

Why we love this home

1. Memorial Northwest is an established subdivision in Spring, Texas. As we drive or walk through the neighborhood, we enjoy seeing the mature live oak trees, pines, crepe myrtles and azaleas.
2. The traditional look of our home with modern updates makes the home feel cozy and functional for our needs.
3. The primary bedroom is privately situated on first floor and has a large, bright ensuite with his and hers closets.
4. All of the rooms are spacious with great storage.
5. We love to entertain in our large remodeled kitchen. Everyone ends up gathering there.
6. The attention to detail with the custom built-ins, crown molding and woodwork are difficult to find elsewhere.
7. The subdivision is led by a fiscally responsible HOA board and dues have only been increased 6 times since the inception of the subdivision in the 1970s.
8. There are many HOA lead community events throughout the year at the neighborhood community center.
9. The amenities in our subdivision are top notch. There is a fun resort style pool with water slide and beach entry, a lap pool, splash pad, park, tennis courts, fitness center, active community center and walking trail.
10. Zoned to popular Klein ISD schools.
11. Many restaurants and shopping options nearby. Vintage Park offers a range of restaurant choices, boutiques, spas, and even doctors offices.
