

Dear Potential Buyers,

Welcome to this home. A lot of love has gone into it and created here. It is a great home, but an even better neighborhood and community. We wanted to share some of the wonderful qualities of this home and community with you.

We have enjoyed the ease of watering the grass with our automatic sprinklers, uninterrupted nights even with loud thunderstorms because of the excellent quality of the windows, and the great views of the kids in the backyard made possible by the lovely large back windows. The mature oak tree in the back yard has provided welcome, ample shade in the heat of summer as has the large covered back patio.

We have enjoyed all the community events ie. Christmas caroling & Christmas light hay rides, a vibrant National Night Out, movie nights, swim team, Easter carnivals, and a great sense of comradeship especially during times of Harvey and COVID-19. Neighbors look out for each other and take care of each other here.

We have been blessed here and hope you will be too.

Best wishes for you,
The Williams Family
