

624 E 19th St

No detail is left untouched in this perfectly situated contemporary Heights home. 624 E 19th offers luxury and sophistication at the highest degree with lavish high end fixtures throughout. Built in 2017, this custom 5,154 square foot, 4 bed, 4.5 bath home sits on an oversized 12,200 square foot lot with a resort-like pool and huge yard with mature landscaping. The first floor showcases two living areas, a phenomenal kitchen, private study with floor to ceiling built-in cabinetry, luxurious dining room with inset glass shelving, open concept floor plan, clean lines, crisp white and slate walls, soaring ceilings, three wood burning fireplaces, loads of windows, and multiple doors that open to the outdoor veranda with built-in sink and gas grill and magnificent pool. The swanky island kitchen is an entertainer's dream and offers stainless steel professional grade Thermador appliances, quartzite countertops, and custom rain textured cabinets. The second floor highlights wood floors, another living room a well-appointed laundry room, and opulent owner's retreat with high end fixtures and large custom closet. This home is centrally located in the heart of Houston Heights and is a short distance to the famed 19th street, Medical Center and Downtown.
