

What the owners are saying

~ We love the park at the end of our street and the access to the bike trails, less than a block away.

~ We enjoy our oversized lot, three car garage and the pool area. The backyard and pool area are spacious with plenty of room for entertaining adults and children.

~ It's only a short walk around the corner to Powell Elementary School and the Moms wait at the corners of the park for their kiddos to walk home.

~ Our house is full of natural light with great views of the landscaped backyard and woods behind the house. The serenity outside is like no other on a beautiful and peaceful spring morning. Even in the evening the tranquil nights outside by the pool enjoying a glass of your favorite wine.

~ We have wonderful neighbors, some have been original owners. We have wonderful block party events, like at Halloween, everyone brings pot-luck to the house at the corner of the street and we all sit outside and enjoy the trick-r-treaters with our treats in a semi-circle for the kids to enjoy. And at Christmas, the entire street is decorated from house to house, top to bottom, with an abundance of lights and displays for the children. Our street has been the Cochran's Crossing Winner every year for many years.

~ It's just a joyous time here. We love living on this block for the past 10 years. Our children have grown up here and can say we've all enjoyed living here.

We hope you love it here too!
