UPGRADES

2018 - Before move in, the owner's installed laminate flooring. This was not installed by the builder.

2019-2020 - The owner's updated the landscaping on the side of the house and along the back fence.

2020 - The pergola was built along with the wood deck next to the concrete slab. The 5x5 concrete slab was poured with the house construction in 2018.

March 2021 - The backdoor with the inside window blinds and doggie door were installed.
