

Top 10 Things

We Have Loved About Our HOME at

12018 Pine Sandhill Trail..

1. The open layout in the main floor
2. The clean straight lines
3. Layout of whole house. It doesn't feel too big or that we're on top of each other. We can all be in different parts but still feel connected
4. All the windows bring in beautiful natural light
5. The floor to ceiling windows in the main floor transport you as you look out to the pool- mood boosting
6. The fourth bedroom with full bath has been perfect for visiting family
7. The flex space - love having kids bedrooms minimal and uncluttered so having this space for kids has been amazing. With company all the kids enjoy being in their own world upstairs
8. All the closets
9. The formal dining space location gave me the ability to transform it into a family study area where I can be cooking and doing laundry but close enough to be able to help with homework. And finally be able to have a designated space for books and office/school supplies and miscellaneous
10. 3.5 baths - convenient to have guests use half bath

We hope that you will be able to enjoy them just as much as we have :)
