Located wholly partly in a 100-year floodplain (Special Flood Hazard Area-Zone A, V, A99, AE AO, AH, VE, or AR) (if yes, attach TXR 1414). Located wholly partly in a 500-year floodplain (Moderate Flood Hazard Area-Zone X (shaded)). Located wholly partly in a floodway (if yes, attach TXR 1414). Located wholly partly in a flood pool. Located wholly partly in a reservoir. er to any of the above is yes, explain (attach additional sheets as necessary):
"100-ye which is which is "500-ye area, w which is	rposes of this notice: ar floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir. For floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, is considered to be a moderate risk of flooding.

subject to controlled inundation under the management of the United States Army Corps of Engineers.

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.

"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.

ADDITIONAL NOTICES TO BUYER:

- (1) The Texas Department of Public Safety maintains a database that the public may search, at no cost, to determine if registered sex offenders are located in certain zip code areas. To search the database, visit www.txdps.state.tx.us. For information concerning past criminal activity in certain areas or neighborhoods, contact the local police department.
- (2) If the Property is located in a coastal area that is seaward of the Gulf Intracoastal Waterway or within 1,000 feet of the mean high tide bordering the Gulf of Mexico, the Property may be subject to the Open Beaches Act or the Dune Protection Act (Chapter 61 or 63, Natural Resources Code, respectively) and a beachfront construction certificate or dune protection permit may be required for repairs or improvements. Contact the local government with ordinance authority over construction adjacent to public beaches for more information.
- (3) If the Property is located in a seacoast territory of this state designated as a catastrophe area by the Commissioner of the Texas Department of Insurance, the Property may be subject to additional requirements to obtain or continue windstorm and hail insurance. A certificate of compliance may be required for repairs or improvements to the Property. For more information, please review *Information Regarding Windstorm and Hail Insurance for Certain Properties* (TXR 2518) and contact the Texas Department of Insurance or the Texas Windstorm Insurance Association.
- (4) This Property may be located near a military installation and may be affected by high noise or air installation compatible use zones or other operations. Information relating to high noise and compatible use zones is available in the most recent Air Installation Compatible Use Zone Study or Joint Land Use Study prepared for a military installation and may be accessed on the Internet website of the military installation and of the county and any municipality in which the military installation is located.
- (5) If you are basing your offers on square footage, measurements, or boundaries, you should have those items independently measured to verify any reported information.

ADDENDUM FOR PROPERTY SUBJECT TO MANDATORY MEMBERSHIP IN A PROPERTY OWNERS ASSOCIATION

(NOT FOR USE WITH CONDOMINIUMS)

ADDENDUM TO CONTRACT CONCERNING THE PROPERTY AT

	15707 Oxenford Dr Tomball
	(Street Address and City)
	Canterbury Forest Civic Association / 281-855-9867
A.	(Name of Property Owners Association, (Association) and Phone Number) SUBDIVISION INFORMATION: "Subdivision Information" means: (i) a current copy of the restrictions applying to the subdivision and bylaws and rules of the Association, and (ii) a resale certificate, all of which are described by Section 207.003 of the Texas Property Code. (Check only one box): 1. Within days after the effective date of the contract, Seller shall obtain, pay for, and deliver the Subdivision Information to the Buyer. If Seller delivers the Subdivision Information, Buyer may terminate
	the contract within 3 days after Buyer receives the Subdivision Information or prior to closing, whichever occurs first, and the earnest money will be refunded to Buyer. If Buyer does not receive the Subdivision Information, Buyer, as Buyer's sole remedy, may terminate the contract at any time prior to closing and the earnest money will be refunded to Buyer.
	2. Within days after the effective date of the contract, Buyer shall obtain, pay for, and deliver a copy of the Subdivision Information to the Seller. If Buyer obtains the Subdivision Information within the time required, Buyer may terminate the contract within 3 days after Buyer receives the Subdivision Information or prior to closing, whichever occurs first, and the earnest money will be refunded to Buyer. If Buyer, due to factors beyond Buyer's control, is not able to obtain the Subdivision Information within the time required, Buyer may, as Buyer's sole remedy, terminate the contract within 3 days after the time required or
	prior to closing, whichever occurs first, and the earnest money will be refunded to Buyer. 3. Buyer has received and approved the Subdivision Information before signing the contract. Buyer does does not require an updated resale certificate. If Buyer requires an updated resale certificate, Seller, at Buyer's expense, shall deliver it to Buyer within 10 days after receiving payment for the updated resale certificate from Buyer. Buyer may terminate this contract and the earnest money will be refunded to Buyer if Seller fails to deliver the updated resale certificate within the time required.
	4. Buyer does not require delivery of the Subdivision Information. The title company or its agent is authorized to act on behalf of the parties to obtain the Subdivision Information ONLY upon receipt of the required fee for the Subdivision Information from the party
B.	MATERIAL CHANGES. If Seller becomes aware of any material changes in the Subdivision Information, Seller shall promptly give notice to Buyer. Buyer may terminate the contract prior to closing by giving written notice to Seller if: (i) any of the Subdivision Information provided was not true; or (ii) any material adverse change in the Subdivision Information occurs prior to closing, and the earnest money will be refunded to Buyer.
C.	FEES: Except as provided by Paragraphs A, D and E, Buyer shall pay any and all Association fees or other charges associated with the transfer of the Property not to exceed \$ 250.00 and Seller shall pay any excess.
D. E.	
	TICE TO BUYER REGARDING REPAIRS BY THE ASSOCIATION: The Association may have the sole
Pro	ponsibility to make certain repairs to the Property. If you are concerned about the condition of any part of the perty which the Association is required to repair, you should not sign the contract unless you are satisfied that the sociation will make the desired repairs.

DISCLOSURE OF RELATIONSHIP WITH RESIDENTIAL SERVICE COMPANY

RESIDENTIAL SERVICE CONTRACTS. A residential service contract is a product under which a residential service company, for a fee, agrees to repair or replace certain equipment or items in a property. Co-payments typically apply to most service calls. Residential service companies are licensed and regulated by the Texas Real Estate Commission. The extent of coverage and the cost of coverage will vary. Before buying a residential service contract, the buyer should read the contract and consider comparing it with the extent of coverage and costs from several other residential service companies. You may obtain a list of the residential service companies licensed in Texas at http://www.trec.texas.gov. YOU MAY CHOOSE ANY COMPANY.

THE PURCHASE OF A RESIDENTIAL SERVICE CONTRACT IS OPTIONAL. The TREC promulgated residential contract forms contain a paragraph in which the parties may negotiate whether the seller will reimburse the buyer the cost of a residential service contract. The choice of the residential service company and extent of coverage lies with the buyer, NEITHER A BROKER/SALES AGENT NOR A SELLER MAY CONDITION THE SALE OF A PROPERTY ON THE BUYER'S PURCHASE OF A RESIDENTIAL SERVICE CONTRACT. Other Broker/Sale Agent will receive no Listing Broker/Sales Agent will receive no compensation from a residential service company. compensation from a residential service company. Other Broker/Sales Agent receives compensation Listing Broker/Sales Agent receives compensation from the following residential service company from the following residential service company: American Home Shield for providing the following services: for providing the following services: Marketing, Branded Materials, Commission Earned The compensation is not contingent upon a party to the real estate transaction purchasing a contract or services from the residential service company. The compensation is the fee for the services that Listing Broker or Other Broker, either directly or through an agent, provides to the company. As required by the Real Estate Settlement Procedures Act and HUD Regulation X, any fees paid to a settlement services provider are limited to the reasonable value of services actually rendered. **Town & Country Parisher Properties** Other Broker's Name License No. Listing Broker's Name 437028 License No. By: The undersigned acknowledges receipt of this notice: Buyer Seller Buyer Seller Shannen Utley

INFORMATION ABOUT SPECIAL FLOOD HAZARD AREAS

USE OF THIS FORM BY PERSONS WHO ARE NOT MEMBERS OF THE TEXAS ASSOCIATION OF REALTORS®, INC. IS NOT AUTHORIZED.

©Texas Association of REALTORS®, Inc., 2014

CONCERNING THE PROPERTY AT

15707 Oxenford Dr Tomball, TX 77377-8615

A. FLOOD AREAS:

- (1) The Federal Emergency Management Agency (FEMA) designates areas that have a high risk of flooding as special flood hazard areas.
- (2) A property that is in a special flood hazard area lies in a "V-Zone" or "A-Zone" as noted on flood insurance rate maps. Both V-Zone and A-Zone areas are areas with high risk of flooding.
- (3) Some properties may also lie in the "floodway" which is the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge a flood under FEMA rules. Communities must regulate development in these floodways.

B. AVAILABILITY OF FLOOD INSURANCE:

- (1) Generally, flood insurance is available regardless of whether the property is located in or out of a special flood hazard area. Contact your insurance agent to determine if any limitations or restrictions apply to the property in which you are interested.
- (2) FEMA encourages every property owner to purchase flood insurance regardless of whether the property is in a high, moderate, or low risk flood area.
- (3) A homeowner may obtain flood insurance coverage (up to certain limits) through the National Flood Insurance Program. Supplemental coverage is available through private insurance carriers.
- (4) A mortgage lender making a federally related mortgage will require the borrower to maintain flood insurance if the property is in a special flood hazard area.

C. GROUND FLOOR REQUIREMENTS:

- (1) Many homes in special flood hazard areas are built-up or are elevated. In elevated homes the ground floor typically lies below the base flood elevation and the first floor is elevated on piers, columns, posts, or piles. The base flood elevation is the highest level at which a flood is likely to occur as shown on flood insurance rate maps.
- (2) Federal, state, county, and city regulations:
 - (a) restrict the use and construction of any ground floor enclosures in elevated homes that are in special flood hazard areas.
 - (b) may prohibit or restrict the remodeling, rebuilding, and redevelopment of property and improvements in the floodway.
- (3) The first floor of all homes must now be built above the base flood elevation.
 - (a) Older homes may have been built in compliance with applicable regulations at the time of construction and may have first floors that lie below the base flood elevation, but flood insurance rates for such homes may be significant.

(TXR 1414) 01-01-14 Page 1 of 3

- (b) It is possible that modifications were made to a ground floor enclosure after a home was first built. The modifications may or may not comply with applicable regulations and may or may not affect flood insurance rates.
- (c) It is important for a buyer to determine if the first floor of a home is elevated at or above the base flood elevation. It is also important for a buyer to determine if the property lies in a floodway.
- (4) Ground floor enclosures that lie below the base flood elevation may be used only for: (i) parking; (ii) storage; and (iii) building access. Plumbing, mechanical, or electrical items in ground floor enclosures that lie below the base flood elevation may be prohibited or restricted and may not be eligible for flood insurance coverage. Additionally:
 - (a) in A-Zones, the ground floor enclosures below the base flood elevation must have flow-through vents or openings that permit the automatic entry and exit of floodwaters;
 - (b) in V-Zones, the ground floor enclosures must have break-away walls, screening, or lattice walls; and
 - (c) in floodways, the remodeling or reconstruction of any improvements may be prohibited or otherwise restricted.

D. COMPLIANCE:

- (1) The above-referenced property may or may not comply with regulations affecting ground floor enclosures below the base flood elevation.
- (2) A property owner's eligibility to purchase or maintain flood insurance, as well as the cost of the flood insurance, is dependent on whether the property complies with the regulations affecting ground floor enclosures.
- (3) A purchaser or property owner may be required to remove or modify a ground floor enclosure that is not in compliance with city or county building requirements or is not entitled to an exemption from such requirements.
- (4) A flood insurance policy maintained by the current property owner does not mean that the property is in compliance with the regulations affecting ground floor enclosures or that the buyer will be able to continue to maintain flood insurance at the same rate.
- (5) Insurance carriers calculate the cost of flood insurance using a rate that is based on the elevation of the lowest floor.
 - (a) If the ground floor lies below the base flood elevation and does not meet federal, state, county, and city requirements, the ground floor will be the lowest floor for the purpose of computing the rate.
 - (b) If the property is in compliance, the first elevated floor will be the lowest floor and the insurance rate will be significantly less than the rate for a property that is not in compliance.
 - (c) If the property lies in a V-Zone the flood insurance rate will be impacted if a ground floor enclosure below the base flood elevation exceeds 299 square feet (even if constructed with break-away walls).

Information about Special Flood Hazard Areas concerning

E. ELEVATION CERTIFICATE:

The elevation certificate is an important tool in determining flood insurance rates. It is used to provide elevation information that is necessary to ensure compliance with floodplain management laws. To determine the proper insurance premium rate, insurers rely on an elevation certificate to certify building elevations at an acceptable level above flood map levels. If available in your area, it is recommended that you obtain an elevation certificate for the property as soon as possible to accurately determine future flood insurance rates.

You are encouraged to: (1) inspect the property for all purposes, including compliance with any ground floor enclosure requirement; (2) review the flood insurance policy (costs and coverage) with your insurance agent; and (3) contact the building permitting authority if you have any questions about building requirements or compliance issues.
