Structural

- 15. Beams
- 16. Floor Framing
- 17. Foundation
- 18. Walls
- 19. Roof Framing

1-year Workmanship

The one-year workmanship warranty provides surety type coverage and backs the builder's warranty for defects in workmanship and materials. Covered components of a home that do not meet established Construction Performance Standards in the warranty during the first year will be repaired, replaced or you may be paid the cost of repair or replacement.

2-year Systems

The two-year systems warranty provides surety type coverage and backs the builder's warranty for defects in the electrical, plumbing, heating, cooling, ventilating, and mechanical systems. Covered components of a home that do not meet the established Construction Performance Standards in the warranty during the first two years will be repaired, replaced or you may be paid the cost of repair or replacement.

10-year Structural

The ten-year structural warranty provides direct coverage from the day of closing for major structural defects. If a major structural defect occurs to a designated load bearing element of the home within the 10-year warranty term, it will be repaired, replaced, or paid for by Centricity.

A company centered around you.

We are Centricity, a service and protection partner that puts the customer at the center of our world. A single-source solution provider, we offer comprehensive and customized programs across a range of products including service contracts, warranty, insurance and contact center solutions. Connected, convenient and committed, our focus is you.

Centricity, an affiliate of Bankers Financial Corporation, is a diversified company serving home builders, manufacturers, retailers, and consumers. We operate throughout the US, providing a wide range of innovative warranty and service products.
