Why We Love Our Home

Welcome to our sweet home of 11 years and we hope you enjoy touring our happy place!

We had no idea we would be raising two kids and one fur baby in this home. This cozy house provides so much togetherness, which our family deeply appreciates. Our spacious backyard has been our private oasis, especially during the pandemic. The stock tank pool provided a safe and private pool for our kids this past Summer. The air conditioned garage was our Arts & Crafts room, a perfect "Virtual School" spot and great extra space for our family.

There are so many things we love about the neighborhood! We love being able to walk to Jaycee Park, our oldest has really enjoyed attending Sinclair Elementary (we have learned that they will be adding a new building) and we have made so many friends with our neighbors. The couple on the left became our best friends and the sweet older couple on the right became our Houston 'grandparents'. We are truly going to miss them!

We hope that the next owners have as much fun and create as many memories as we did. Thank you for touring our home today!
