

This masterfully crafted historic Heights bungalow has been renovated and expanded to a 3829 sf classic house.

The house boasts stunning real red oak hardwood flooring stained to look like white oak. As you enter this wonderful renovation you see the study that features built in shelving, under mount lighting and accent molding.

A large wood accented island in kitchen invites you to come have a bite or entertain in style. This oversized open kitchen boasts Viking appliances with built in refrigerator/freezer and a 48" range. Soft close cabinets and drawers, under mount lighting, and a walk in pantry with wine fridge round out this modern take on classic beauty. Dining room enjoys fantastic views to the professionally landscaped yard with an extensive covered porch.

Unique stylish sunken living room is lined with windows and has a contemporary electronic fireplace along with a reading/study/play area underneath the modern staircase.

Two bedrooms downstairs give you plenty of options to fit your lifestyle. The downstairs guest bathroom is shared with one of the four bedrooms. This bathroom features a stand up glass enclosed shower. The second downstairs bedroom is located in the rear of the house. You can easily imagine this oversized bedroom as a media room, game room, or in law suite. High windows allow for plenty of natural light and features its own full bath with walk in closet.

Relaxation abounds in this impressive master bedroom suite with vaulted tray ceiling, large windows and ample room for a sitting area. Master bath has an impressive double shower with soaking tub along double vanity areas accented with gorgeous wood cabinetry.

Bedroom four is located upstairs as well with full bathroom and walk in closet.

Laundry room is efficient with a double sink, plenty of storage and clothes hanging rod.

The stunning yard is professionally landscaped, fully fenced with sprinkler system ready for you and your family to enjoy.

Ample parking in the front of house along with a two car oversized garage with mudroom in the rear with automatic garage door opener make this Heights house complete, functional and impressive
