100% SATISFACTION GUARANTEE

As a third generation family business our philosophy is simple - nothing is more important than our customer's satisfaction. We will do whatever is necessary to ensure you have the best experience and product possible. Please know, all transaction information is encrypted through a secure socket layer (SSL) and we do not store any credit card information for the safest transaction possible.

Please find below your preliminary product with professional installation quote. Once your measurements and product specifications are finalized, we convert this into a final quote for your review that can be paid for once you approve.

Living Room (Deco Panel Righ)

QUANTITY	1	PROMO CODE (10% OFF) \$1,139.00 \$1,025.10
PRODUCT	Tailored Pleat Drapes	
MATERIAL	Raw Silk	
COLOR	Amethyst	
WIDTH	46" Across	
LENGTH	104"	
PANEL OR PAIR	Single Panel	
POSITION	Center	
LINING	Blackout	

PRODUCT NOTES

This material is made from naturally occurring silk yarn. There will be color differences between window treatments and in the same treatment if multiple panels are required. This is inherent in this material and a product of its naturally raw base. If a more consistent appearance is what you are after we suggest that you chose another material.

Please note a 4" leading edge and 4" return will be added standard to each drapery panel (so the total finished width of your drapery will be approx 8" wider than your order). This extra width allows you to return the outside edge of the drapery back to the wall and have an overlap when drapery is closed. Please note that due to the characteristics of this naturally derived fabric, there may be color variations within the body of the window treatment.
