

Why We Love Our Home

Property Address: 18919 W. Grand Pine Cr.

We love our quiet corner of Grand Harbor. I will miss the tranquility of sitting on the patio & listening to the birds in the wooded acreage next to us. As well as watching the hummingbirds & dragonflies that fill the back yard. Evenings watching football @ the cabana or while in the pool are priceless memories for us. Our favorite & most frequent visitors are the deer. They love the woods next to us as much as we do & we often find them bedded down in the corner of the yard. And of course the pond across the street makes the perfect setting to watch the splendor of a Texas sunrise. Lastly, our street is full of kind and welcoming neighbors who have always been willing to help with anything needed.
