## Owner Financing Guidelines

(The owner financing is intended to facilitate the transaction and provide a transitional solution for up to 60 months for the buyer).

- $20 \%$ or $\$ 49,000$ minimum down payment sought. Sellers will not consider amounts of less than that at this point in time.
- $\quad 30$ year (or shorter if desired) amortization term. Interest only payments will be considered for down payments exceeding $30 \%$.
- Initial note balloon due in no more than 5 years (meaning the buyer will have to refinance or pay it off within [the first] 60 months). Depending on market circumstances near the end of the initial term, seller may consider renewal.
- Payment to include tax \& insurance escrow, and, if desired, HOA escrow.
- 3-4 months reserves or access to reserves.
- Debt to income ratio sufficient to support the payment (borrower's cash-flow should be sufficient to ensure affordability). Looking for no more than .32 front end ratio.
- Interest rate to depend on financial profile, but, in general, will not exceed 9\% or be lower than 7\%
- Insurance to be carried naming note holder as beneficiary. Deductible of the insurance flexible depending on reserve amount. Low reserves $1 \%$ deductible, high reserves, higher deductible (=lower premium).
- No fees, points or any other lender expenses. No wraps or senior liens to the property either. Clean and straightforward.

While there can be a large number of financing permutations, here are some sample numbers to share with prospective buyers (on a $20 \%$ down, 30 Yr Amortization assumption):
