

This is the new virtual world in which we live. HAR has provided the following FAQ to try to help guide our members during this time since we know much of this is confusing and unclear.

Client Showings...

We would first recommend virtual showings. Then, we would recommend only doing in-person showings of vacant homes and avoiding them in occupied homes to minimize the possibility of being exposed to the coronavirus.

If you do have showings, please continue to abide by the ordered guidelines and follow best practices. If you don't feel well, reschedule the visit until a later date. If you have had recent contact with a coronavirus patient, please reschedule your visit until a later date.

Once at the home, don't touch anything that doesn't need to be touched. Wear gloves and a mask if you feel the need to do so. Don't touch your face. We recommend no more than two people attend plus the REALTOR and maintain the six feet social distance in between each of you. Wash your hands often and apply hand sanitizer whenever possible.
