

What we love about living at 1621 West 23rd St, Unit A, Houston 77008:

We love driving through the gate into our quiet, safe, beautiful, peaceful oasis surrounded by the best neighbors we've ever had. They are respectful of each other's privacy, interesting, smart, professionals who look out for one another. We enjoy the annual HOA events which include a Holiday Season Party with white elephant gift exchange, a summer party, the woman's book club, and the annual HOA meeting where decisions are voted on by the homeowners. We love that we can walk across the street to a great Mexican Food Restaurant, a wonderful Bistro Pub, a great Italian Restaurant that also hosts a fun Farmer's Market every Saturday morning, and the popular wine bar/bistro Crisp. Then there's the new Heights HEB right down the street as well the other shopping and excellent area restaurants. All the homes behind our gate are very well built by the reputable David Weekley Home Builder, are well maintained and are built in such a way that no water has gotten into a single house during Harvey or during the recent storm Imelda.
