 I have examined the HUD-1A Flood Hazard Boundary Map and the above described property is not in a designated flood hazard area. Singletary Surveying assumes no liability for the correctness of said map and does not represent our opinion of flooding  
 probability. This Survey is not transferable to additional jurisdictions, transactions (including refinances) or subsequent owners and is being provided solely for the use of the correct parties and current transaction and that no license has been created, expressed or  
 implied, to copy the platted survey, which shall take place within 6 (six) months after the date the survey was provided. This survey is a copyrighted work belonging to Singletary Surveying, Inc. as of the date of survey, and cannot be reproduced without written  
 consent. Only 5 (five) photostatic copies of this survey are released to the public; all other types of copies are unauthorized. The plat herein is a representation of the property as determined by survey. The lines and dimensions of said property being as indicated by the plat, the size, the  
 location and type of buildings or other improvements are of above ground improvements only and are as shown within the boundaries of the property and are set back from the property lines the distances indicated. No excavations were made during the survey to locate buried facilities,  
 utilities, or structures. The measurements, contours, or projections are as shown and not necessarily located. This is not a valid survey unless accompanied by an original signature and embossed seal. The legal description provided by Singletary Surveying, Inc. is based on the  
 description provided by the title company, correct or person requesting the survey to be performed. Neither the surveyor nor Singletary Surveying, Inc. remains any liability for, or makes any representation concerning the condition of title of the subject property.
