Subject: **Update:**
Special Minimum Lot Size Area and
Special Building Line Requirement Area Application
1400 block of Herkimer Street, east and west sides,
between W 14th and W 15th Streets.

Dear Property Owner:

Upon further review of the application to create a Special Minimum Lot Size Area and Special Building Line Requirement Area under Section 42-194 and Section 42-163 of the Code of Ordinances, the Planning and Development Department has determined that the minimum lot size is **4,800 square feet** rather than the previously stated 6,600 square feet and the minimum building line is 16 feet.

The Planning and Development Department has received a protest filed by a property owner who opposes the creation of the proposed Special Minimum Lot Size Area and Special Building Line Requirement Area. Pursuant to Sections 42-163 and 42-194 of the Code of Ordinances, the Director has referred the application to the Houston Planning Commission for a public hearing.

The public hearing is scheduled for **February 14, 2008 at 2:30pm** in the City Council Chamber, City Hall Annex, Public Level, 900 Bagby Street, Houston, Texas. Contact Annette Mitchell at (713) 837-7860 for additional information.

ARTICLE TWO
Restrictions

2.01 Use. All of the Property shall be used for residential purposes; or, for primary residential use and incidental business or commercial use, in the home, provided that the permitted business or commercial use is incidental to the primary residential use of the property and the general public is not invited, and the business or commercial use is limited to office or professional activity specifically excluding, without limitation, any manufacturing (other than home crafts and hobbies) or industrial activity. Except as otherwise provided herein, no Lots shall be used for any type of business or commercial purpose, or for any industrial or manufacturing purpose whatsoever. Boarding houses or use of any of the Property for hotel purposes is expressly prohibited hereby. No structure of a temporary character, trailer, mobile home, tent, shack, or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.

Each Owner shall be permitted to construct or maintain only one Residence for every 2,500 square feet of contiguous Property owned by such Owner.

2.02 Destruction of Premises. Should any permanent structure located on any of the Lots be totally destroyed by fire, wind, rain or any other disaster, then, in any event, the Owner of said Lot shall clean such Lot of any and all debris within nine (9) months of the date of such disaster. This restriction is not intended to preclude such Owner from rebuilding such structure in accordance with Article 2, Section 2.05 herein.

2.03 Signs. No signs of any character shall be allowed on any Lot or on any improvement located thereon, except (i) one sign of not more than five feet square advertising the Lot or any Residence located on the Lot for sale or rent, or (ii) signs of a temporary nature of not more than five square feet for political or garage sale purposes; and (iii) plaques or markers or other type of designation erected or affixed on the property awarded by federal, state, or municipal government or a civic association.

2.04 Construction. An Owner and any other person or entity engaged in the construction and sale of Residences on any of the Property shall have the right, during the construction and sales period, to construct and maintain, on a temporary basis, such facilities as may be reasonably necessary or convenient for such construction and sale, including, but not limited to, signs, offices, storage areas and model units.

2.05 New Construction. Subject to the provisions of Article 2, Section 2.01 herein, all new construction on any of the Property, whether as an addition to an existing structure or otherwise, constituting in excess of one story shall be a minimum of two feet from the side property lines. No structure shall exceed 33 feet in height, provided, however, that such height limitation may be exceeded to accommodate portions or a portion of a structure not constituting living area such as architectural embellishments, steeples, and towers. All single family residences facing (having a primary entry or entry steps facing a given street) a "primary street" (one having a named

196-80-0218

street designation, and bearing North-South) shall have a 33 foot setback from the center of the street to the first entry step from the street or front wall of the structure, whichever is closer.

2.06 Rubbish, Trash and Garbage. No Lot shall be used or maintained as a dumping ground for rubbish or trash, and no garbage or other waste shall be kept except in sanitary containers. All incinerators or other equipment for the storage and disposal of such materials shall be kept in a clean and sanitary condition.

ARTICLE THREE

General Provisions

3.01 Enforcement. Any Owner or owners of property restricted herein, jointly or severally and/or The Houston Heights Association, a Texas nonprofit corporation (the "Association"), its successors or assigns, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, and reservations now or hereafter imposed by the provisions of this Agreement against any property reflected hereby. If restrictions are enforced exclusively by the Houston Heights Association, each owner, by his execution hereof, shall be deemed to have appointed the Association, its successors and assigns, as Agent and Attorney-in-Fact of such owner, to act in the place, stead, and on behalf of such owner in the enforcement of any restrictive covenant contained herein. Notwithstanding the foregoing, the Association shall not be required or obligated to bring any such claims or litigation or otherwise enforce the restrictive covenants herein contained or be joined in any such proceeding as a necessary party. Failure to enforce any covenant or restriction herein contained shall, in no event, be deemed a waiver of the right to do so thereafter.

3.02 Severability. Invalidating of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provision, and all other provisions shall remain in full force and effect.

3.03 Non-Conforming Use. All Owners expressly agree and acknowledge that as to any Property restricted hereby, any non-conforming use, legally and lawfully in existence as of the effective date hereof, which does not comply with the restrictions and covenants set forth herein, shall not be enforceable against the Owner of such Property whose non-conformance falls within the terms and provisions of this paragraph; provided, however, that upon the voluntary discontinuation of a non-conforming use or the abandonment or substantial destruction of the improvements located on the Property whereupon such non-conforming use existed, then in such event(s), these restrictions and covenants shall be of full force and effect and enforceable against such Owner and Property whereupon such non-conforming use existed, and such Owner shall be prevented from re-establishing such non-conforming use after such abandonment, voluntary discontinuation, or substantial destruction of such improvements.

3.04 Duration and Amendment. The covenants, conditions and restrictions

196-80-0219

of this Agreement shall run with and bind the land, and shall inure to the benefit of, and be enforceable by, the Owner of any Lot subject to this Agreement, and his/her/its respective legal representatives, heirs, successors and assigns (or The Houston Heights Association, as provided in Paragraph 3.01 herein), and unless amended or terminated as provided herein, shall be effective for a term of twenty (20) years from the date this Agreement is recorded, after which time said covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years. The covenants, conditions and restrictions of this Agreement may be amended or terminated during the first twenty (20) year period by an instrument signed by the Owners of not less than ninety percent (90%) of the Lots restricted hereby, and thereafter by an instrument signed by the Owners of not less than seventy-five percent (75%) of the Lots restricted hereby. No amendment or termination shall be effective until recorded in the real Property Records of Harris County, Texas.

3.05 This instrument may be executed in multiple counterparts, all of which shall be considered but one and the same instrument.

3.06 This Agreement may be executed and filed of record in multiple originals, all of which, in the aggregate, shall be considered one and the same instrument for purposes of the enforcement or interpretation of any provision hereof.

EXECUTED by the undersigned Owners as of the dates of the respective acknowledgments shown on the attached sheets, and effective for all purposes as of the dates of such respective acknowledgments as to that portion of the Property owned by the undersigned persons, respectively.

**PLEASE RETURN BALLOT TO THE HOUSTON HEIGHTS ASSOCIATION
POSTMARKED BY NO LATER THAN MARCH 28, 2002**

**EXPLANATION AND INSTRUCTIONS TO
BALLOT FOR REVISIONS TO
HEIGHTS DEED RESTRICTIONS**

EXPLANATION.

1. What is this all about?

After more than two years of study, discussion, and solicitation of public comment, the Houston Heights Association is recommending that the Heights' "Restrictive Covenants" -- commonly referred to as "deed restrictions" -- be revised. The main purpose of the revisions is to prohibit the construction of "townhouses." The proposed revisions are described more fully under Q&A 4 below.

The Heights Deed Restrictions were first drafted in the late 1970's, when the main threat to the Heights was intrusion by incompatible commercial development, such as truck repair parks. However, since about 1990, the value of Heights property has risen sufficiently to largely remove concerns about commercial development. Instead, the main threat facing the Heights is the displacement of single family homes with townhouse developments.

Many other inner city neighborhoods, particularly in the Montrose/Neartown area and the West End area, have seen their traditional single family homes replaced by canyons of townhouses, with the streetscape dominated now by garage doors rather than front porches. Not only have many homes of significant historic value been lost, but the character and integrity of the entire neighborhood have been irretrievably changed. The proposed revisions may help prevent this from happening to the Heights.

2. What properties are covered by the deed restrictions and the revisions?

Only those properties for whom the owners have elected to be covered by the deed restrictions are covered by the restrictions, and only those properties will be affected by the proposed revisions. Presently, there are about 1200 properties in the Heights that are covered. All of the properties covered by the deed restrictions will be subject to the proposed revisions if they are adopted as explained below, including those properties whose owners voted against the revisions.

3. What is the procedure for voting on the proposed revisions?

To be adopted, the owners of at least 75% of the properties FOR WHICH BALLOTS ARE RECEIVED must vote in favor of adoption of the proposed revisions. Ballots will be mailed to all property owners that the Association has been able to identify and locate; a great deal of effort has been spent on finding everyone possible. Only ballots mailed after February 22nd and postmarked BY NO LATER THAN MARCH 28, 2002 will be counted.

The state statute that governs this process provides that, in the case of any property for which there are multiple owners, the affirmative vote (vote for the restrictions) of any one of the owners will count as an affirmative vote for the property. Similarly, if one person submits more than one ballot, one in favor and one against the revisions, only the vote in favor of the restrictions will be counted. Instructions for submitting your ballot are provided further below.

4. What revisions are proposed?

The proposed revisions, which are shown exactly in the "Exhibit A" attached to the Ballot, are summarized below:

- a. setbacks - a house or structure would have to leave at least the following amount of room from the lot lines: (i) side lines - 3 feet (increased from 2 feet); (ii) back line - 3 feet (there are no rear setbacks currently); front line - 15 feet (the current restrictions use a house-by-house measurement taken at the time the homeowner signed the restrictions). Corner lots would have the 15-foot setback apply for the front, and a 10-foot setback for the other street-facing line;
- b. house must face the street - to prevent multiple-unit "compound-type" construction, the new restrictions would require that each new house face the street (not a private common driveway);

- 549-13-1393
- c. common wall construction prohibited - although the setback rules should generally prevent common wall construction (two units sharing a common exterior wall), this provision would help ensure that the prohibition is not circumvented by multiple-unit construction on a single lot;
 - d. garage setback - any garage must be set back at least halfway to the back lot line, and in any event be no closer to the street than the front of the house itself;
 - e. "garage front" prohibited - a front-facing garage door could not take up more than a half of the first-floor front of the house;
 - f. raised foundation required - to preserve another dominate characteristic of home construction in the Heights, the new restrictions would require either pier-and-beam construction, or other foundation construction that would raise the bottom floor of the house at least 2 feet from the ground;
 - g. height restrictions - the revisions would retain the current height restriction of 40 feet, except that for lots of width greater than 50 feet, the limit would go up an additional foot for every one foot of additional setback from the nearest lot line, with a 50-foot maximum;
 - h. density and lot width - the minimum lot size would be increased from one residence per every 2,500 square feet to one per every 5,000 square feet, and there would be a minimum frontage of 50 feet for each lot. This would essentially establish a minimum lot size of 50' by 100'. There would be two important exceptions: (i) garage apartments would not be treated as "residences" for this purpose, and (ii) lots of smaller frontage or size with existing houses as of the date that the property was deed restricted (when the owners signed on to the restrictions) would be "grandfathered," that is, their size would be treated as conforming to the deed restrictions.

In addition, there are some technical corrections or changes that clarify the application of the proposed or existing restrictions.

INSTRUCTIONS FOR SUBMITTING A BALLOT.

The Ballot is printed on Houston Heights Association letterhead with the word "BALLOT" at the top. Enclosed with the Ballot is an "Exhibit A" that shows the proposed revisions. Language added is indicated by being double underscored. Deleted language has a line through it. Also enclosed is an envelope which is pre-addressed to the Houston Heights Association.

1. "Exhibit A" is yours to keep with your own records.
2. Mark the Ballot, either to "Accept" or "Reject" the proposed revisions. Your vote to ACCEPT the revisions will go a long way to protecting the Heights!
3. Sign the Ballot; make a copy of the Ballot for your own records.
4. Mail the signed Ballot to the Houston Heights Association using the enclosed envelope. If you wish to confirm the date of delivery to the Association, you may send the envelope by certified mail.

The results of the balloting will be announced as quickly as possible. Thank you for your attention to this matter, and we hope for your vote in favor of these important revisions. Should any permanent structure located on any of the Lots Property be totally destroyed by fire, wind, rain or any other disaster, then in any event, the Owner of said Lot Property shall clean such Lot Property of any and all debris within nine (9) months of the date of such disaster. This restriction is not intended to preclude such Owner from rebuilding such structure in accordance with Article 2, Section 2.05 herein. No structure shall exceed 40 feet in height, provided however, that such height limitation may be exceeded to accommodate portions of a portion of a structure not constituting living area such as architectural embellishments, steeples, and towers. All single family residences facing (having a primary entry or entry steps facing a given street) a "primary street" (one having a named street designation, and bearing North-South) shall have a _____ foot setback from the center of the street to the first entry step from the street or front wall of the structure whichever is closer.

2.06 the Property, whether new or as an addition to an existing structure, shall comply with the following restrictions.

No part of a Residence shall be constructed any closer than three (3) feet to each property line of the Property other than the front property line defined in Subsection b of this Section 2.05 (see Subsection c for the front setback), except that with respect to corner lots, the setback for the property line that faces a street (other than the front property line) shall be ten (10) feet. For purposes of this Agreement, the property line between the face elevation of the Residence and the street that it faces is the "front property line," and the "main entrance" may consist of a porch or stoop that is designed to be entered from the direction of the front property line, even if the entry into the Residence from such porch or stoop is not facing the front property line.

(i) if the width of the Property (from side property line to side property line) is 50 feet or less, 40 feet in height;

e. Common wall construction prohibited. No Residence shall be constructed to share a common wall with another Residence, nor shall any Residence be constructed so that any exterior wall of such Residence is within six (6) feet of an exterior wall of another Residence; provided, however, that this restriction shall not prohibit the renting or leasing of space within a Residence that is otherwise permitted by this Agreement, nor shall it prohibit the construction of an apartment unit as part of a garage structure appurtenant to a Residence on a single Property that otherwise meets the density requirements of Section 2.06 hereof;

f. Garage setback. No garage shall be constructed closer to the front property line of the Property than the midway point between the front property line and the opposite property line (i.e. the rear property line), nor shall any garage be constructed so that it is closer to the front property line than the face elevation of the Residence to which it is appurtenant. If the garage is part of the structure of the Residence, the structure shall be constructed so that the garage door and frame comprise no more than half of the width of the first floor of the structure's face elevation as defined in Subsection b. above.

g. Raised foundation required. Each Residence (but not including a garage or other structure appurtenant to the main Residence) shall be constructed with a pier-and-beam foundation or, if not pier-and-beam, a foundation that otherwise raises the bottom floor of the Residence no less than two (2) feet from ground elevation.

j. Restrictions on modifications. The provisions of this Section 2.05 shall not be effective to the extent prohibited by Section 207.008 of the Texas Property Code.

2.06 Density. No Residence shall be constructed on the Property if the consequence would be a density of greater than one (1) Residence for every five thousand (5,000) square feet of area of the Property ("the minimum square footage"), except that if the square footage of the Property is less than five thousand (5,000) square feet as of the date that this Agreement is executed with respect to such Property, the minimum square footage shall be such lesser square footage. For this purpose, "Residence" shall not include any garage apartment that is appurtenant to a Residence on the same Property.

2.07 Rubbish, Trash, and Garbage. No Lot Property shall be used or maintained as a dumping ground for rubbish or trash, and no garbage or other waste shall be kept except in sanitary containers. All incinerators or other equipment for the storage and disposal of such materials shall be kept in a clean and sanitary condition.
