MEYERLAND IS FOR FAMILIES

Posted on [April 25, 2019](#)

Meyerland is for families. In fact, we were rated a top 10 place to raise a family in Houston by Niche.com in 2019! We have a beautiful section of Brays Bayou that runs through the heart of Meyerland, lending beautiful trails and green space to our community. We often have wildlife that visit the community because of the bayou – sightings include bald eagles, hawks, egrets, cranes, and more!

Meyerland also has excellent schools, parks, religious centers and a strong and dedicated community. Our streets are often filled with dog walkers, cyclists, joggers and families playing or walking to one of our beautiful local parks. We are a diverse community of different ethnic, religious and age groups and represent the diversity of Houston.
