Re: Installation of new roof at 9039 Kirkmont Drive

The following was performed at above-mentioned dwelling: removed old shingles and installed new shingles.

- 1- Removed all the old shingles down to existing plywood decking.
- 2- Replaced damaged plywood decking where necessary.
- 3- Installed new shingles 30 yrs. (Oakridge Owens Corning Onyx Black).
- 4- All shingles nailed with 1-1/4" galvanized roofing nails.
- 5- Installed galvanized valley metal.
- 6- Installed synthetic underlayment.
- 7- Installed new ridge vents.
- 8- Installed new pipe jacks and drip edge metal.
- 9- All materials installed according to manufacture specifications.
- 10- All debris cleaned up daily and hauled away upon completion of the job.
- 11- Installation guaranteed for a period of two years.

Transferable Warranty for a period of two years.  
Wind damage and hail damage not covered.

The above was performed in accordance with specifications submitted for work and carried out in a professional manner for the sum of \$7,450.00.

Respectfully submitted  
Date: 08/10/21
