## COVID -19 Showing Guidelines

- **Hand sanitizer and/or sanitizing hand wipes that contain at least 60% alcohol are to be used by agents and their clients prior to entering the home.**
- **Minimize contact of items within the home by only touching the doorknobs to open and close exterior doors to enter and exit the home.**
- **If the buyer agent and/or client is feeling ill or thinks they may have been in contact with someone who is ill, we respectfully ask that you do not show the property.**
- **All inspectors, appraisers, and other vendors will follow the same protocol when visiting the home.**
- **If the buyer agent and/or client has been near someone who has a laboratory-confirmed COVID-19 diagnosis or has a suspected COVID-19 diagnosis, within the last 21 days, we respectfully ask that you do not schedule an in-person showing of this home. We can coordinate a live or virtual tour of this home as an alternate option.**
