Why We Love Our Home

Welcome to our loving home inside the loop!

We hope you enjoy touring our private oasis that has provided so much happiness and joy to our family – nestled near the heart of downtown Houston! This spacious house offers both intimate places to relax and plenty of room to spread out, including a private gated patio, a mid-level balcony that overlooks the neighborhood and a furnished rooftop deck with a dazzling view of the Houston skyline!

Not once during the pandemic did we feel cramped or boxed in. The giant living room provided many nights of TV watching and card games. And when we wanted to watch a movie, we went up to the fully-stocked, dedicated home theater room to do it up big!

Working remote also hasn't been a challenge with bright rooms and access to fast WIFI. We even set up a dedicated office space in one of the bedrooms.

The neighborhood is calm and quiet, with friendly neighbors. Though we are near the railroad track, we quite enjoy the subtle ambience it provides. This area is designated a quiet zone (with strict limits on train speed/noise).

Just two blocks away, enjoy access to miles of running and bicycle paths. Two blocks in the other direction are family-friendly restaurants and a coffee house that hosts live jazz.

We hope the next owners have as much fun and create as many good memories as we did!
