The Association shall have the sole and absolute discretion to determine what constitutes a nuisance or annoyance. All exterior lighting must be approved by the Developer or, after the Control Transfer Date, the ACC. 3.32 Animal Husbandry. Domestic livestock and exotic animals shall be allowed only on Tracts which are 5 acres or larger, so long as such animals do not exceed one (1) animal for every two (2) fenced acres and do not become a nuisance or threat to other Owners. The Association shall have the sole discretion in determining if any animal is a nuisance and make regulations on banning

such animal. Pigs, hogs and peacocks are not allowed on any Tract. Chickens, turkeys and other birds shall only be allowed so long as such birds are kept in a coup and do not exceed twenty (20) birds per Tract. Regardless of lot size, coups must be preapproved by the ACC in writing to ensure they are screened from view. All animals being raised by the individual Tract Owners must be kept in a fenced area on the Owner's Tract. No overgrazing is permitted on any portion of the Tract as determined by the sole discretion of the Association. Dogs, cats or other common household pets may be kept on a Tract. Dogs will not be permitted to run loose in the Subdivision. Dogs and cats must be vaccinated for rabies and other diseases required by applicable laws, rules and regulations and shall be licensed or registered as may be required by applicable laws, rules and regulations. No feedlots for any type shall be permitted. **IF THE OWNER OF THE TRACT FENCES THE PROPERTY WHERE A BUILDING ENVELOPE EXCEEDS ONE ACRE, IT MAY BE SUBJECT TO THE LOSS OF AD VALOREM TAX EXEMPTIONS AND SUBJECT TO ROLLBACK TAX LIABILITY.**

3.33 Mineral Development. No Owner shall be allowed to permit on their own behalf, commercial drilling, mineral development operations, mineral refining, quarrying, mining or water operation of any kind in, on or under any Tract owned by such lot owner. Developments of water sources for an individual Owner's use, including the construction of windmills for individual water extraction are permitted provided that advance written approval of the Architectural Control Committee or Developer (prior to the transfer control date) is obtained.

3.34 Drainage. Natural established drainage patterns for drainage will not be impaired by any Tract Owner. Driveway culverts must be installed and shall be of sufficient size to afford proper drainage of ditches without allowing water to pool, back up or be diverted from its natural course. Drainage culvert installation is subject to the inspection and approval of the Architectural Control Committee or Developer (prior to the transfer control date) and shall comply with any applicable governmental rules and regulations. All water retaining structures (ponds, dams and other facilities) not already existing within the Subdivision must be reviewed and approved by the Architectural Control Committee or Developer (prior to the transfer control date) and prior to construction and must comply with all governmental rules and regulations.

3.35 Re-plating and Subdividing. No Tract may be subdivided into smaller tracts.

3.36 Maintenance and Landscaping of Lots. It shall be the responsibility of each Owner to prevent the development of any unclean, unsightly, or unkempt condition of buildings or grounds on such Tract which would tend to substantially decrease the beauty of the neighborhood as a whole or the specific area. Each Owner shall be required to landscape the area around his home. Occupancy prior to completion of landscaping shall require the written approval of the ACC, shall be for good cause only, and shall be no earlier than one hundred twenty days prior to completion of landscaping.

3.37 Firearms. The discharge of firearms in the Subdivision on Tracts less than 10 acres is strictly prohibited.

3.38 Hunting. Hunting by Owners on their own Tract is permitted subject to the game laws of the State of Texas and any relevant Burnet County regulations; however, Owners may not hunt the Blackbuck found within the Subdivision as the Blackbuck are tied to the agricultural exemption granted

within the Subdivision by the Burnet County Appraisal District. No commercial hunting is allowed. Caution should be exercised at all times with firearms.

3.39 Water Wells and Irrigation Systems Water wells and irrigation wells will be allowed; however, no water wells or irrigation wells of any type shall be allowed to draw upon water from creeks, streams, rivers, lakes or ponds. All wells shall be subject to any governmental regulations, including but not limited to any regulations and buffer zones set by the Lower Colorado River Authority's Highland Lakes Watershed Ordinance. Tract Owners must contact LCRA Watershed Management at 1-800-776-5272, *2324 to give notification and/or obtain permits prior to commencing any development activities. This Section shall not apply to the Developer, and it may not be amended without the written consent of the Developer or the ACC.

ARTICLE IV **ARCHITECTURAL CONTROL COMMITTEE**

4.01 Basic Control & Applications.

- (a) No Improvements of any character shall be erected or placed, or the erection or placing thereof commenced, or changes made to the exterior design or appearance of any Improvement, without first obtaining the Architectural Control Committee's or Developer's (prior to the transfer control date) approval. No demolition or destruction of any Improvement by voluntary action shall be made without first obtaining the Architectural Control Committee's or Developer's (prior to the transfer control date) approval.
- (b) Each application made to the Architectural Control Committee or Developer (prior to the transfer control date) for approval, shall contain an application in the form specified by the Architectural Control Committee or Developer (prior to the transfer control date), two sets of professionally drawn Plans and Specifications for all proposed Improvements, showing the location of all Improvements in the Tract, and any applicable fees or deposits together with such other reasonable necessary information as the Architectural Control Committee or Developer (prior to the transfer control date) shall request. These plans must be submitted in PDF format to the Developer, or after the Control Transfer Date, to the ACC. A non-refundable fee of \$250.00 is required at time of plan submittal to cover administrative costs involving the home plan approval process.

4.02 Architectural Control Committee.

- (a) All ACC authority is initially vested in the Developer. The ACC authority of the Developer shall cease upon the appointment of a three (3) member Architectural Control Committee by the developer. The Developer shall continue to have ACC authority as to any Plans and Specifications or Construction projects submitted to the Developer prior to the initial appointment of the ACC members.
- (b) After the initial members of the ACC are appointed by the Developer, the Developer shall cause an instrument transferring ACC authority to the Association to be recorded in the Official Public Records of Real Property Burnet County, Texas. Subsequent appointments of the ACC members shall be by the Board of Directors. The ACC members shall serve

staggered terms with the first term ending on the date of the next succeeding annual meeting of Members following the Control Transfer Date. After the Control Transfer Date, each Member of the ACC must be an Owner of a Tract in the Subdivision.

4.03 Effect of Inaction. All approvals or disapprovals issued by the ACC shall be in writing. In the event the ACC fails to approve or disapprove any request received by it in compliance with Article IV within thirty (30) days following the submission of a completed application and full compliance with the declarations set out herein, such request shall be deemed approved and the construction of any Improvements may commence in accordance with the Plans and Specifications submitted for approval. Any ACC approval obtained as a result of inaction by the ACC shall not authorize the construction of any Improvement in violation of these Restrictions.

4.04 Effect of Approval. The granting of an ACC approval (whether in writing or by lapse of time) shall constitute only an expression of opinion by the ACC that the proposed Improvement to be erected complies with these Restrictions; and such approval shall not prevent the Association from requiring removal of any Improvement which fails to comply with these Restrictions. Further, no ACC member shall incur any liability by reason of the good faith exercise of the authority granted hereunder.

4.05 Variance. The ACC or the Developer, may on a case by case basis, authorize variances from the requirements of the Restrictions if, in the reasonable opinion of the ACC or the Developer, the Restrictions unreasonably restrain the development of a Tract in accordance with the general scheme of the Subdivision. The developer will retain the right to grant variances after the Control Transfer Date so long as the Developer continues to own Tracts in the Subdivision. All variances shall be in writing and signed by the Developer or if granted by the ACC then it must be signed by at least two (2) members of the ACC. No violation of these Restrictions shall be deemed to have occurred with respect to any matter for which a variance is granted. The granting of such a variance shall not operate to waive any of the terms and provisions of these Restrictions for any purpose except as to the particular Lot and improvements and the particular provision covered by the variance, nor shall it affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the use of the Owner's Lot.

4.06 Construction Deposit. A deposit of \$1,000.00 must be paid at the time Plans and Specifications are submitted for the construction of a new residence, barn, workshop or storage building. This deposit will be held for the purpose of securing a Tract Owner's performance, during the construction process, of the obligations imposed by these Restrictions, for wear and tear on the Subdivision roads by construction equipment and construction traffic, and for damage to the Common Areas. Upon completion of construction, the Tract Owner will be refunded the deposit less any obligations incurred as a result of any uncured violation of these Restrictions, any damage to the roads of the Subdivision and any damage to the Common Areas.

ARTICLE V

THE RANCHES AT BLACKBUCK RIDGE PROPERTY OWNERS' ASSOCIATION, INC.

5.01 Non-Profit Corporation. The Ranches at Blackbuck Ridge Property Owners'

Association, Inc., a non-profit corporation, has been (or will be) organized and it shall be governed by the Certificate of Formation and Bylaws of said Association; and all duties, obligations, benefits, liens and rights hereunder in favor of the Association shall vest in said corporation.

5.02 Bylaws. The Association has adopted, or may adopt, whatever Bylaws it may choose to govern the organization and operation of the Association, provided that the same are not in conflict with the terms and provisions hereof.

5.03 Membership. Every person or entity who is a record Owner of any Tract shall be a "Member" of the Association. The foregoing is not intended to include persons or entities that hold an interest merely as security for the performance of an obligation or those only having an interest in the mineral estate. Memberships shall be appurtenant to and may not be separated from the Tracts. Regardless of the number of persons who may own a Tract, there shall be but one membership for each Tract and one (1) vote for each Tract. Ownership of the Tracts shall be the sole qualification for Membership.

5.04 Voting Rights. The Association shall have two classes of voting memberships. Developer shall be entitled to ten (10) votes for each Lot owned. Each Tract, other than those owned by the Developer, shall have only one vote regardless of the number of Owners of the Tract. In the event that more than one person owns a Tract and the group of Owners do not have a unified vote for purposes hereunder, then the Association shall not recognize the vote for that Tract and such vote shall not be counted when the calculating membership votes. Notwithstanding the foregoing, the presence of any Owner of a Tract at a meeting of Members permits the inclusion of the Tract represented when calculating any necessary quorum.

ARTICLE VI ASSESSMENTS

6.01 Assessments. Each Tract Owner by acceptance of a deed therefore, whether or not it shall be expressed in any such deed or other conveyance, is deemed to covenant and agree to pay to the Association the Assessments provided herein. The Assessments shall be a charge on the Tracts and shall be a continuing lien upon the Tract against which each such Assessment is made. Both Annual and Special Assessments must be fixed at a uniform rate for all Tracts subject to assessment and may be collected on a monthly basis or on an annual basis at the discretion of the Board of Directors.

6.02 Annual Assessment.

- (a) An Annual Assessment shall be paid by each of the Tract Owners and the Annual Assessment shall be used to pay all reasonable and necessary operating expenses and reserve requirements of the Association as herein provided. The Annual Assessment for the year of purchase shall be pro-rated as of the purchase date and then shall be paid annually.
- (b) The initial amount of the Annual Assessment applicable to each Tract will be five hundred dollars (\$500.00) per Tract. The Annual Assessment is payable in advance and is due on

the thirty first (31) day of January during each calendar year. All other matters relating to the collection, expenditure and administration of the Annual Assessment shall be determined by the Board of Directors of the Association, subject to the provisions hereof.

- (c) The Board of Directors of the Association, from and after the Control transfer Date, shall have the further right at any time to adjust, alter, increase or decrease the Annual Assessment from year to year as it deems proper to meet the reasonable operating expenses and reserve requirements of the Association and to enable the Association to carry out its duties hereunder. However, the Board of Directors shall not increase the Annual Assessment by more than ten percent (10%) from the previous year without the affirmative Vote of the Members.

6.03 Interest of Assessment. Any Assessment which is not paid within thirty (30) days after the due date shall bear interest from the due date at the lesser of (i) the rate of eighteen percent (18%) per annum or (ii) the maximum rate permitted by law.

6.04 Creation of Lien and Personal Obligation. In order to secure the payment of the Assessments, each Owner of a Tract hereby grants the Association a contractual lien on such Tract which may be foreclosed, pursuant to the provisions of the Texas Property Code (and any successor statute); and each such Owner hereby expressly grants the Association a power of sale in connection therewith. The Association shall, whenever it proceeds with foreclosure pursuant to the provisions of the Texas Property Code, shall designate in writing a Trustee to post or cause to be posted all required notices of such foreclosure sale and to conduct such foreclosure sale. The Trustee may be changed at any time and from time to time by the association by means of written instrument executed by the President or any Vice-President of the Association and filed of record in the Official Public Records of Real Property of Burnet County, Texas. In the event the Association has determined to non-judicially foreclose the lien provided herein pursuant to the provisions of the Texas Property Code and to exercise the power of sale hereby granted, the Association, or the Association's agent, shall give notice of the foreclosure sale as provided by the Texas Property Code as then amended. Upon request by the Association, the Trustee shall give any further notice of foreclosure sale as may be required by the Texas Property Code as then amended, and shall convey such Tract to the highest bidder for cash by Trustee's Deed. Out of the proceeds of such sale, if any, there shall first be paid all expenses incurred by the Association in connection with collecting the Assessments and foreclosing on the Tract, including reasonable attorney's fees and a reasonable trustee's fee; second, from such proceeds there shall be paid to the Association and amount equal to the amount of the Assessment in default; and third, the remaining balance shall be paid to the Tract Owner or Lien Holder for the benefit of the Tract Owner. Following any such foreclosure, each occupant of a Tract which is foreclosed upon shall be deemed a tenant at sufferance and may be removed from possession by any and all lawful means, including a judgment for possession in an action for forcible detainer.

In the event of non-payment by any Owner of any Assessment or other charge, fee, assessment levied hereunder, the Association may, in addition to foreclosing the lien hereby retained, and exercising the remedies provided herein, exercise all other rights and remedies available at law or in equity, including but not limited to bringing an action at law against the Owner personally obligated to pay the same.

It is the intent of the Provisions of this 6.04 to comply with the provisions of the Texas Property Code relating to non-judicial sales by power of sale. In the event of the amendment of the Texas Property Code, the Association, acting without joinder of any Owner or Mortgagee, may, by amendment to these Restrictions, file any required amendments to these Restrictions so as to comply with said amendments to the Texas Property Code or any other statute applicable to foreclosures.

Notwithstanding anything contained this Article VI, all notices and procedures relating to foreclosures shall comply with Chapter 209 of the Texas Property Code.

6.05 Notice of Lien. In addition to the right of the Association to enforce the Assessment, the Association may file a claim of lien against the Tract of the delinquent Owner by recording a Notice ("Notice of Lien") setting forth (a) the amount of the claim of delinquency, (b) the interest thereon, (c) the costs of collection which have been accrued thereon, (d) the legal description and/or street address of the Tract against which the lien is claimed, and (e) the name of the Owner thereof. Such Notice of Lien shall be signed and acknowledged by an officer of the Association or other duly authorized agent of the Association. The lien shall continue until the amounts are fully paid or otherwise satisfied. When all amounts claimed under the Notice of Lien and all other costs and assessments which may have accrued subsequent to the filing of the Notice of Lien and all other costs and assessments which may have accrued subsequent to the filing of the Notice of Lien have been paid or satisfied, the Association shall execute and record a notice releasing the lien upon payment by the Owner of a reasonable fee as fixed by the Association to cover the preparation and recordation of such release of lien instrument.

6.06 Liens Subordinate to Mortgages. The lien described in this Article VI shall be deemed subordinate to any lien in favor of any bank, mortgage company, real estate lending establishment, financial institution, insurance company, savings and loan association, or any other third party lender, including the Developer, who may have advanced funds, in good faith, to any Tract Owner for the purchase, improvement, equity lending, renewal, extension, rearrangement or refinancing of any lien secured by a Tract, provided that any such lien holder has made due inquiry as to the payment of any required assessments at the time the lien is recorded. Any consensual lien holder who obtains title to any Tract pursuant to the remedies provided in a deed of trust or mortgage or by judicial foreclosure shall take title of the Tract free and clear of any claims for unpaid assessments or other charges against said Tract which accrued prior to the time such holder acquired title to such Tract. No such sale or transfer shall relieve such holder from liability for any Assessments or other charges or assessments thereafter becoming due. Any other sale or transfer of a Tract shall not affect the Association's lien for Assessments or other charges or assessments. The Association shall make a good faith effort to give each such mortgage sixty (60) days advance written notice of the Association's foreclosure of an Assessment lien, which notice shall be sent to the nearest office of such mortgage by prepaid United State registered or certified mail, return receipt requested, and shall contain a statement of delinquent Assessment or other charges or assessments upon which the said action is based, provided however, the Association's failure to give such notice shall not impair or invalidate any foreclosure conducted by the Association pursuant to the provisions of this Article VI.

6.08 Purpose of the Assessments. The Annual Assessments and Special Assessments

shall be used exclusively for the purpose of promoting the health, safety, security and welfare of the Subdivision and the maintenance of the Common Areas. In particular, the Assessments shall be used for any Improvement or services in furtherance of these purposes and the performance of the Association's duties described herein, including the maintenance of any drainage easements, Common Areas, Common Area Expenses, the enforcement of these Restrictions and the establishment and maintenance of reserve funds. The Assessments may be used by the Association for any purpose which, in the judgment of the Association's Board of Directors, is necessary or desirable to maintain the property value of the Subdivision, including but not limited to, providing funds to pay all taxes, insurance, repairs, utilities and any other expense incurred by the Association. Except for the Association's use of the Assessments to perform its duties as described in these Restrictions, the use of the Assessments for any of these purposes is permissive and not mandatory. It is understood that the judgment of the Board of Directors as to the expenditure of Assessments shall be final and conclusive so long as such judgment is exercised in good faith.

6.09 Handling of Assessments. The collection and management of the Assessment shall be performed by the Developer until the Transfer Control Date, at which time the Developer shall deliver to the Association all funds on hand together with all books and records of receipt and disbursements. The Developer, and upon transfer, the Association, shall maintain a separate account for these funds.

6.10 Developer Exemption. In consideration of the Subdivision infrastructure, the Developer shall be exempt from the payment of all Assessments.

ARTICLE VII

DEVELOPER'S RIGHTS AND RESERVATIONS

7.01 Period of Developer's Rights and Reservations. Developer shall have, retain and reserve certain rights as set forth in these Restrictions with respect to the Association from the date hereof, until the earlier of the date the Developer gives written notice to the Association of Developer's termination of the rights described in this Article VII or the Control Transfer Date. Notwithstanding the foregoing, the Developer rights set forth in Sections 7.02 and 7.03 shall not be released until such time as a document relinquishing said rights is filed of record or the Developer no longer holds record title to any Tracts in the Subdivision. The rights and reservations hereinafter set forth shall be deemed accepted and reserved in each conveyance by the Developer whether or not specifically stated therein. The rights, reservations and easements set forth herein shall be prior and superior to any other provisions of these Restrictions and may not, without Developer's prior written consent, be modified, amended, rescinded or affected by any amendment to these Restrictions. Developer's consent to any amendment shall not be construed as consent to any other amendment.

7.02 Developer's Rights to Grant and Create Easements. Developer shall have and hereby reserves the right, without the consent of any Owner or the Association, to grant or create temporary or permanent easements throughout the Subdivision, for ingress, egress, utilities, cable and satellite television systems, communication and security systems, drainage, water and other purposes incidental to the development, sale, operation and maintenance of the Subdivision. The rights reserved to the Developer under this Section 7.02 apply to the entire Subdivision, including

Tracts previously sold by the developer.

7.03 Developer's Rights to Convey Common Areas to the Association. Developer shall have and hereby reserves the right, but shall not be obligated to, convey real property and improvements thereon, if any, to the Association for use as Common Areas at any time and from time to time in accordance with these Restrictions, without the consent of any other Owner or Association.

7.04 Annexation of Additional Areas. Developer may cause additional real property to be annexed into Subdivision, by causing a written Annexation Declaration confirming the annexation thereof, to be recorded in the Official Public Records of Real Property of Burnet County, Texas. No consent shall be required of the Association or any Member thereof, each Owner being deemed to have appointed the Developer as his agent and attorney-in fact to effect this Annexation, which power hereby granted to the Developer is and shall be a power coupled with any interest. Thereafter, the Association shall be the Association for the entirety of the Development, including the annexed property.

7.05 Developer Control of Association and ACC. Until such time Developer elects to establish the Association and the ACC all authority and powers reserved to the Association, the Board of Directors or the ACC shall be held and exercised by the Developer. The Developer may elect to transfer control of the Association or the ACC at the same time or at different times in which case the Control Transfer Date may be different for the Association and the ACC. The initial Board of Directors of the Association, made up of Owners, shall be designated by the Developer.

ARTICLE XIII **DUTIES AND POWERS OF THE PROPERTY OWNERS' ASSOCIATION**

8.01 General Duties and Powers of the Association. The Association has been formed to further the common interest of the Members. The Association, acting through the Board of Directors or through persons to whom the Board of Directors has designated such powers (and subject to the provisions of the bylaws), shall have the duties and powers hereinafter set forth and, in general, the power to do anything that may be necessary or desirable to further the common interest of the Members and to improve and enhance the attractiveness, desirability and safety of the Subdivision. The Board of Directors shall minimally be composed of three individuals serving three year staggered terms, with the titles of President, Vice-President, and Secretary/Treasurer, being assigned annually by the board of Directors.

8.02 Duty to Accept the Property and Facilities Transferred by Developer. The Association shall accept title to any real property, improvements to real property, personal property and any related equipment which the Developer transfers to the Association, together with the responsibility to perform any and all maintenance and administrative functions associated therewith, provided that such property and responsibilities are not inconsistent with the terms of these Restrictions. Property interest transferred to the Association by the Developer may include fee simple title, easements, leasehold interests and licenses to use such property. Any property or interest in property transferred to the Association by the Developer shall, except to the extent otherwise specifically approved by resolution of the Board of Directors, be transferred to the

Association free and clear of all liens and mortgages (other than the lien for property taxes and assessments not then due and payable), but shall be subject to the terms of any declaration of covenants, conditions and restriction or easements set forth in the transfer instrument. Except as otherwise specifically approved by resolution of the board of Directors, no property or instrument transferred to the Association by the Developer shall impose upon the Association any obligation to make monetary payments to the developer or any affiliate of the developer including, but not limited to, any purchase price, rent charge or fee.

8.03 Other Insurance Bonds. The Association shall obtain such insurance as may be deemed necessary or desirable by the Board or by law, including but not limited to, comprehensive liability and casualty insurance, worker's compensation insurance, fidelity and indemnity insurance, officers and directors liability insurance, as well as such other insurances or bonds as the Association shall deem necessary or desirable.

8.04 Duty to Prepare Annual Budgets. The Association shall prepare an annual budget for the Association and deliver a copy of the annual budget to the Members along with, or prior to, the delivery of the invoice sent to each Tract Owner for the Annual Assessment. The Association shall strive to deliver the annual budget and the Annual Assessment invoice at least thirty (30) days before the start of each calendar year.

8.05 Duty to Levy and Collect Assessments. The Association shall levy, collect and enforce the Assessments as provided in these Restrictions.

8.06 Duty to Provide Annual Financial Statement. The Association shall prepare an annual financial statement, including a balance sheet, for review by the Members.

8.07 Duties with Respect to Architectural Approvals. The Association, through the ACC, shall perform the ACC duties described in these Restrictions.

8.08 Power to Acquire Property and Construct Improvements. The Association may acquire property or an interest in property (including leases and easements) for the common benefit of Owners including any improvements and personal property. The Association may construct improvements on the Subdivision property and may demolish any existing improvements.

8.09 Power to Adopt Rules and Regulation. The Association shall have the power to make reasonable rules and regulations regarding the use of the Common Areas. The rules and regulations may be enforced in the same manner as any other provision of the Restrictions.

8.10 Enforcement of Restrictions. The Association (or any Owner if the Association fails to do so after reasonable written notice) shall enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of these Restrictions. Failure by the Association or any Owner to enforce any covenants or restrictions herein contained shall in no event be deemed a waiver of the right to do so thereafter. If it becomes necessary for any Owner or the Association to file a Court action to enforce these Restrictions, the defaulting Owner shall be liable for all reasonable attorney's fees and costs incurred by the enforcing Owner or the Association to obtain compliance by the defaulting Owner.

The defaulting Owner shall be liable for all damages suffered by the enforcing Owner or the Association which shall be in an amount established by the Court.

8.11 Remedies. In the event a Tract Owner fails to remedy any violation of these Restrictions within ten (10) days after written notice by the Association, the Association, or its authorized representatives, may take any one or more of the following actions:

- (a) Enter upon the Tract Owner's property and remove the violating condition, or cure the violation, at the expense of the Tract Owner, and the violating Tract Owner shall pay on demand all costs and expenses, including reasonable attorney's fees, incurred by the Association in removing such violating condition;
- (b) Assess a charge of \$50.00 per day against any Owner and/or his Tract until the violating condition is corrected. The Violation charge may be increased by the Association in accordance with increases in the National Consumer Price Index using 2017 as a base year. Failure to pay such assessment by the violating Owner within ten (10) days from receipt of assessment will result in a lien against the Tract with the same force and effect as the lien for Annual or Special assessments;
- (c) File suit in order to enforce the above remedies and/or pursue any other remedy which may be available at law or in equity;

After a Tract Owner receives a written notice of a violation of these Restrictions, the violating Tract Owner shall not be entitled to any further notice of the same violation if it occurs within a six (6) month period. The Association reserves the easement across each Owner's Tract for the purpose of correcting or removing conditions in violation of these Restrictions, and in doing so, shall have no liability for trespass or other tort in connection therewith, or arising from such correction or removal of a violating condition. The Association shall further have the right to have any vehicle or other property stored or used in violation of these Restrictions removed from the Owner's Tract at the expense of the Owner and stored at the expense of the Owner.

8.12 Authority to Combine ACC and Board. In order to efficiently manage the Association, and to perform the duties of the Association, the Association may elect to combine the duties of the Board of Directors and the duties of the ACC into one body to be known as the ACC/Board.
