

Welcome to 14118 Tealstone Falls Ct.

Our little family is so sad to be leaving this home. You can only imagine how many memories we have made here...especially in the backyard. We hope that the next family that moves in will live and laugh and continue to make happy memories. We also have the best street and neighbors one could ever ask for! We are only leaving because of a job transfer. We have recently made many renovations to the home including but not limited to the following:

New Roof – March 2018

Updated Kitchen- Granite, Refinished cabinets, Backsplash, light fixtures, oven in May 2019
\$7,000

All new toilets downstairs

Fresh Paint

Master Bath – vanities, bathtub skirt, framed mirrors, granite \$3,500

Updated outdoor kitchen – new tiled travertine counter top

Pool deck – freshly painted

Pool – new heater (\$2500), new vacuum
