

CITY OF PANORAMA VILLAGE

Panorama Village was established in the early 1960's and became a incorporated city in 1972. This is a general law city with a City Council consisting of a Mayor and 5 councilpersons as the governing body. We have our own Police Department and a Utility Department which operates our independent water and sewer system. The city is a taxing authority and the utility department and golf club operate as "Enterprise Funds" generally funding the necessary operations for these functions.

PARKS & RECREATION

Panorama Village is proud to be the chosen home to hundreds of growing families. The county feels the easy lifestyle and close proximity of excellent schools, both public and private, contribute to the continued popularity of Panorama among families.

The Panorama Village City Council is assisted in their work in the Parks and Recreation arena by a hardworking group of folks who are keenly interested in providing for the recreation needs of all Villagers. The Committee has excellent leadership in its Chairman, Joe Watson. Many, many others have contributed to the development of Parks and Recreation in Panorama, and continue their valued service to the community. We like hearing from you, so please share your thoughts with us!
