

4317 Westheimer Road

From the current owner...

I have enjoyed living in this beautiful home. The natural light is spectacular. Quiet, yet I can walk out my front door and be in the heart of everything; from shopping, restaurants, gym locations and Central Market.

I also love having the best of both worlds. I can enjoy the metropolitan feel while also enjoying a quiet neighborhood! Living on Westheimer and Mid Lane has been wonderful. This is an affluent neighborhood with wonderful people who walk, jog and walk their dogs each day. I have gotten to know most all of my immediate neighbors in the HOA, of which most have lived here for 15-20 years. Everyone really looks after each other and helps to keep this community safe.

I have enjoyed my patio and grilling on my Big Green Egg. The yard is the perfect size. Just big enough to satisfy the gardeners desire if you so choose, without being work. Of course, the HOA takes care of all the yard maintenance for the private lots as well as the community. Just another perk.
