1407 Cheshire Lane \$1,124,000

4,280 square feet on a 7,200 square foot homesite

Award-winning custom builder Jamestown Estate Homes presents this modern farmhouse style home with 5 bedrooms, 4.5 bathrooms, and a 2-car garage with additional storage space.

This incredible home is perfect for a growing family, or for those who have guests come to stay. The home offers a front porch and balcony, perfect for enjoying the breeze on cool evenings. The kitchen is perfect for entertaining, with a massive island that opens to the great room. A first floor bedroom offers guests privacy, and it's bath also opens to the expansive back yard (60'x42'), perfect for a pool bath. There is ample room for a pool!

The second floor has a show-stopping master suite, with a flex space can serve as a second study or home gym, plus a balcony and a double entry shower. Three additional bedrooms and a game room complete this amazing home.
