YOUR ATTENTION IS CALLED TO A VIOLATION OF THE Galveston County Water Code

ON THE PREMISES AT See

THE VIOLATION IS AS FOLLOWS The permit requires that you provide access to your system for inspection and maintenance. I have observed that you have blocked access to the system with a fence.

You are hereby notified to remedy the conditions as stated within 7 days/hours from the date of the service of this notice or show cause why you should not be required to do so. If at the expiration of this time, the same conditions exist and no cause be shown, such further action will be taken as the law requires.

BY ORDER OF THE GALVESTON COUNTY HEALTH DISTRICT

Galveston - 4428 Avenue N
763-8531

La Marque - 1207 Oak Street
938-7221 or 337-2575

5 Grade level aggregate type 1/2 2 1/2 gravel Aggregate under pipe 6 in.
Total Aggregate depth 12 in. Total cu. yds. 20 Existing soil acceptable
for backfill? Yes/No

This notice must be read and signed before these construction plans will be approved.
AFTER APPROVAL A BUILDING PERMIT MUST BE SECURED FROM THE APPROPRIATE COUNTY OR CITY
BUILDING INSPECTION DEPARTMENT. The final inspection is to assure the system has been
constructed according to the submitted plan and is consistent with good public health
engineering practices. The acceptance of this plan and the approval of the final in-
spection, however, should not be construed to mean that the Galveston County Health Dis-
trict recommends, approves, certifies or guarantees septic tank systems or their satis-
factory performance. In the Galveston County area due to the high water table, varia-
tion of water usage, soil and climatic conditions, septic tank systems may not function
satisfactorily at all times. This plan meets all State and local rules and laws includ-
ing distance requirements.
