The HOA fixed in 2018 the structural problems the building had. In 2017 during hurricane Harvey the elevator brought up water from the first floor and water crossed the corridor and water got under the front door and into the condo. The laminate floor was damaged. Also, water leaked from the courtyard through the bottom of wall and into the main bedroom. The laminate floor was damaged. The HOA fixed the wall right after. Tile floor was installed in the condominium.
