RE: 7726 Wayfarer Ln.
Houston, Tx. 77075

On November 22, 2019 Allied Foundation had one of its representatives inspect the house located at 7726 Wayfarer Ln. Houston, Tx. 77075. He found that the foundation is stable and no adjustments are needed at this time. Any cracking on the sheetrock is purely cosmetic and does not need pier adjustments to fix. There is always a chance in the future that there might be some movement with the foundation. At this time, the level is good and there is no need for adjustments on the home. Allied Foundation installed eleven (11) exterior piers on February 14, 2006. I have attached the diagram indicating the placement of the eleven (11) piers installed.

Best Regards,

Allied Foundation Specialists
