

Interview with the Sellers

Thank you for touring our home. Here is some information that we felt might help you in your decision-making process.

1) Why did you decide to buy this home for yourself?

The unique character of The Heights is what drew us to the neighborhood but it was the charm of this original historic bungalow that sealed the deal for us. The wavy window glass and large front porch helped win us over. It was also just the right size for us as a young couple with plenty of space for entertaining but cozy enough to call it home.

2) What do you think are the best features of your home?

For us, the best features are the kitchen/family room area as well as the back deck. The kitchen and family room allowed us to entertain friends and family easily; we are fortunate to have many wonderful memories of holiday gatherings and birthday celebrations. The back deck expanded our entertaining to the outside and at night the white wall of the building next door doubles as a screen for movies or games. Most importantly for us, the back deck provided a much needed quiet and relaxing space after a long day, we love the calming sound of the fountains, especially when accompanied with the a glass of wine.

3) Tell me about your neighborhood.

The Heights offers everything you need. Restaurants, cute boutique shops, and the Heights Theater on 19th is a fantastic spot for concerts and shows. One thing we love about the location of our house is that it is within walking distance to all the entertainment of 19th and 20th Street, a bike's ride to 6th Street but yet it's far enough away to avoid the parking issues many other homeowners have to deal with in the area. Steel City Pops on 20th quickly became a family favorite outing when it opened.

4) What are your favorite places for recreation, shopping, and eating nearby?

Some of our favorite restaurants in the neighborhood are Jenni's Noodle House on 20th, Harold's on 19th Street, which has the best outside space for dining and for a fabulous greasy cheeseburger it's Someburger on 11th. The shops along 19th are our go to for unique gifts and we love The Big Blue Whale. C&D Hardware is great and not just for hardware staples but for cute décor, they have a lot of fun and unique items not to mention fabulous employees. We also love Buchanan's for outdoor gardening and the fall hay rides. Our favorite recreational spaces would have to be the Heights Blvd. trail, especially when new artwork is installed and Donovan Park.

5) Are there any items you want specifically excluded?
