

RE/MAX[®]
LEGACY LIVING

Thanks for doing your part!

To make every effort to protect everyone's health, RE/MAX Legacy Living, with the Seller's consent, is requiring the following occur prior to entering this seller's home.

So there were no surprises, this information was provided to all agents through the MLS system on this property prior to your visit.

1. Respond to the Health Questionnaire provided in the MLS listing for each person entering the home - we also placed some here by the entry – it's 4 questions and takes 60 seconds or less!
2. Sanitize or wash your hands immediately before coming in.
3. If you can't do both the items above, please return at a time that you can.

**Thanks For Your
Cooperation**
