

2016 Main St., #2416 & 2420

These units are on the 24th floor, giving a beautiful view of sunrises and sunsets overlooking Midtown, Montrose, the Medical Center, and even the Galleria. The units were gutted down to the studs and some walls were moved or opened up to create a more open-concept in the kitchen/living rooms and bathroom areas. Both units received:

- All new plumbing, electrical, and A/C units
- All of the ceilings were raised to the concrete beams where possible
- Stone countertops in kitchens and bathrooms
- New cabinets
- New durable, high traffic floors
- New plumbing and electrical fixtures, including new tubs, faucets, and lighting
- All stainless steel appliances
- Creative tile backsplashes
- Three newly tiled oversized balconies
- Maximized closet space that also accommodates more open layouts

Unit 2416, EFFICIENCY - Features include:

- Open kitchen concept to living room with breakfast bar
- Large kitchen with ample cabinet space for an efficiency
- Stove with double oven and modern stainless steel vent hood
- Shower light with bluetooth speaker
- Lighted makeup mirror in bathroom
- Beautiful and modern closets with custom pullouts
- Creative and modern shelving and design and neutral color palette

Unit 2420, 2 BEDROOM 2 BATH - Features include:

- Open kitchen concept to living room
- Ample cabinet space and tiled walls to ceiling in kitchen
- Two kitchen sinks - one large and one vegetable

- 360° modern stainless steel vent hood
- Room for a dining table for six
- Stylish wallpaper in living and bedrooms
- Smart voice-activated, dimmable, color-changing lighting with Google Home or Amazon Echo (Philips Hue)
- Ample closet space with custom pullouts
- Office area and built in desks in master bedroom
- Completely tiled bathroom walls to ceiling
- Shower panels with rainfall shower heads and body sprayers in both bathrooms
- Modern mid-century design with beautiful finishes
