detailed letter explaining TWIA's decision on your claim.
- If you are due a payment for your loss, a check will be issued and sent to you.

Information to Provide Your TWIA Representative

- **Inventory:** If coverage is provided on your personal or business personal property, provide an inventory of these damaged items. Include a description and age of each item, its original cost, and the estimated replacement cost.
- **Documentation:** Any documentation of the damage you claim. This includes reports, estimates, invoices, receipts, photos, and videos.
- **Other Claims:** Information on any other water damage, structural damage, or previous repairs, whether due to plumbing leaks, flood, air-conditioning system leaks, foundation settlement, or other sources.
- **Additional Information Requested by TWIA:** Within 30 days after the date your claim is reported, TWIA may send a written request for additional information necessary to resolve your claim. Please promptly provide TWIA with the requested information.

Texas Windstorm Insurance Association

Windstorm and Hail

Extensions of Coverage

In consideration of an included additional premium, this policy is extended to provide the following coverages.

A. Consequential Loss. Applicable to Primary or Secondary Residences - Dwellings

We cover:

1. property contained in the dwelling or other structure on the described location against loss due to change in temperature as a direct result of physical damage to the dwelling, or any equipment contained in the dwelling, caused by windstorm or hail. The deductible does not apply to this coverage.
2. property contained in the dwelling or other structure on the described location against loss due to change in temperature as a direct result of physical damage to any power, heating or cooling equipment (including connections and supply pipes) not contained in or on the dwelling, caused by windstorm or hail.

The total limit of liability for the coverage described in A. 2. above is \$500.

This is not additional insurance and does not increase the limit of liability for Coverage B (Personal Property).

B. Additional Living Expense. Applicable only to Primary Residences - Dwellings

If a covered loss to your Primary Residence caused by windstorm or hail makes your Primary Residence wholly or partially untenantable, we cover additional living expense, meaning any necessary and reasonable increase in living expense you incur so that your household in your Primary Residence can maintain its normal standard of living.

We do not cover expenses that you incur as a result of evacuation or displacement from your Primary Residence due to voluntary or mandatory evacuation, order of civil authority restricting ingress, egress or access, loss or disconnection of utilities, damage or closure of roads, ferries, bridges or infrastructure, or loss that is excluded in the Exclusions of this policy, except to the extent such expenses were incurred because covered damage to your Primary Residence caused by windstorm or hail made your Primary Residence wholly or partially untenantable.

The total limit of liability for all additional living expense is 20% of the limit of liability applicable to Coverage A (Dwelling). This is additional insurance and does not reduce the limit of liability applicable to Coverage A (Dwelling), but the total limit of liability for the Coverage A (Dwelling) limit and the additional living expense limit cannot exceed the maximum limit of liability permitted by law. The deductible does not apply to additional living expense coverage.

Payment will be for the reasonable time required to repair or replace the damage caused by windstorm or hail to your Primary Residence. If you permanently relocate, payment will be for the reasonable time required for your household to become settled. The periods of time for additional living expense are not limited by expiration of this policy.

C. Wind-Driven Rain Coverage. Applicable to Primary or Secondary Residences

We cover loss to the dwelling and personal property caused by wind-driven rain whether or not an opening is made in the dwelling by the direct force of wind or hail.

Primary Residence means a dwelling where you normally live as your principal residence as of the date of loss and during the majority of the policy period, and that is stipulated as your "Primary Dwelling" on the Residential Declarations Page of this policy.

The coverage provided by these Extensions of Coverage is subject to all other terms, conditions, exclusions, and definitions of the policy to which this endorsement is attached.

Texas Windstorm Insurance Association
Dwelling Windstorm and Hail Policy

Extension of Coverage - Increased Cost of Construction

Attached to and forming part of Policy No. TWIA-000849635-01 of the Texas Windstorm Insurance Association issued at its Austin, Texas agency.

Dated: July 25, 2018

John Polak, Agent

When this endorsement is attached to the policy, this endorsement determines coverage to the extent that it is in conflict with the policy and/or General Exclusion 8.

In consideration of an additional premium shown on the declarations page, this policy is modified to provide the following coverage:

1. Subject to the maximum limit of liability established by law as described below, if a covered building or other covered structure is damaged by windstorm or hail, we will pay for the increased costs that you incur due to the enforcement of any ordinance or law, which requires or regulates:
 - a. the construction, demolition or repair of that part of a covered building or other covered structure damaged by windstorm or hail;
 - b. the demolition and reconstruction of the undamaged part of a covered building or other covered structure, when that building or other structure must be totally demolished because of damage by windstorm or hail to another part of that covered building or other covered structure; or
 - c. the removal or replacement of the portion of the undamaged part of a covered building or other covered structure necessary to complete the repair or replacement of that part of the covered building or other covered structure damaged by windstorm or hail.

You may use all or part of this coverage to pay for the increased costs you incur to remove debris resulting from the construction, repair or replacement of property as stated in 1 above.

2. When a covered structure is damaged by windstorm or hail, we will also pay the increased cost of construction you incur due to the requirement to rebuild or repair the structure in accordance with the windstorm code applicable to the specific area in which the structure is located in order to maintain insurance through the Texas Windstorm Insurance Association.

This is additional insurance and does not reduce the limit of liability applicable to Coverage A (Building), but the total limit of liability for the coverage A (Building) limit and the limit for Increased Cost of Construction cannot exceed the maximum limit of liability permitted by law.

3. Building Ordinance or Law Coverage Limitations.

We will not pay for the increased cost of construction:

- a. if the building or structure is not rebuilt or repaired;
- b. if the rebuilt or repaired building or structure is not intended for similar occupancy as the current building or structure;
- c. to relocate the insured building or structure(s), either on the same premises or to another location, or to demolish and reconstruct a building or structure that requires relocation;
- d. until the building or structure is actually repaired or rebuilt at the same premises; or
- e. unless the rebuilding or repairs are made as soon as reasonably possible after the loss or damage, not to exceed two years after the loss.

4. We do not cover:

- a. the loss in value to any covered building or other structure due to the requirements of any ordinance or law; or
- b. fees charged by a qualified inspector for windstorm and hail insurance inspections pursuant to Chapter 2210, Subchapter F, of the Texas Insurance Code; or
- c. the costs to comply with any ordinance or law which requires any "insured" or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, assess the effects of, pollutants on any covered building or other structure.

Pollutants means any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals and waste, asbestos and asbestos-containing materials. Waste includes material to be recycled, reconditioned or reclaimed.

Prescribed by the Texas Department of Insurance
Form No. TWIA - 431 - Extension of Coverage - Increased Cost of Construction
Effective: May 5, 2015

The total limit of liability under this extension for each building item designated is shown by the following percentage as indicated:

ICC Limit:

Building Item Number(s):

10% of the Coverage A (Building) limit of liability

1

This coverage is additional insurance, however in no event will payment of a covered loss under this policy including this endorsement exceed the total maximum limit of liability established by law that can be insured by the Texas Windstorm Insurance Association.

All other Terms of the policy apply.

Effective: May 5, 2015**

Texas Windstorm Insurance Association
Windstorm and Hail

Automatic Adjusted Building Cost Endorsement

It is agreed that the limit of liability on the attached policy for **Coverage A, Dwelling** shall be revised annually by a percentage established by a building cost index, applied to your policy at renewal. The revised limit of liability will be rounded up to the next \$1000, subject to the maximum limit of liability permitted by law. You have the right to request modification of this change in the limit of liability.

If your limit of liability change at renewal differs from the revised limit resulting from application of this endorsement, your request will take effect at the inception of the renewal, provided that it is received prior to the beginning of the policy renewal date. Requests for a limit of liability change received after inception of the policy will be processed as an endorsement to the policy, and will not become effective prior to the date received by TWIA.

The limits of liability for Additional Living Expense and other, optional extensions of coverage that are based on the limit of liability for the Dwelling, if applicable, will also be adjusted subject to the maximum limit of liability permitted by law.

It is your responsibility to review your coverage regularly and make sure your dwelling limit of liability is adequate to repair or replace your insured property. This endorsement and any changes that result from it do not guarantee that you will have adequate coverage. Only you can determine the appropriate amount of coverage.

Except as specifically modified in this endorsement, all provisions of the policy to which this endorsement is attached also apply to this endorsement.

Prescribed by the Texas Department of Insurance
Form No. TWIA - 220 - Automatic Adjusted Building Cost Endorsement
Effective: March 1, 2012

Important Notice Regarding the Automatic Adjusted Building Cost Endorsement and your Dwelling Limit of Liability

This notice provides you with an explanation of endorsement, TWIA-220 Automatic Adjusted Building Cost Endorsement that is attached to your policy. The endorsement **automatically adjusts your dwelling limit of liability if your policy is renewed**. This notice **is not** part of your policy. To understand your rights and duties under the policy, please refer to and read the actual language in your policy, including all endorsements forming a part of your policy.

What changed: Upon renewal, the coverage amount (limit of liability) for your dwelling will be increased by a percentage that is established by a building cost index for your area. The adjusted limit of liability will be rounded up to the next \$1000. The dwelling limit is subject to the maximum limit of liability permitted by law.

The percentage increase in the dwelling limit of liability is established annually. It will be applied to the limit of liability for your dwelling at each renewal. The percentage increase is only an adjustment for inflation to the dwelling limit of liability on your expiring policy and does not ensure that your dwelling is adequately insured for the dwelling's full replacement cost. You should consult with your agent to determine the appropriate amount of coverage for your dwelling.

The automatically adjusted dwelling limit of liability is shown on the renewal application that is sent to your agent approximately 60 days before expiration of your policy.

Your right/duty: You have the right to request modification of the automatically adjusted dwelling limit of liability.

If you request modification of the adjusted dwelling limit of liability, your request will take effect on the date a renewal policy becomes effective if it is received by TWIA prior to the effective date of a renewal policy. Your agent must include a valid Marshall & Swift/Boeckh replacement cost calculation with your request to modify the adjusted dwelling limit of liability. Requests for a modification of the adjusted dwelling limit of liability that are received by TWIA on or after the effective date of a renewal policy will become effective the date the request is received by TWIA.

Other changes: The limits of liability for Additional Living Expense and other, optional extensions of coverage that are based on the limit of liability for the dwelling, if applicable, will also be adjusted, subject to the maximum limit of liability permitted by law.

Review your coverage: It is your responsibility to review your coverage regularly and make sure your dwelling limit of liability is adequate to repair or replace your insured property. This endorsement and any changes that result from it do not guarantee that you will have adequate coverage. Only you can determine the appropriate amount of coverage. Endorsement TWIA-220 does not automatically renew your policy.

You should contact your agent for assistance with renewal of the policy and determining the appropriate amount of coverage.
