**Texas Division of Emergency Management
Hurricane Preparedness Guidelines**

Preparing for Hurricane Season: June 1- Nov.30

Evacuation Planning: When a hurricane threatens, listen for instructions from local officials. When they call for an evacuation in your area, get going without delay.

- * Discuss evacuation plans with your family **BEFORE** hurricane season June 1 - Nov. 30. Make a checklist of what you need to do before you leave town and review it.
- * Monitor NOAA weather radio and local TV and radio broadcasts during storm season.
- * Prepare an emergency supply kit including: radio, flashlight, extra batteries, extra eye glasses, bottled water, non-perishable food, dry clothes, bedding, insurance information, important documents, medications, copies of prescriptions and special products for babies, seniors, medically fragile family members, and pets.
- * Learn evacuation routes before storm season. When there's a hurricane in the Gulf, keep your gas tank as full as possible. Expect traffic delays in an evacuation.
- * **Register in the State of Texas Emergency Assistance Registry (STEAR) online at <https://STEAR.dps.texas.gov> or Dial 2-1-1 to register if you have a disability or medical needs or if you simply do not have transportation:** Gulf coast residents in evacuation zones with a disability or medical needs -- who do not have friends or family to help -- or do not have friends or family to help -- or do not have transportation should register in STEAR in advance.
