

2311 Legends Shore

Things We Love About Our Home, Neighborhood, and Community!

- Located on a Cul-de-sac
- Quiet neighborhood - we love waking the neighborhood / riding bikes / riding scooters. We don't have to go on any busy roads.
- Wildlife - deer, birds (crane, eagles, hawk), squirrels, turtle, fish, etc. There is a bird that nests on top of the pergola fan each spring and she has two babies every year. It is a delight to watch them grow while looking out of the kitchen breakfast area windows.
- Preserve at the end of the cul-de-sac with a 1.7-mile trail from our side into the forest with a preserve in the center of it. There is a paved walking / bike riding path. The path circles around the preserve and comes back around by the bayou and the lake.
- Blackberry bushes that fruit May-June on the lake and in the preserve and they are so delicious!
- There is another walking path along the bayou at the back of the neighborhood that goes a long way up the front of the neighborhood and is very peaceful.
- We love that the master bedroom has windows that face the backyard, which is very private. It's a wonderful way to wake up watching the birds playing and seeing the butterflies and beautiful flowers.
- Houses are far apart, with everyone being on around an acre lot and no back neighbors.

- We love that the neighborhood is so close to the freeways without the sound. The proximity to restaurants, movie theaters, choice of grocery stores and our church.
- Schools are great. There are a lot of them, they are very close by, and they have high ratings.
- We love the waterfall that we drive by every time we come home. They light it up at night.
- During the Fourth of July you can sit on your back porch and watch all the fireworks thru and above the trees. If you go over to the lake and sit there, the fireworks shine off the water.
- We have a nature area in the backyard where we swing on our wooden swing.
- We love having the media room upstairs.
- The downstairs great room is one of our favorite spots to sit and talk with each other and our friends, while the kids play outside or upstairs.
- We love having the 3-car garage and long driveway.
