Loaded. This house is loaded with sophistication and style. 4 bedrooms is hard to find, and so is this backyard space. Wine room, a gigantic butler's pantry, upgraded appliances, and the skylights on the second floor... all make for a beautiful new construction home. And quality? Yes. And location? Yes. Can you believe how close this is to the new HEB? What about walking down to Snooze for breakfast? It's all possible. Comes with home warranty.
