No nuisance shall be permitted to exist or operate upon any Lot. Without limiting the generality of any of the

foregoing provisions, no exterior speakers, horns, whistles, bells or other sound devices, except security devices used exclusively for security purposes, shall be located, used or placed on any Lot. For the purpose of this provision, a nuisance shall be any activity or condition on a Lot which is reasonably considered to be an annoyance to surrounding residents of ordinary sensibilities and/or which might be calculated to reduce the desirability of the Property. No exotic animal or breed of animal that is commonly recognized to be inherently aggressive or vicious toward other animals and/or humans is permitted in the Subdivision. No structure for the care, housing or confinement of any animal or bird shall be maintained on a Lot so as to be visible from any street in the Subdivision or a neighboring Lot without the written consent of the Architectural Review Committee. The Board shall have the authority to determine, in its sole and absolute discretion, whether, for the purposes of this paragraph, a particular animal or bird is a generally recognized house or yard pet, or is exotic or inherently aggressive and/or vicious, or a nuisance, or whether the number of animals or birds kept on any Lot is reasonable.

L. DISEASES AND INSECTS. No Owner shall permit any thing or condition to exist on a Lot which shall induce, breed or harbor infectious plant diseases or noxious insects.

M. RESTRICTION ON FURTHER SUBDIVISION. No Lot shall be further subdivided and no portion less than all of a Lot shall be conveyed by an Owner without the prior written approval of the Architectural Review Committee.

- (iv) Not more than two (2) political signs having a face area not larger than four (4) square feet each for a period of time commencing three (3) weeks before the corresponding election day and ending two (2) days after the election day, unless otherwise provided by law; and
- (v) Home security, open house, school organization and yard of the month signs as permitted by the Architectural Review Committee but then only in strict accordance with any Architectural Guidelines applicable to such signs.

O. **EXEMPTIONS.** Nothing contained in this Declaration shall be construed to prevent the erection or maintenance by Declarant, or its duly authorized agents, of structures or signs necessary or convenient to the development, advertisement, sale, operation or other disposition of property within the Subdivision. Moreover, any bank or other lender providing financing to Declarant in connection with the development of the Subdivision or Improvements thereon may erect signs on Lots owned by Declarant to identify such lender and the fact that it is supplying such financing.

SECTION 2.2. DECORATION, MAINTENANCE, ALTERATION AND REPAIRS.

A. Subject to the provisions of Article III, each Owner shall have the right to modify, alter, repair, decorate, redecorate or improve the Residential Dwelling and other Improvements on such Owner's Lot, provided that all such action is performed with a minimum inconvenience to other Owners and does not constitute a nuisance. Notwithstanding the foregoing, the Architectural Review Committee shall have the authority to require any Owner to remove or eliminate any object situated on such Owner's Residential Dwelling or Lot that is visible from any street in the Subdivision or any other Lot, if, in the Architectural Review Committee's sole judgment, such object detracts from the visual attractiveness of the Subdivision.

B. Each Owner shall maintain the Residential Dwelling and other Improvements on his Lot in good order and repair at all times. The Board of Directors, acting reasonably and in good faith, shall have the authority to determine whether the Residential Dwelling or any other Improvement on a Lot is being maintained in good order and in accordance with the standards of the Subdivision and its reasonable, good faith determination shall be final, conclusive and binding on all parties.

SECTION 2.3. TYPE OF CONSTRUCTION AND MATERIALS.

A. **TYPES OF STRUCTURES.** No building or structure shall be erected, altered, placed or permitted to remain on a Lot other than (i) one detached, single family dwelling not to exceed the height limitations set forth in Section 2.4, paragraph B, together with an attached or detached private garage for not less than two (2) nor more than four (4) vehicles and (ii) two (2) permitted accessory buildings, all of which are subject to approval by the Architectural Review Committee. A two (2) story garage with living area on the second level may be permitted with the prior written approval of the Architectural Review Committee.

B. **STORAGE.** Without the prior written consent of the Architectural Review Committee, no building materials of any kind or character shall be placed or stored upon any Lot more than thirty (30) days

before the construction of a Residential Dwelling or other Improvement is commenced. All materials permitted to be placed on a Lot shall be placed within the property lines of the Lot. After the commencement of construction of any Residential Dwelling or Improvement on a Lot, the work thereon shall be prosecuted diligently, to the end that the Residential Dwelling or Improvement shall not remain in a partly finished condition any longer than reasonably necessary for completion thereof. Upon the completion of the construction, any unused materials shall be removed immediately from the Lot.

C. TEMPORARY STRUCTURES. No structure of a temporary character, trailer (with or without wheels and whether or not attached to a foundation), mobile home (with or without wheels and whether or not attached to a foundation), modular or prefabricated home, tent, shack, barn or any other structure or building, other than the permanent Residential Dwelling, an attached or detached garage (with a second level living area, if approved by the Architectural Review Committee) and not more than two (2) permitted accessory buildings approved by the Architectural Review Committee, shall be placed on a Lot, either temporarily or permanently, and no residence house, garage or other structure shall be moved onto any Lot from another location. Notwithstanding the foregoing, Declarant reserves the exclusive right to erect, place and maintain, and to permit builders to erect, place and maintain, temporary buildings in and upon the Property as in its sole discretion may be necessary or convenient during the period of and in connection with the sale of Lots, construction and sale of Residential Dwellings and construction of other Improvements in the Subdivision.

D. CARPORTS/GARAGES. No carports shall be constructed on any Lot without the prior written consent of the Architectural Review Committee. A porte cochere is permitted on a Lot if included in the original Plans for the Residential Dwelling and approved by the Architectural Review Committee. Garages must be provided for all Residential Dwellings and in no case shall a carport act as or be substituted for a garage. No garage shall be constructed on a Lot unless it is approved by the Architectural Review Committee. No garage shall be constructed on an easement. All garages shall be enclosed by metal or wood garage doors with a paneled design in order to be harmonious in quality and color with the exterior of the appurtenant Residential Dwelling. Each garage on a Lot is required to be used for housing passenger vehicles used or kept by the persons who reside on the Lot. As provided in Section 2.1, paragraph D, a garage may also be used to store or house a mobile home trailer, recreational vehicle, utility trailer or boat so long as there are a sufficient number of other spaces in the garage to park all passenger vehicles used or kept by the residents of the Lot. No parking spaces in a garage may be used for the storage of personal property if the result is that one (1) or more passenger vehicles used or kept by the residents of the Lot must be parked in the driveway or in the street in front of the Lot.

All other antennas are prohibited. No antenna shall be erected or placed on a Lot without the prior written consent of the Architectural Review Committee.

G. FOUNDATIONS. Any Residential Dwelling with a pier and beam foundation shall have all mechanical, electrical, plumbing lines and fixtures located thereunder screened from view from any street in the Subdivision and any neighboring Lot. The Architectural Review Committee, in its sole discretion, shall have the authority to determine the adequacy of any screening device or technique.

H. EXTERIOR FINISH. The exterior of the front of the Residential Dwelling on a Lot (excluding dormers, window trim, door trim and similar areas specified by the Architectural Review

Committee) must be comprised of one hundred percent (100%) brick or masonry material and the exterior of each side and the rear of the Residential Dwelling on a Lot (excluding dormers, window trim, door trim and similar areas specified by the Architectural Review Committee) must be comprised of not less than fifty percent (50%) brick or masonry material, unless otherwise approved in writing by the Architectural Review Committee. For purposes of this provision, stucco and Hardiplank shall be considered a masonry material. All brick, stonework and mortar must be approved by the Architectural Review Committee as to type, size, color and application. No concrete, concrete block or cinder block shall be used as an exposed building surface. Any concrete, concrete block or cinder block utilized in the construction of a Residential Dwelling or for retaining walls and foundations shall be finished in the same materials utilized for the remainder of the Residential Dwelling. K. ROOFING: The Architectural Review Committee shall have the right to establish specific requirements for the pitch of any roof and the type of roofing materials which may be utilized for a Residential Dwelling. No solar or other energy collection panel, equipment or device shall be installed or maintained on a Lot or Residential Dwelling, including, without limitation, the roof of a Residential Dwelling, if visible from any street in the Subdivision. No plumbing or heating vents, stacks and other projections of any nature shall be placed on the roof on the front of a Residential Dwelling. To the fullest extent possible, vents, stacks and other projections from the roof of a Residential Dwelling shall be located on the rear roof of the Residential Dwelling and shall be painted the same color as the roofing material.

L. CHIMNEYS. The exterior of all chimneys shall be constructed of either brick, stone, stucco or synthetic plaster (e.g., dryvit) or other material approved in writing by the Architectural Review Committee. If a fireplace utilizes a metal spark arrestor or other metal venting apparatus at the top of the chimney, then a painted metal cowl or surround shall be installed atop the chimney. All metal or other materials placed on top of or around a chimney shall be painted to blend with the color of the roofing material used for the Residential Dwelling.

M. WINDOW TREATMENTS AND DOORS. Reflective glass shall not be permitted on the exterior of a Residential Dwelling, garage or permitted accessory building. All exterior heating, ventilating and air-conditioning compressor units and equipment shall be located at the rear of the Residential Dwelling or at the side of the Lot unless otherwise approved in writing by the Architectural Review Committee. As a condition of approval, the Architectural Review Committee may require utility meters and exterior heating, ventilating and air-conditioning compressor units and equipment to be screened from view in a manner approved by the Architectural Review Committee.

O. PLAYHOUSES/BARBECUE GRILLS. Free-standing playhouses and treehouses are permitted only with the prior written approval of the Architectural Review Committee. The Architectural Review Committee may adopt Architectural Guidelines restricting the maximum height of play structures.

A play structure on a Lot must be located within the rear yard behind a fence and within the applicable side and rear setbacks; provided that, the Architectural Review Committee may condition the approval of a play structure on the requirement that it be placed farther away from a side or rear property line than the applicable setback to minimize any inconvenience to the occupants of a neighboring Lot. A free-standing play structure is deemed to be an accessory building for the purpose of determining the number of permitted accessory buildings on a Lot. Barbecue grills or other types of outdoor cooking equipment shall be located only at the rear of the Residential Dwelling; all barbecue grills and other types of outdoor cooking equipment must be maintained and kept in a reasonably neat and attractive condition. The Architectural Review Committee is hereby vested with the authority to determine whether a barbecue grill or other type of outdoor cooking equipment on a Lot is being maintained in a reasonably neat and attractive condition and its determination shall be final.

P. LANDSCAPING.

(1) The landscaping plan for each Lot shall be submitted to the Architectural Review Committee for approval pursuant to the provisions of Article III.

(2) All front and side yards of each Lot shall, unless otherwise approved in writing by the Architectural Review Committee, be sodded with grass; provided that, under no circumstances shall the predominant area of the front or side yard of a Lot be covered with stone, rock, or gravel.

(3) All landscaping for a Lot shall be completed in accordance with the landscaping plan approved in writing by the Architectural Review Committee no later than thirty (30) days following the issuance of a certificate of occupancy for the Residential Dwelling situated thereon.

(4) No hedge or shrubbery planting which obstructs sight-lines of streets and roadways shall be placed or permitted to remain on a Lot. The determination of whether any such obstruction exists shall be made by the Architectural Review Committee and its determination shall be final, conclusive and binding on all parties.

(5) No rocks, rock walls or other substances shall be placed on a Lot as a front or side yard border or to prevent vehicles from parking on or pedestrians from walking on any portion of a Lot or to otherwise impede or limit access to the same. No bird baths, foundations, reflectors, flag poles, statues, lawn sculptures, artificial plants, rock gardens, rock walls, free-standing bird houses or other fixtures and accessories shall be placed or installed within the front or side yard of a Lot if visible from any street in the Subdivision without the prior written approval of the Architectural Review Committee.

(6) No vegetable, herb or similar garden or plants shall be planted or maintained in the front or side yards of a Lot if visible from any street in the Subdivision.

(7) The Architectural Review Committee may from time to time promulgate Rules and Regulations adopting an approved list of plant life which may be utilized on a Lot, which Rules and Regulations may prescribe that a minimum dollar amount be established and utilized as the landscaping budget for each Lot.

(8) No Owner shall allow the grass on his Lot to grow to a height in excess of six (6) inches, measured from the surface of the ground.

(9) Seasonal or holiday decorations (e.g., Christmas trees and lights, pumpkins, Easter decorations) shall be promptly removed from each Residential Dwelling and Lot as soon as such holiday passes.

Q. SWIMMING POOLS AND OTHER AMENITIES. Swimming pools, outdoor hot tubs, reflecting ponds, saunas, whirlpools, lap pools, tennis courts, playhouses, and other amenity structures may be constructed, installed, and maintained on a Lot only with the prior written approval of the Architectural Review Committee. The Architectural Review Committee shall have the right to adopt Architectural

Guidelines governing the construction of swimming pool, other outdoor water feature or amenity and tennis court on a Lot.

R. DRIVEWAYS AND SIDEWALKS. Each driveway and sidewalk on a Lot shall be constructed of concrete. Other materials (e.g., brick) may be used but only if approved in writing by the Architectural Review Committee. All driveways and sidewalks shall be paved; chert, gravel and loose stone driveways and sidewalks are prohibited. No driveway or sidewalk shall be painted or stained without the prior written approval of the Architectural Review Committee.

S. LOT MAINTENANCE. The Owner or occupant of a Lot shall at all times keep the weeds and grass thereon cut in a sanitary, healthful and attractive manner. In no event shall an Owner or occupant of a Lot use the Lot for the storage of materials and equipment (except for normal residential requirements or incident to construction of Improvements thereon as herein permitted) or permit the accumulation of garbage, trash or rubbish of any kind thereon. An Owner or occupant of a Lot shall not burn anything on the Lot. The Owner or occupant of a Lot at the intersection of streets, where the rear yard or portion of the Lot is visible to full public view, shall screen the following from public view: yard equipment, wood piles and storage piles that are incident to the normal residential requirements of a typical family. The Board of Directors shall have the exclusive authority to determine whether an Owner is maintaining his Lot in a reasonable manner and in accordance with the standards for the Subdivision and the Board of Directors' determination shall be final and binding on all parties. In the event the Owner or occupant of a Lot fails to maintain the Lot in a reasonable manner as required by this Declaration and such failure continues after ten (10) days written notice from the Association, the Association may, at its option, without liability to the Owner or occupant in trespass or otherwise, enter upon said Lot and cause the Lot to be mowed, edged and cleaned, cause the landscaping beds to be weeded and cleaned, cause shrubs and trees to be trimmed or pruned, cause dead or diseased shrubs or trees to be removed, and to do every other thing necessary to secure compliance with this Declaration, and may charge the Owner or occupant of such Lot for the cost of such work. The Owner or occupant, as the case may be, agrees by the purchase or occupancy of such Lot to pay such charge, plus fifty percent (50%) of such costs for overhead and supervision, immediately upon receipt of the corresponding statement. Payment of such charges shall be secured by the lien created in Article V of this Declaration and collected in the manner provided in such Article. Interest thereon at the rate of eighteen percent (18%) per annum or the maximum, non-usurious rate, whichever is less, shall begin to accrue on such sum on the thirtieth (30th) day after a written invoice is delivered to the Owner.

T. EXTERIOR COLORS. The color(s) of paint and color impregnation proposed to be used on the exterior of a Residential Dwelling or other Improvement on a Lot must be approved in writing by the Architectural Review Committee prior to application. The Owner of a Lot is required to submit to the Architectural Review Committee a request for approval of the proposed paint color(s), together with paint samples. The Architectural Review Committee shall have the authority to disapprove a proposed paint color if the color is not compatible with colors traditionally used on the exteriors of Residential Dwellings and other Improvements in the Subdivision, or if two (2) or more colors proposed to be used on a Residential Dwelling or other Improvement on a Lot are not compatible with each other. Iridescent colors or tones considered to be brilliant are not permissible. For the purpose of this paragraph, "brilliant" is construed to mean a color that is not in the general texture of both the overall community and natural setting of the Subdivision. The purpose of this covenant is to maintain harmony of the exterior paint colors of the buildings throughout the Subdivision with earth tones and forest tones.

U. FLAGPOLES. One (1) in-ground flagpole is permitted on a Lot with the prior written approval of the Architectural Review Committee. An in-ground flagpole must be located in the rear yard of a Lot within the applicable side and rear building setbacks; provided that, the Architectural Review Committee may condition the approval of a flagpole on the requirement that it be placed farther away from a side or rear property line than the applicable setback to minimize any inconvenience to the Owner or

occupant of a neighboring Lot. No in-ground flagpole may exceed fifteen (15) feet in height. An in-ground flagpole may be illuminated but the type of illumination must be approved in writing by the Architectural Review Committee prior to installation. A flagpole may not be illuminated after ten o'clock p.m. Only one (1) flag may be displayed on a flagpole at any given time. In-ground flagpoles are intended to display the American flag and the flag of the State of Texas. No other type of flag may be displayed without the prior written approval of the Architectural Review Committee.

V. BASKETBALL GOALS. A pole-mounted or wall or roof mounted basketball goal shall not be installed on a Lot without the prior written approval of the Architectural Review Committee. Upon reviewing an application for a pole-mounted or wall or roof mounted basketball goal, the Architectural Review Committee is expressly authorized to consider, in addition to all other factors, the location of the proposed basketball goal in relation to the Residential Dwelling on any adjacent Lot and the potential impact on the Owner or occupant of any adjacent Lot with regard to noise. All basketball goals, whether pole-mounted, roof or wall mounted, or portable, must comply with the provisions of any recorded Architectural Guidelines. A portable basketball goal may not be located nearer to the front property line than the front wall of the Residential Dwelling, whether or not in use.

W. DISPOSAL OF HAZARDOUS SUBSTANCES. No gasoline, motor oil, paint, paint thinner, pesticide or other product considered to be a contaminant or a hazardous substance under applicable federal or state laws and/or regulations shall be disposed of on any Lot nor shall any such material be deposited into a storm sewer manhole or drain, sanitary sewer manhole, drainage channel, roadside ditches, culverts, lake or detention pond within the Subdivision; rather all such materials shall be handled and disposed of in compliance with all applicable laws and regulations and the recommendations of the manufacturer of the applicable product or a governmental entity with jurisdiction.

SECTION 2.4. SIZE AND LOCATION OF RESIDENCES.

A. MINIMUM ALLOWABLE AREA OF INTERIOR LIVING SPACE. The minimum allowable area of interior living space in a Residential Dwelling shall be One Thousand Two Hundred (1,200) square feet. For purposes of this Declaration, the term "interior living space" excludes steps, porches, exterior balconies and garages.

B. MAXIMUM ALLOWABLE HEIGHT OF BUILDING. No Residential Dwelling shall exceed a reasonable height required for two (2) stories of living space (above finished grade) plus a pitched roof. No Residential Dwelling shall have more than two (2) stories of living space above finished grade, except in a case where a third (3rd) story of living space is contained within the volume defined by the roof plans of the Residential Dwelling. Notwithstanding the foregoing, no Residential Dwelling shall exceed a height of forty-five (45) feet above finished grade.

C. LOCATION OF IMPROVEMENTS - SETBACKS. No Residential Dwelling, garage or Improvement on any Lot other than fencing and/or landscaping approved by the Architectural Review Committee shall be located nearer to the front property line than the front building line shown on the Plat. No Residential Dwelling, garage or Improvement other than approved fencing and/or landscaping on any Lot shall be located nearer to the rear property line than the rear building line shown on the Plat. No Residential Dwelling, garage or Improvement other than approved fencing and/or landscaping on any Lot shall be located nearer to a side property line than five (5) feet, except a corner Lot in which case no Residential Dwelling, garage or Improvement other than approved fencing and/or landscaping shall be located nearer to the side property line adjacent to the side street than twenty (20) feet. Notwithstanding the foregoing, the Architectural Review Committee may grant variances from these setbacks, in the manner provided in Article III, Section 3.12, when, in its sole discretion, a variance is deemed necessary or appropriate.

SECTION 2.5. WALLS AND FENCES.

A. **FENCES.** No fence or wall on a Lot shall be constructed of chain link or wire, in whole or in part. No fence shall be located nearer to the street in front of a Lot than the front wall of the Residential Dwelling. No fence or wall on a Lot shall be located nearer to the side street adjacent to a corner Lot than the side wall of the Residential Dwelling. No fence or wall shall exceed six (6) feet in height. No hedge that serves as a fence or wall shall be allowed to grow more than six (6) feet in height. The types of materials utilized for (including the color thereof), and the location of, all fences and walls must be approved in writing by the Architectural Review Committee prior to construction.

B. **MAINTENANCE OF FENCES.** Ownership of any wall or fence erected on a Lot shall pass with title to such Lot and it shall be the Lot Owner's responsibility to maintain such wall or fence. If a fence or wall is located on the property line separating two (2) Lots, the Owners of the two (2) Lots shall have equal responsibility to maintain, repair and/or replace the fence or wall. In the event the Owner of a Lot fails to maintain a wall or fence that is the Owner's responsibility and such failure continues after thirty (30) days' written notice thereof from the Association, Declarant, its successors or assigns, or the Association, may, at their option, without liability to the Owner in trespass or otherwise, enter upon said Lot and cause the fence or wall to be repaired or maintained or to do any other thing necessary to secure compliance with the provisions of this Declaration, and to place said wall or fence in a satisfactory condition, and may charge the Owner of such Lot for the cost of such work. The Owner agrees by the purchase of such Lot to pay such charge immediately upon receipt of the corresponding statement. Payment of such charges shall be secured by the lien created in Article V of this Declaration and collected in the manner provided in such Article. Interest thereon at the rate of eighteen percent (18%) per annum or the maximum, non-usurious rate, whichever is less, shall begin to accrue on such sum on the thirtieth (30th) day after a written invoice is delivered to the Owner.

C. **FENCES ERECTED BY DECLARANT.** Declarant shall have the right, but not the obligation, to construct fences or walls within or around the Subdivision which are deemed by the Declarant to enhance the appearance of the Subdivision. An Owner shall be responsible for any damage to a fence or wall constructed by or at the direction of the Declarant which is caused by such Owner or his family members, or the negligent, but not the intentional, acts of his guests, agents or invitees.

SECTION 2.6. RESERVATIONS AND EASEMENTS.

A. **UTILITY EASEMENTS.** Declarant reserves the utility easements, roads and rights-of-way shown on the Plat for the construction, addition, maintenance and operation of all necessary utility systems including systems of electric light and power supply, telephone service, cable television service, gas supply, water supply and sewer service, including systems for utilization of services resulting from advances in science and technology. There is hereby created an easement upon, across, over and under all of the Subdivision for ingress and egress for the purpose of installing, replacing, repairing and maintaining all utilities. By virtue of this easement, it shall be expressly permissible for the Utility Companies and other entities supplying services to install and maintain pipes, wires, conduits, service lines, or other utility facilities or appurtenances thereto, under the land within the utility easements now or from time to time existing and from service lines situated within such easements to the point of service on or in any structure. Notwithstanding anything contained in this Section 2.6.A., no utilities or appurtenances thereto may be installed or relocated on the Subdivision until approved by Declarant or the Board.

B. ADDITIONAL EASEMENTS. Declarant reserves the right to impose further restrictions and dedicate additional easements and roadway rights of way by instrument recorded in the Official Public Records of Real Property of Harris County, Texas or by express provisions in conveyances with respect to Lots that have not been sold by Declarant.

C. DEDICATION OF STREETS. Subject to the foregoing, Declarant hereby dedicates to the use of the public all streets and easements shown on the Plat.

D. CHANGES TO EASEMENTS. Declarant reserves the right to make changes in and additions to all easements for the purpose of aiding in the most efficient and economic installation of utility systems.

E. MINERAL RIGHTS. It is expressly agreed and understood that the title conveyed by Declarant to any Lot or parcel of land in the Subdivision by contract, deed or other conveyance shall not in any event be held or construed to include the title to any oil, gas, coal, lignite, uranium, iron ore, or any other minerals, water (surface or underground), gas, sewer, storm sewer, electric light, electric power, telegraph or telephone lines, poles or conduits or any utility or appurtenances thereto constructed by or under authority of Declarant or its agents or Utility Companies through, along or upon said easements or any part thereof to serve said Lot or parcel of land or any other portions of the Subdivision. Declarant hereby expressly reserves the right to maintain, repair, sell or lease such lines, utilities, drainage facilities and appurtenances to any public service corporation or other governmental agency or to any other party. Notwithstanding the fact that the title conveyed by Declarant to any Lot or parcel of land in the Subdivision by contract, deed, or other conveyances shall not be held or construed to include the title to oil, gas, coal, lignite, uranium, iron ore or any other minerals, Declarant shall have no surface access to the Property for mineral purposes.

F. DRAINAGE. Except as shown on the drainage plan for the Subdivision, if any, no Owner of a Lot shall be permitted to construct Improvements on such Lot or to grade such Lot or permit such Lot to remain in or be placed in such condition that causes rain water falling on such Lot to drain onto any other Lot. Declarant may, but shall not be required to, install drainage inlets or underground drains within the utility easement on one or more Lots. If so, no Owner shall in any manner obstruct or interfere with such drainage system. If drains are not installed by Declarant, an underground drainage system may be required on each Lot by the Architectural Review Committee to assure proper drainage on the Lot.

G. ELECTRIC DISTRIBUTION SYSTEM. An electric distribution system will be installed in the Subdivision, which service area embraces all of the Lots which are platted in the Subdivision. This electrical distribution system shall consist of overhead primary feeder circuits constructed on wood or steel poles, single or three phase, as well as underground primary and secondary circuits, pad mounted or other types of transformers, junction boxes, and such other appurtenances as shall be necessary to make underground service available. In the event that there are constructed within the underground residential subdivision structures containing multiple dwelling units such as townhouses, duplexes or apartments, then the underground service area embraces all of the dwelling units involved. The Owner of each Lot containing a single dwelling unit, shall, at his or its own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of electric company's metering at the structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. Declarant has either by designation on the Plat of the Subdivision or by separate instrument granted necessary easements to the electric company providing for the installation, maintenance and operation of its electric distribution system and has also granted to the various Owners reciprocal easements providing for access to the area occupied by and centered on the

service wires of the various Owner's to permit installation, repair and maintenance of each Owner's owned, and installed service wires. In addition, the Owner of each Lot containing a single dwelling unit, shall, at his or its own cost, furnish, install, own and maintain a meter loop (in accordance with the then current Standards and Specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for each dwelling unit involved. For so long as service is maintained, the electric service to each dwelling unit therein shall be uniform in character and exclusively of the type known as single phase, 120/240 volt, three wire, 60 cycle, alternating current.

The electric company has installed the electric distribution system at no cost to Declarant (except for certain conduits, where applicable, and except as hereinafter provided) upon Declarant's representation that the Subdivision is being developed for residential dwelling units, consisting solely of homes, all of which are designed to be permanently located where originally constructed which are built for sale or rent.

The provisions of the two preceding paragraphs also apply to any future residential development in Fairfield Village South.

ARTICLE III

Architectural Approval

SECTION 3.1. ARCHITECTURAL REVIEW COMMITTEE. As used in this Declaration, the term "Architectural Review Committee" shall mean a committee of three (3) members, all of whom shall be appointed by Declarant, except as otherwise set forth herein. Declarant shall have the continuing right to appoint all three (3) members until the earlier of (a) the date the last Lot owned by Declarant is sold (except in connection with a conveyance to another party that is a successor as Declarant), or (b) such date as the Declarant elects to discontinue such right of appointment by written notice to the Board. Thereafter, the Board shall have the right to appoint all members. Members of the Architectural Review Committee may, but need not be, Members of the Association. Members of the Architectural Review Committee appointed by Declarant may be removed at any time and shall serve until resignation or removal by Declarant. Members of the Architectural Review Committee appointed by the Board may be removed at any time by the Board, and shall serve for such term as may be designated by the Board or until resignation or removal by the Board. The Architectural Review Committee shall have the right to designate a Committee Representative by recordation of a notice of appointment in the Official Public Records of Real Property of Harris County, Texas, which notice must contain the name, address, and telephone number of the Committee Representative. All third parties shall be entitled conclusively to rely upon such person's actions as the actions of the Architectural Review Committee itself until such time as the Architectural Review Committee shall record a notice of revocation of such appointment in the Official Public Records of Real Property of Harris County, Texas.

SECTION 3.2. APPROVAL OF IMPROVEMENTS REQUIRED. In order to preserve the architectural and aesthetic appearance and the natural setting and beauty of the development, to establish and preserve a harmonious design for the development and to protect and promote the value of the Lots and Residential Dwellings and all Improvements thereon, no Improvement of any nature shall be commenced, erected, installed, placed, moved onto, altered, replaced, relocated, permitted to remain on or maintained on any Lot or Residential Dwelling by any Owner, other than Declarant, which affects the exterior appearance of a Lot or Residential Dwelling on a Lot unless plans and specifications therefor have been submitted to and approved in writing by the Architectural Review Committee in accordance with the terms and provisions of this Article. Without limiting the foregoing, the construction and installation of any Residential Dwelling, sidewalk, driveway, mailbox, deck, patio, landscaping, swimming pool, tennis court, greenhouse, playhouse, awning, wall, fence, exterior lighting, garage, guest or servant's quarters, or any outbuilding, shall not be undertaken, nor shall any exterior addition to or change or alteration be made (including, without limitation, painting or staining of any exterior surface) to any Residential Dwelling or

Improvement, unless the plans and specifications for the same have been submitted to and approved in writing by the Architectural Review Committee in accordance with the terms and provisions of this Article.

The Architectural Review Committee is hereby authorized and empowered to approve all plans and specifications and the construction of a Residential Dwelling and all other Improvements on a Lot and the builder of such Improvements. Prior to the commencement of construction of any Residential Dwelling or other Improvement on a Lot, the Owner thereof shall submit to the Architectural Review Committee plans and specifications and related data for all such Improvements, which shall include the following:

- (i) A check in the amount of the then applicable Submission Fee, if any, made payable to "Fairfield Village South Neighborhood Association, Inc."
- (ii) Two (2) copies of an accurately drawn and dimensioned site development plan indicating the location of any and all Improvements, including, specifically, the Residential Dwelling to be constructed on said Lot, the location of all driveways, walkways, decks, terraces, patios and outbuildings and the relationship of the same to any set-backs applicable to the Lot.
- (iii) Two (2) copies of a foundation plan, floor plans and exterior elevation drawing of the front, back, and sides of the Residential Dwelling to be constructed on the Lot.
- (iv) Two (2) copies of written specifications and, if requested by the Architectural Review Committee, samples indicating the nature, color, type, shape, height and location of all exterior materials to be used in the construction of the Residential Dwelling on such Lot or any other Improvement, including, without limitation, the type and color of all brick, stone, stucco, roofing and other materials to be utilized on the exterior of a Residential Dwelling, garage or other Improvement and the color of paint or stain to be used on all doors, shutters, trim work, eaves and cornices on the exterior of the Residential Dwelling, garage, or other Improvement.
- (v) Two (2) copies of the lighting plan, including specifications, for any exterior lighting to be utilized with respect to such Lot or Residential Dwelling.
- (vi) Two (2) copies of the landscaping and irrigation plans prior to the installation of any landscaping or irrigation.
- (vii) A written statement of the estimated date of commencement, if the proposed Improvement is approved, and the estimated date of completion.
- (viii) Such other plans, specifications or other information or documentation as may be required by the Architectural Guidelines.

The Architectural Review Committee shall, in its sole discretion, determine whether the plans and specifications and other data submitted by any Owner for approval are acceptable. One copy of all plans, specifications and related data so submitted to the Architectural Review Committee shall be retained in the records of the Architectural Review Committee and the other copy shall be returned to the Owner submitting the same marked "approved", "approved as noted" or "disapproved". The Architectural Review Committee shall establish and change from time to time, if deemed appropriate, a fee sufficient to cover the expense of reviewing plans and related data and to compensate any consulting architects, landscape architects, designers, engineers, inspectors and/or attorneys retained in order to approve such plans and specifications and to monitor and otherwise enforce the terms hereof ("the Submission Fee").

The Architectural Review Committee shall have the right to disapprove any plans and specifications upon any ground which is consistent with the objectives and purposes of this Declaration, including: purely aesthetic considerations; any failure to comply with any of the provisions of this Declaration or the Architectural Guidelines; failure to provide requested information; objection to exterior design, appearance

or materials; objection on the ground of incompatibility of any such proposed Improvement with the scheme of development for the Subdivision; objection to the location of any proposed Improvements on any such Lot or Residential Dwelling; objection to the landscaping plan for such Lot; objection to the color scheme, finish, proportions, style of architecture, height, bulk or appropriateness of any Improvement; or any other matter which, in the sole judgment of the Architectural Review Committee, would render the proposed Improvement inharmonious with the general plan of development for the Subdivision. The Architectural Review Committee shall have the right to approve any submitted plans and specifications with conditions or stipulations by which the Owner shall be obligated to comply and must be incorporated into the plans and specifications for such Improvement or Residential Dwelling. Approval of plans and specifications by the Architectural Review Committee for Improvements to one particular Lot shall not be deemed an approval or otherwise obligate the Architectural Review Committee to approve similar plans and specifications or any of the features or elements for the Improvements for any other Lot within the Subdivision.

Any revision, modification or change in any plans and specifications previously approved by the Architectural Review Committee must be approved by the Architectural Review Committee in the same manner specified above.

If construction of the Residential Dwelling or other Improvements has not substantially commenced (e.g., by clearing and grading, pouring of footing and otherwise commencing framing and other related construction work) within ninety (90) days of approval by the Architectural Review Committee of the plans and specifications for such Residential Dwelling or other Improvement, then no construction may be commenced (or continued) on such Lot and the Owner of such Lot shall be required to resubmit all plans and specifications for the Residential Dwelling or other Improvement to the Architectural Review Committee for approval in the same manner specified above.

SECTION 3.3. ADDRESS OF COMMITTEE. The address of the Architectural Review Committee shall be at the principal office of the Association.

SECTION 3.4. ARCHITECTURAL GUIDELINES. The Architectural Review Committee from time to time may promulgate, supplement or amend the Architectural Guidelines, which shall provide an outline of minimum acceptable standards for proposed Improvements; provided, however, that such outline will serve as a minimum guideline only and the Architectural Review Committee may impose other requirements in connection with its review of any proposed Improvement. If the Architectural Guidelines impose requirements that are more stringent than the provisions of this Declaration, the provisions of the Architectural Guidelines shall control.

SECTION 3.5. FAILURE OF COMMITTEE TO ACT ON PLANS. Any request for approval of a proposed Improvement on a Lot shall be deemed to be approved by the Architectural Review Committee unless disapproval or a written request for additional information is transmitted to the applicant by the Architectural Review Committee within forty-five (45) days after the date of actual receipt by the Architectural Review Committee of the request at its office. If the Architectural Review Committee requests additional information or materials from an applicant in writing within the specified forty-five (45) day period, the applicant's request shall be deemed to be disapproved, whether so stated in the written communication or not, and a new forty-five (45) day period for review shall not commence until the date of actual receipt by the Architectural Review Committee of the requested information or materials. No approval shall operate to permit any Owner to construct or maintain any Improvement on a Lot that violates any provision of this Declaration or the recorded Architectural Guidelines, the Architectural Review Committee at all times retaining the right to object to any Improvement on a Lot that violates any provision of this Declaration or the recorded Architectural Guidelines. After the date that the Board of Directors obtains the authority to appoint the members of the Architectural Review Committee, an applicant shall have the right to appeal an adverse decision of the Architectural Review Committee to the Board of Directors. The Board of Directors shall have the authority to adopt procedures for appeals of decisions of

the Architectural Review Committee. In the event of an appeal, the decision of the Board of Directors shall be final, conclusive and binding on all parties.

SECTION 3.6. PROSECUTION OF WORK AFTER APPROVAL. After approval of any proposed Improvement on a Lot, the proposed Improvement shall be prosecuted diligently and continuously and shall be completed within the time frame approved by the Architectural Review Committee and in strict conformity with the description of the proposed Improvement in the application submitted to the Architectural Review Committee. The Owner of the Lot shall keep the job site and all surrounding areas clean during the progress of construction. All construction trash, debris and rubbish on the Lot shall be properly disposed of at least weekly. In no event shall any used construction material be buried on or beneath any Lot or Residential Dwelling. No Owner shall allow dirt, mud, gravel or other substances to collect or remain on any street. All construction vehicles must be parked on the Lot or in areas designated by the Architectural Review Committee. Construction on a Lot is permitted only between the hours of 7:00 o'clock a.m. and 9:00 o'clock p.m., Monday through Saturday. No Improvement on a Lot shall be deemed completed until the exterior fascia and trim on the structure has been applied and finished and all construction materials and debris have been cleaned up and removed from the site and all rooms in the Residential Dwelling, other than attics, have been finished. Removal of materials and debris shall not take in excess of thirty (30) days following completion of the exterior of the Improvement.

SECTION 3.7. NOTICE OF COMPLETION. Promptly upon completion of the Improvement on a Lot, the applicant shall deliver a notice of completion ("Notice of Completion") to the Architectural Review Committee and, for all purposes hereof, the date of receipt of such Notice of Completion by the Architectural Review Committee shall be deemed to be the date of completion of such Improvement, provided that the Improvement is, in fact, completed as of the date of receipt of the Notice of Completion.

SECTION 3.8. INSPECTION OF WORK. The Architectural Review Committee or its duly authorized representative shall have the right to inspect any Improvement on a Lot before or after completion, provided that the right of inspection shall terminate sixty (60) days after the Architectural Review Committee receives a Notice of Completion from the Owner.

SECTION 3.9. NOTICE OF NONCOMPLIANCE. If, as a result of inspections or otherwise, the Architectural Review Committee finds that any Improvement on a Lot has been constructed or undertaken without obtaining the approval of the Architectural Review Committee, or has been completed other than in strict conformity with the application provided by the applicant to and approved by the Architectural Review Committee, or has not been completed within the required time period after the date of approval by the Architectural Review Committee, the Architectural Review Committee shall notify the applicant in writing of the noncompliance ("Notice of Noncompliance"), which notice shall be given, in any event, within sixty (60) days after the Architectural Review Committee receives a Notice of Completion from the Owner. The Notice of Noncompliance shall specify the particulars of the noncompliance and shall require the Owner to take such action as may be necessary to remedy the noncompliance. If the Owner does not comply with the Notice of Noncompliance within the period specified by the Architectural Review Committee, the Association may, acting through the Board, at its option but with no obligation to do so, (a) record a Notice of Noncompliance against the Lot on which the noncompliance exists in the Official Public Records of Real Property of Harris County, Texas; (b) remove the noncomplying Improvement on the Lot; and/or (c) otherwise remedy the noncompliance (including, if applicable, completion of the Improvement in question), and, if the Board elects to take any action with respect to such violation, the Owner shall reimburse the Association upon demand for all expenses incurred. The permissive (but not mandatory) right of the Association to remedy or remove any noncompliance (it being understood that no Owner may require the Board to take such action) shall be in addition to all other rights and remedies that the Association may have at law, in equity, under this Declaration, or otherwise. Any expenses incurred by the Association as a result of the Owner's noncompliance shall be charged to the Owner's assessment account and collected in the same manner as provided in Article V.

SECTION 3.10. FAILURE OF COMMITTEE TO ACT AFTER NOTICE OF COMPLETION. If, for any reason other than the Owner's act or neglect, the Architectural Review Committee fails to notify the Owner of any noncompliance within sixty (60) days after receipt by the Architectural Review Committee of a written Notice of Completion from the Owner, the Improvement on a Lot shall be deemed in compliance if the Improvement on a Lot in fact was completed as of the date of Notice of Completion; provided, however, that no such deemed approval shall operate to permit any Owner to construct or maintain any Improvement on a Lot that violates any provision of this Declaration or the Architectural Guidelines, the Architectural Review Committee at all times retaining the right to object to any Improvement on a Lot that violates this Declaration or the Architectural Guidelines.

SECTION 3.11. NO IMPLIED WAIVER OR ESTOPPEL. No action or failure to act by the Architectural Review Committee or by the Board of Directors, shall constitute a waiver or estoppel with respect to future action by the Architectural Review Committee or the Board of Directors. Specifically, the approval by the Architectural Review Committee of any Improvement on a Lot shall not be deemed a waiver of any right or an estoppel against withholding approval or consent for any similar Improvement on another Lot or any similar proposals, plans, specifications, or other materials submitted with respect to any other Improvement on a Lot by such person.

SECTION 3.12. POWER TO GRANT VARIANCES. The Architectural Review Committee may authorize variances from compliance with any of the provisions of Article II of this Declaration (except for the provisions relating to single family residential construction and use), including restrictions upon placement of structures, the time for completion of construction of Improvements on a Lot, or similar restrictions, when circumstances such as topography, natural obstructions, hardship, aesthetic, environmental, or other relevant considerations may require. Such variances must be evidenced in writing and shall become effective when signed by at least a majority of the members of the Architectural Review Committee. Notwithstanding anything contained in this Declaration to the contrary, the Committee Representative, acting alone, shall not have the power to grant a variance. If any such variance is granted, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance was granted; provided, however, that the granting of a variance shall not operate to waive any of the provisions of this Declaration for any purpose except as to the particular Lot and particular provision hereof covered by the variance, nor shall the granting of any variance affect the jurisdiction of the Architectural Review Committee other than with respect to the subject matter of the variance, nor shall the granting of a variance affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the property concerned.

SECTION 3.13. COMPENSATION OF ARCHITECTURAL REVIEW COMMITTEE MEMBERS. The members of the Architectural Review Committee shall be entitled to reimbursement for reasonable expenses incurred by them in the performance of their duties hereunder as the Board from time to time may authorize or approve.

SECTION 3.14. ESTOPPEL CERTIFICATES. The Board of Directors, upon the reasonable request of any interested party and after confirming any necessary facts with the Architectural Review Committee, shall furnish a certificate with respect to the approval or disapproval of any Improvement on a Lot or with respect to whether any Improvement on a Lot was constructed in compliance with the provisions of this Declaration. Any person, without actual notice of any falsity or inaccuracy of such a certificate, shall be entitled to rely on such certificate with respect to all matters set forth therein.

SECTION 3.15. NONLIABILITY FOR ARCHITECTURAL REVIEW COMMITTEE ACTION. None of the members of the Architectural Review Committee, any Committee Representative, the Association, any member of the Board of Directors, or Declarant shall be liable for any loss, damage, or injury arising out of or in any way connected with the performance of the duties of the Architectural Review Committee, except to the extent caused by the willful misconduct or bad faith of the party to be held liable.

In reviewing any matter, the Committee shall not inspect, guarantee or warrant the workmanship of the Improvement, including its structural design, construction, safety, conformance with building codes, or other governmental laws or regulations or whether the Improvement is suitable or fit for its intended purpose. Neither Declarant, the Association, the Board, the Architectural Review Committee, or their officers, agents, members, or employees shall be liable for any incidental or consequential damages for failure to inspect any Lot or Improvements thereon.

SECTION 3.16. CONSTRUCTION PERIOD EXCEPTION. During the course of actual construction of any permitted Improvement on a Lot, and provided construction is proceeding with due diligence, the Architectural Review Committee may temporarily suspend the provisions of Article II contained in this Declaration as to the Lot upon which the construction is taking place to the extent necessary to permit such construction; provided, however, that during the course of any such construction, nothing shall be done that will result in a violation of any of the provisions of this Declaration upon completion of construction or that will constitute a nuisance or unreasonable interference with the use and enjoyment of other Lots within the Subdivision.

SECTION 3.17. SUBSURFACE CONDITIONS. The approval of plans and specifications by the Architectural Review Committee for any Residential Dwelling or other Improvement on a Lot shall not be construed in any respect as a representation or warranty by the Architectural Review Committee or Declarant to the Owner submitting such plans or to any of the successors or assigns of such Owner that the surface or subsurface conditions of such Lot are suitable for the construction of the Improvements contemplated by such plans and specifications. It shall be the sole responsibility of each Owner to determine the suitability and adequacy of the surface and subsurface conditions of any Lot for the construction of any contemplated Improvements thereon.

SECTION 3.18. LANDSCAPING. No landscaping, grading, excavation or fill work of any nature should be implemented or installed by any Owner on a Lot unless and until landscaping plans therefor have been submitted to and approved by the Architectural Review Committee in accordance with the provisions of this Article III.

ARTICLE IV

Management and Operation of Subdivision

SECTION 4.1. MANAGEMENT BY ASSOCIATION. The affairs of the Subdivision shall be administered by the Association. The Association shall have the right, power and obligation to provide for the management, administration, and operation of the Subdivision as herein provided for and as provided for in the Bylaws and in the Rules and Regulations. The business and affairs of the Association shall be managed by its Board of Directors. The Declarant shall determine the number of Directors and appoint, dismiss and reappoint all of the members of the Board until the First Meeting of the Members of the Association is held in accordance with the provisions of Section 4.4 and a Board of Directors is elected. The Appointed Board may engage the Declarant or any entity, whether or not affiliated with Declarant, to perform the day to day functions of the Association and to provide for the administration and operation of the Subdivision. The Association, acting through the Board, shall be entitled to enter into such contracts and agreements concerning the Subdivision as the Board deems reasonably necessary or appropriate to operate the Subdivision in accordance with the provisions of this Declaration, including without limitation, the right to enter into agreements with adjoining or nearby land owners or governmental entities on matters of maintenance, trash pick-up, repair, administration, traffic, operation of recreational facilities, or other matters of mutual interest.

SECTION 4.2. MEMBERSHIP IN ASSOCIATION. Each Owner, whether one or more persons or entities, of a Lot shall, upon and by virtue of becoming such Owner, automatically become and shall remain a Member of the Association until his ownership ceases for any reason, at which time his

membership in the Association shall automatically cease. Membership in the Association shall be appurtenant to and shall automatically follow the ownership of each Lot and may not be separated from such ownership.

SECTION 4.3. VOTING OF MEMBERS. Each Member, other than the Declarant, shall have one vote per Lot owned. The Declarant shall have ten (10) votes for each Lot owned. In the event that ownership interests in a Lot are owned by more than one Member of the Association, such Members shall exercise their right to vote in such manner as they may among themselves determine, but in no event shall more than one vote be cast for each Lot not owned by the Declarant. Such Owners shall appoint one of them as the Member who shall be entitled to exercise the vote of that Lot at any meeting of the Association. Such designation shall be in writing to the Board and shall be revocable at any time by actual written notice to the Board. The Board shall be entitled to rely on any such designation until written notice revoking such designation is received by the Board. In the event that a Lot is owned by more than one Member of the Association and no single Member is designated to vote on behalf of the Members having an ownership interest in such Lot, the first single Member exercising the vote for such Lot shall be deemed to have been designated as the Member entitled to exercise the vote for that Lot. All Members of the Association may attend meetings of the Association and each Member in Good Standing may exercise his/her vote at such meetings either in person or by proxy. Any person who occupies a Residential Dwelling on a Lot but is not an Owner may attend meetings of the Association and serve on committees (other than the Architectural Review Committee) and, if authorized by the Bylaws, serve on the Board of Directors of the Association. A member of the Association who is not a Member in Good Standing shall not be entitled to vote at any meeting of the Members until his/her status as a Member in Good Standing has been restored. Cumulative voting shall not be permitted.

SECTION 4.4. MEETINGS OF THE MEMBERS. The first meeting of the Members of the Association ("First Meeting") shall be held when called by the Appointed Board upon no less than ten (10) and no more than fifty (50) days' prior written notice to the Members. Such written notice may be given at any time but must be given not later than thirty (30) days after all of the Lots subject to the provisions of this Declaration have been sold by the Declarant as evidenced by a deed recorded in the Official Public Records of Real Property of Harris County, Texas, for each Lot. The First Elected Board shall be elected at the First Meeting of the Members of the Association. Thereafter, annual and special meetings of the Members of the Association shall be held at such place and time and on such dates as shall be specified or provided in the Bylaws. Prior to the First Meeting of the Members, periodic meetings of the Members may be called by the Board of Directors to report on the affairs of the Association.

SECTION 4.5. PROFESSIONAL MANAGEMENT. The Board shall have the authority to retain, hire, employ or contract with such professional management companies or personnel as the Board deems appropriate to perform the day to day functions of the Association and to provide for the administration and operation of the Subdivision as provided for herein and as provided for in the Bylaws.

SECTION 4.6. BOARD ACTIONS IN GOOD FAITH. Any action, inaction or omission by the Board made or taken in good faith shall not subject the Board or any individual member of the Board to any liability to the Association, its Members or any other party.

SECTION 4.7. IMPLIED RIGHTS; BOARD AUTHORITY. The Association may exercise any right or privilege given to it expressly by the provisions of this Declaration or its Articles of Incorporation or Bylaws, or reasonably implied from or reasonably necessary to effectuate any such right or privilege. All rights and powers of the Association may be exercised by the Board of Directors without a vote of the membership except where any provision in this Declaration, the Articles of Incorporation, the Bylaws or applicable law specifically requires a vote of the membership.

The Board may institute, defend, settle or intervene on behalf of the Association in litigation, administrative proceedings, binding or non-binding arbitration or mediation in matters pertaining to (a)

Common Areas or other areas in which the Association has or assumes responsibility pursuant to the provisions of this Declaration; (b) enforcement of this Declaration or any Rules and Regulations or Architectural Guidelines or (c) any other civil claim or action. However, no provision in this Declaration or the Articles of Incorporation or Bylaws shall be construed to create any independent legal duty to institute litigation on behalf of or in the name of the Association.

SECTION 4.8. STANDARD OF CONDUCT. The Board of Directors, the officers of the Association, and the Association shall have the duty to represent the interests of the Owners in a fair and just manner. Any act or thing done by any Director, officer or committee member taken in furtherance of the purposes of the Association, and accomplished in conformity with the Declaration, Articles of Incorporation, Bylaws and the laws of the State of Texas, shall be reviewed under the standard of the Business Judgment Rule as established by the common law of Texas, and such act or thing shall not be a breach of duty on the part of the Director, officer or committee member if taken or done within the exercise of their discretion and judgment. The Business Judgment Rule means that a court shall not substitute its judgment for that of the Director, officer or committee member. A court shall not re-examine the decisions made by a Director, officer or committee member by determining the reasonableness of the decision as long as the decision is made in good faith and in what the Director, officer, or committee member believed to be in the best interest of the Association.

ARTICLE V

Maintenance Expense Charge and Maintenance Fund

SECTION 5.1. MAINTENANCE FUND. All Annual Maintenance Charges collected by the Association and all interest, penalties, assessments and other sums and revenues collected by the Association constitute the Maintenance Fund. The Maintenance Fund shall be held, managed, invested and expended by the Board, at its discretion, for the benefit of the Subdivision and the Owners of Lots. The Board shall, by way of illustration and not by way of limitation, expend the Maintenance Fund for the administration, management, and operation of the Subdivision; for the maintenance, repair and improvement of the Common Areas; for the maintenance of any easements granted to the Association; for the enforcement of the provisions of this Declaration by action at law or in equity, or otherwise, and the payment of court costs as well as reasonable and necessary legal fees; and for all other purposes that are, in the discretion of the Board, desirable in order to preserve the appearance and desirability of the Subdivision and the Lots. The Board and its individual members shall not be liable to any person as a result of actions taken by the Board with respect to the Maintenance Fund, except for willful neglect or intentional wrongdoings.

SECTION 5.2. COVENANT FOR ANNUAL MAINTENANCE CHARGES. Subject to Article V, Section 5.7, below, each and every Lot in the Subdivision is hereby severally subjected to and impressed with an Annual Maintenance Charge or assessment in an amount to be determined annually by the Board, which Annual Maintenance Charge shall run with the land. Each Owner of a Lot, by accepting a deed to any such Lot, whether or not it shall be so expressed in such deed, is hereby conclusively deemed to covenant and agree, as a covenant running with the land, to pay to the Association, its successors or assigns, each and all of the Annual Maintenance Charges and assessments against his Lot and/or assessed against him by virtue of his ownership thereof, as the same shall become due and payable, without demand. The Annual Maintenance Charges and assessments herein provided for shall be a charge and a continuing lien upon each Lot, together with all Improvements thereon, as hereinafter more particularly stated. Each Annual Maintenance Charge or assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of the Lot at the time the obligation to pay such Annual Maintenance Charge or assessment accrued, but no Member shall be personally liable for the

payment of any Annual Maintenance Charge or assessment made or becoming due and payable after his ownership ceases. No Member shall be exempt or excused from paying any such Annual Maintenance Charge or assessment by waiver of the use or enjoyment of the Common Areas, or any part thereof, or by abandonment of his Lot or his interest therein.

SECTION 5.3. BASIS AND MAXIMUM ANNUAL ASSESSMENT. Until January 1 of the year immediately following the conveyance of the first Lot from Declarant to an Owner, the maximum Annual Maintenance Charge or assessment shall be \$380.00 per Lot. From and after January 1 of the year immediately following the conveyance of the first Lot from Declarant to an Owner, the maximum Annual Maintenance Charge or assessment may be automatically increased, effective January 1 of each year, by an amount equal to a fifteen percent (15%) increase over the prior year's Annual Maintenance Charge without a vote of the Members of the Association. From and after January 1 of the year immediately following the conveyance of the first Lot by Declarant to an Owner, the maximum Annual Maintenance Charge or assessment may be increased above fifteen percent (15%) only if approved in writing by Members in Good Standing holding at least a majority of the total eligible votes in the Association or by the vote of not less than two-thirds (2/3) of the Members in Good Standing present and voting, in person or by proxy, at a meeting of the Members called for that purpose at which a quorum is present. After consideration of current maintenance costs and future needs of the Association, the Board of Directors may fix the Annual Maintenance Charge or assessment at an amount not in excess of the maximum amount established pursuant to this section. The Annual Maintenance Charge or assessment levied against each Lot shall be uniform.

SECTION 5.4. DATE OF COMMENCEMENT AND DETERMINATION OF ANNUAL MAINTENANCE CHARGE. The initial maximum Annual Maintenance Charge or assessment provided for herein shall be established as to all Lots on the first day of the month following the conveyance of the first Lot by Declarant. However, the Annual Maintenance Charge or assessment shall commence as to each Lot on the date of the conveyance of the Lot by the Declarant and shall be prorated according to the number of days remaining in the calendar year. On or before the 30th day of November in each year, the Board of Directors of the Association shall fix the amount of the Annual Maintenance Charge or assessment to be levied against each Lot in the next calendar year. Written notice of the figure at which the Board of Directors of the Association has set the Annual Maintenance Charge or assessment shall be sent to every Owner. Provided that, the failure to fix the amount of an Annual Maintenance Charge or Assessment or to send written notice thereof to all Owners shall not affect the authority of the Association to levy Annual Maintenance Charges or assessments or increase Annual Maintenance Charges or assessments as provided in this Declaration.

SECTION 5.5. SPECIAL ASSESSMENTS. If the Board at any time, or from time to time, determines that the Annual Maintenance Charges assessed for any period are insufficient to provide for the continued operation of the Subdivision or any other purposes contemplated by this Declaration, then the Board shall have the authority to levy a special assessment ("Special Assessment") as it shall deem necessary to provide for the continued operation of the Subdivision. No Special Assessment shall be effective until the same is approved in writing by Members in Good Standing holding at least a majority of the total eligible votes in the Association, or by the vote of not less than two-thirds (2/3) of the Members in Good Standing present and voting, in person or by proxy, at meeting of the Members called for that purpose at which a quorum is present. A Special Assessment shall be payable in the manner determined by the Board and the payment thereof may be enforced and collected in the manner herein specified for the payment of the Annual Maintenance Charges.

SECTION 5.6. ENFORCEMENT OF ANNUAL MAINTENANCE CHARGE/SUBORDINATION OF LIEN. The Annual Maintenance Charge assessed against each Lot shall be due and payable, in advance, on the date of the sale of such Lot by Declarant for that portion of the calendar year remaining, and on the first (1st) day of each January thereafter. Any Annual Maintenance Charge which is not paid and received by the Association within thirty (30) days of the due date (in the case

of the initial sale of a Lot by Declarant) or by the thirty-first (31st) day of each January thereafter shall be deemed to be delinquent, and, without notice, shall bear interest at the rate of ten percent (10%) per annum from the date originally due until paid. Further, the Board of Directors of the Association shall have the authority to impose a monthly late charge on any delinquent Annual Maintenance Charge. The monthly late charge, if imposed, shall be in addition to interest. To secure the payment of the Annual Maintenance Charge, Special Assessments levied hereunder, and any other sums due hereunder (including, without limitation, interest, late fees, attorney's fees or delinquency charges), there is hereby created and fixed a separate and valid and subsisting lien upon and against each Lot and all Improvements thereon for the benefit of the Association, and superior title to each Lot is hereby reserved in and to the Association. The lien described in this Section 5.6 and the superior title herein reserved shall be deemed subordinate to any Mortgage for the purchase of any Lot and any renewal, extension, rearrangements or refinancing thereof. The collection of such Annual Maintenance Charge and other sums due hereunder may, in addition to any other applicable method at law or in equity, be enforced by suit for a money judgment and in the event of such suit, the expense incurred in collecting such delinquent amounts, including interest, costs and attorney's fees, shall be chargeable to and be a personal obligation of the defaulting Owner. Notice of the lien referred to in this Section may, but shall not be required to, be given by recording an affidavit in the Official Public Records of Real Property of Harris County, Texas which affidavit shall be executed by an authorized representative of the Association and shall set forth the amount owed, the name of the Owner or Owners of the affected Lot, according to the books and records of the Association, and the legal description of such Lot. Each Owner, by acceptance of a deed to his Lot, hereby expressly recognizes the existence of such lien as being prior to his ownership of such Lot and hereby vests in the Association the right and power to bring all actions against such Owner or Owners personally for the collection of such unpaid Annual Maintenance Charges and other sums due hereunder as a debt, and to enforce the aforesaid lien by all methods available for the enforcement of such liens, including both judicial and non-judicial foreclosure pursuant to Chapter 51 of the Texas Property Code (as same may be amended or revised from time to time hereafter). In addition, by acceptance of the deed to his Lot, each Owner expressly grants, bargains, sells and conveys to the President of the Association from time to time serving, as trustee (and to any substitute or successor trustee as hereinafter provided for) such Owner's Lot, and all rights appurtenant thereto, in trust, for the purpose of securing the aforesaid Annual Maintenance Charges, and other sums due from time to time and grants to such trustee a power of sale. The trustee herein designated may be changed any time and from time to time by execution of an instrument in writing signed by the President or Vice President of the Association and filed in the Official Public Records of Real Property of Harris County, Texas. In the event of the election by the Board to foreclose the lien herein provided for nonpayment of sums secured by such lien, then it shall be the duty of the trustee, or his successor, as hereinabove provided, to enforce the lien and to sell such Lot, and all rights appurtenant thereto, in accordance with the provisions of Chapter 51 of the Texas Property Code as same may hereafter be amended. At any foreclosure, judicial or non-judicial, the Association shall be entitled to bid up to the amount of the sum secured by its lien, together with costs and attorney's fees, and to apply as a cash credit against its bid all sums due to the Association covered by the lien foreclosed. From and after any such foreclosure, the occupants of such Lot shall be required to pay a reasonable rent for the use of such Lot and such occupancy shall constitute a tenancy-at-sufferance, and the purchaser at such foreclosure sale shall be entitled to the appointment of a receiver to collect such rents and, further, shall be entitled to sue for recovery of possession of such Lot by forcible detainer, as provided by law.

SECTION 5.7. PAYMENT OF ANNUAL MAINTENANCE CHARGE BY DECLARANT. Improved Lots owned by Declarant are not exempt from assessment by the Association. Unimproved Lots which are owned by Declarant shall be assessed at the rate of one-half (1/2) of the Annual Maintenance Charge. As used herein, the term "improved Lot" means a Lot on which a Residential Dwelling has been constructed and is ready for occupancy.

SECTION 5.8. NOTICE OF SUMS OWING. Upon the written request of an Owner, the Association shall provide to such Owner a written statement setting out the then current total of all Annual Maintenance Charges, Special Assessments, and other sums, if any, owing by such Owner with respect to his Lot. In addition to such Owner, the written statement from the Association so advising the Owner may also be addressed to and be for the benefit of a prospective lender or purchaser of the Lot, as same may be identified by the Owner to the Association in the written request for such information. The Association shall be entitled to charge the Owner a reasonable fee for such statement.

SECTION 5.9. FORECLOSURE OF MORTGAGE. In the event of a foreclosure of a superior Mortgage on a Lot, the purchaser at the foreclosure sale shall not be responsible for Annual Maintenance Charges, Special Assessments, or other sums, if any, which accrued and were payable to the Association by the prior Owner of the Lot, but said purchaser and its successors shall be responsible for Annual Maintenance Charges, Special Assessments, and other sums, if any, becoming due and owing to the Association with respect to said Lot after the date of foreclosure.

SECTION 5.10. TRANSFER FEES/RESALE CERTIFICATES. The Board of Directors of the Association shall establish and change from time to time, if deemed appropriate, a fee sufficient to cover the expense associated with providing information in connection with the sale of a Lot in the Subdivision and changing the ownership records of the Association ("Transfer Fee"). A Transfer Fee shall be paid to the Association upon each transfer of title to a Lot. The Transfer Fee shall be paid by the purchaser of the Lot, unless otherwise agreed by the seller and purchaser of the Lot. The Association shall also have the authority to establish and change from time to time, if deemed appropriate, a fee sufficient to cover the expense associated with providing a Resale Certificate in connection with the sale of a Lot. The fee for a Resale Certificate shall be in addition to, not in lieu of, the Transfer Fee.

ARTICLE VI

Insurance; Security

SECTION 6.1. GENERAL PROVISIONS. The Board shall have the authority to determine whether or not to obtain insurance for the Association and, if insurance is obtained, the amounts thereof. In the event that insurance is obtained, the premiums for such insurance shall be an expense of the Association which shall be paid out of the Maintenance Fund.

SECTION 6.2. INDIVIDUAL INSURANCE. Each Owner, tenant or other person occupying a Residential Dwelling, shall be responsible for insuring his Lot and his Residential Dwelling, its contents and furnishings. Each Owner, tenant or other person occupying a Residential Dwelling, shall, at his own cost and expense, be responsible for insuring against the liability of such Owner, tenant or occupant.

SECTION 6.3. INDEMNITY OF ASSOCIATION. Each Owner shall be responsible for any costs incurred as a result of such Owner's negligence or misuse or the negligence or misuse of his family, tenants, guests, invitees, agents, employees, or any resident or occupant of his Residential Dwelling, and by acceptance of a deed to a Lot does hereby indemnify the Association, its officers, directors and agents, and all other Owners against any such costs.

SECTION 6.4. SECURITY. THE ASSOCIATION, ITS DIRECTORS, OFFICERS, MANAGERS, EMPLOYEES, AGENTS AND ATTORNEYS, ("ASSOCIATION AND RELATED PARTIES") SHALL NOT IN ANY WAY BE CONSIDERED AN INSURER OR GUARANTOR OF SECURITY WITHIN THE PROPERTY. THE ASSOCIATION AND RELATED PARTIES SHALL NOT BE LIABLE FOR ANY LOSS OR DAMAGE BY REASON OF FAILURE TO PROVIDE ADEQUATE SECURITY OR THE INEFFECTIVENESS OF SECURITY MEASURES UNDERTAKEN. OWNERS, LESSEE AND OCCUPANTS OF ALL LOTS, ON BEHALF OF THEMSELVES, AND THEIR GUESTS AND INVITEES, ACKNOWLEDGE THAT THE ASSOCIATION AND RELATED PARTIES DO NOT REPRESENT OR WARRANT THAT ANY

For a period of five (5) years after the date this Declaration is recorded, Declarant shall have the authority to amend this Declaration, without the joinder or consent of any other party, so long as an amendment does not adversely affect any substantive rights of the Lot Owners. After the expiration of the five (5) year period, Declarant shall have the right to amend this Declaration, without the joinder or consent of any other party, for the purpose of clarifying or resolving any ambiguities or conflicts herein, or correcting any inadvertent misstatements, errors, or omissions; provided, however, any such amendment shall be consistent with and in furtherance of the general plan and scheme of development for the Subdivision.
