

Showing Process for Our Listings

The health and safety of our clients is of the utmost importance, therefore we are requiring the following for all showings:

- Masks must be worn at all times by everyone entering the home.
- Hand sanitizer and/or sanitizing hand wipes that contain at least 60% alcohol are to be used by agents and their clients prior to entering the home.
- Please minimize contact of items within the home by only touching what is absolutely necessary. If the lights are already on, please leave them that way.
- Please do not sit on any furniture inside or outside the home.
- We respectfully ask that you do not schedule an in-person showing of this property if:
 - The Buyer Agent and/or client is feeling ill or thinks they may have been in contact with someone who is ill.
 - If the Buyer Agent and/or client has been near someone who has a laboratory--confirmed COVID-19 Diagnosis or he has a suspected COVID-19 diagnosis, within the last 14 days.
- We are happy to coordinate a live or virtual tour of this home as an alternate option to an in-person showing.
- All inspectors, appraisers, and other vendors will follow the same protocol.
