

# ***Our Favorites About This Home!***

We are the original owners and have loved the location. Having the pond in front and no back neighbors.

This has always been a safe and quiet neighborhood.

There has always been very little traffic in the Hidden View neighborhood with only way in and out of the subdivision.

Spacious rooms.

Close to parks and shopping centers.

Plenty of places to walk and bike.

We love our remodeled primary bathroom and large shower.

Our home has the perfect view of the peaceful and serene neighborhood pond, with just a few steps away to go fishing!

This has been the perfect location to raise our kids.
