

SHOWING PROCESS

FOR OUR LISTINGS

The health and safety of our clients is of the utmost importance, therefore we are **REQUIRING** the following for all showings:

- Hand sanitizer and/or sanitizing hand wipes that contain at least 60% alcohol are to be used by agents and their clients prior to entering the home.
- Minimize contact of items within the home by only touching the doorknobs to open and close exterior doors to enter and exit the home.
- If the buyer agent and/or client is feeling ill or thinks they may have been in contact with someone who is ill, we respectfully ask that you do not show the property.
- All inspectors, appraisers, and other vendors will follow the same protocol when visiting the home.
- If the buyer agent and/or client has been near someone who has a laboratory-confirmed COVID-19 diagnosis or has a suspected COVID-19 diagnosis, within the last 21 days, we respectfully ask that you do not schedule an in-person showing of this home. We can coordinate a live or virtual tour of this home as an alternate option.
