Heating & Air Conditioning  
**Amana**

**SSX14**  
R-410A Air Conditioner  
UP TO 14 SEER

We build quality into every component of our Amana® brand heating and air conditioning products. That's why our Amana® Distinctions™ brand SSX14 High-Efficiency Air Conditioner has a Seasonal Energy Efficiency Rating (SEER) of up to 14 — a significant improvement in efficiency over many of the lower SEER units installed in homes today. With an Amana Distinctions brand SSX14 Air Conditioner, your savings, versus lower SEER units, can add up very quickly — especially in hot weather, when energy use can increase dramatically.

The savings start with our efficient condensing coil design. We use only high-quality rifled copper tubing and corrugated aluminum fins, which withstand the corrosive effects of moisture and extreme temperatures. Our coil design provides more cooling surface, which further increases efficiency and decreases your energy bill. Additionally, every coil that goes into an Amana Distinctions brand SSX14 Air Conditioner is thoroughly tested.

## Quality You've Come to Expect from Amana Brand Products

In addition to outstanding energy efficiency, the Amana Distinctions brand SSX14 High-Efficiency Air Conditioner provides you with the following benefits:

- Chlorine-free R-410A refrigerant
- A compressor sound cover and a louvered sound-control top
- A factory-installed filter dryer that keeps moisture and debris out of your system
- A louvered cabinet made of heavy-gauge galvanized steel that protects the coil while its appliance-quality, post-paint finish resists the effects of weather and time
- An attractive design, finished in an Architectural Gray color that complements any home environment

\*\* ENERGY STAR ratings are dependent upon conditions beyond equipment installation. To make certain your HVAC equipment qualifies for the ENERGY STAR designation, get complete information at [www.energystar.gov](http://www.energystar.gov).
