DESCRIPTION OF WORK	AMOUNT
Re-plaster pool Includes: Standard prep and Bondkote* Update fittings New Drain Cover White Satin Pebble Sheen(10 year warranty) 4 Qts Pool Magnet(Sequestering Agent for Metals) (Upgrade to Level 1 Pebble Sheen or Pebble Sheen: \$1,400.00)	\$13,200.00
<p>* When we begin the normal prep procedures, if the existing plaster begins to "Flake up" easily, then additional prep work would be required to minimize the chance of new plaster "Flaking up" because of a poor bond between the gunite and first layer of plaster. We feel it is unfair to the customer to automatically include this in our bid as the job may not require the additional prep. This charge will not exceed \$3,400.00</p>
