two-thirds of Members agreeing to such dedication or transfer has been duly recorded.

Section 2. Delegation of Use. Subject to such limitations as may be imposed by the Bylaws, each Owner may delegate his right of enjoyment in and to the common areas and facilities to the members of his family, his guests, tenants, and invitees.

Section 3. Easements of Encroachment. There shall exist reciprocal appurtenant easements as between adjacent lots and between each lot and any portion or portions of the common area adjacent thereto for any encroachment due to the un willful placement, settling, or shifting of the improvements constructed, reconstructed, or altered thereon, provided such construction, reconstruction, or alteration is in accordance with the terms of this Declaration. Such easement shall exist to a distance of not more than one foot as measured from any point on the common boundary between adjacent lots, and between each lot and any adjacent portion of the common area, along a line perpendicular to such boundary at such point. No easement for encroachment shall exist as to any encroachment occurring due to the willful conduct of an Owner.

Section 4. Other Easements

- (a) Easements for installation and maintenance of utilities and drainage facilities are shown on the recorded subdivision map. Within these easements, no structure, planting, or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may damage, interfere with, or change the flow of drainage facilities in the easements. The easement area of each lot and all improvements therein shall be continuously maintained by the Owner of such lot, except for improvements for maintenance of which a public authority or utility company is responsible.
- (b) No dwelling unit or other structure of any kind shall be built, erected, or maintained on any such easement, reservation, or right of way, and such easements, reservations and rights of way shall at all times be open and accessible to public and quasi-public utility corporations, their employees and contractors, and shall also be open and accessible to Declarant, its successors and assigns, all of whom shall have the right and privilege of doing whatever may be necessary in, on, under, and above such locations to carry out any of the purposes for which such easements, reservations, and rights of way are reserved. Section 6. No Partition. There shall be no judicial partition of the common area, nor shall any Owner or any other person acquiring any interest in the subdivision or any part thereof seek judicial partition of any common area or lot in the subdivision.

ARTICLE V. USE RESTRICTIONS

Section 1. Use. None of the lots or the improvements thereon shall be used for anything other than single-family, private residential purposes, and all lots shall be known as residential lots. No lots shall be used except for single-family RESIDENTIAL PURPOSES. The term "residential purposes" as used herein shall be held and construed to exclude hospitals, clinics, nursing homes, duplex houses, apartment houses, boarding houses, hotels and all other commercial uses as all such uses of said property are hereby expressly prohibited. Rental or lease of the lot and the residence thereon for any period of time less than 180 days shall be prohibited. Any rental or lease shall provide, in writing, that the renter or lessee has received a copy of the Deed Restrictions and agrees to be bound by same and comply with all Deed Restrictions. Rental or lease of the lot and residence shall not relieve the property owner from compliance with these Deed Restrictions.

Section 2. Lot Area. No lot may be re-subdivided; provided however, that individual lots may be divided between abutting Owners and thereafter each Owner's resulting oversized tract shall be considered as one lot. Nothing herein contained shall prohibit the construction of a single residence on two (2) lots, in which case both such lots shall be considered as one lot for building purposes. Irrespective of the foregoing provisions of this Paragraph 2, the maintenance fund assessment hereinafter set forth shall be and remain applicable to all lots as originally platted. As to lots divided between abutting Owners, the said maintenance fund assessment as to the divided lot shall be apportioned on the basis of surface area of the portions of the divided lot added to the adjacent lots for the purpose of creating two oversized lots.

Section 3. Architectural Committee. An Architectural Committee ("Committee") consisting of such number of members as members shall be appointed, by the Board of Directors of the Association, whose purpose it shall be to review plans, to insure for all Owners harmony of location, and harmony of external and structural design and quality with existing structures. The Committee shall have the right to designate a representative to act for it in all matters arising hereunder. The Committee shall have the authority and right to establish written Architectural Guidelines, subject to approval and ratification by the Board of Directors of the Association.

Section 4. Structures.

- (a) No residence shall be constructed on any residential lot unless such residence shall meet the following requirements as to living area: such residence shall have a minimum of 2000 square feet of enclosed living area.
- (b) No improvements shall be placed on any lot until the building plans, specifications and plot plans showing the location of such improvements and any clearing, landscaping and other construction on the lot, have been approved in writing by the Committee. Likewise, the alteration of any existing improvements which materially affects or changes the exterior design thereof may not be made until the plans for such alterations have been approved in writing by the Committee. In the event the Committee disapproves of any such plans, specifications and/or plot plans, notice of such disapproval shall be delivered in person or by registered or certified letter addressed to the party submitting the same at an address which must be supplied with the submission. In passing upon all of such plans, specifications and/or plot

plans, the Committee may take into consideration, among other things, the suitability of any such proposed building or structure or the alteration thereof and the materials of which it is to be constructed to the effect thereof upon adjacent neighboring or other lots or plots. Any such notice shall set forth the elements disapproved and the reason or reasons thereof, but need not contain suggestions as to methods of curing any matters or things disapproved. The judgment of the Committee in this respect in the exercise of its sole and absolute discretion shall be final and conclusive. The applicant has the right to appeal to the Association Board of Directors. If said Committee fails to approve or disapprove said plans, specifications and/or plot plans within thirty (30) days after the same have been received by the Committee, it will be presumed that the same have been approved. These requirements for approval by the Committee as herein set out cover not only the residences to be constructed but all piers and other structures built in the water as well as on the land, and also apply to any major landscape changes, any retaining walls, removal of trees and any significant moving of soil in or out of the water.

- (c) Inspection of Work. The Architectural Committee or its duly authorized representative shall have the right to inspect any Improvement to Property prior to or after completion, provided that the right of inspection shall terminate sixty (60) days after the Committee shall have received a Notice of Completion from the applicant.
- (d) Notice of Noncompliance. If, as a result of inspections or otherwise, the Committee finds that any Improvement to Property has been done without obtaining the approval of the Committee or was not done in substantial compliance with the description and materials furnished by the applicant to the Architectural Committee or was not completed within one (1) year after the date of approval by the Committee, the Committee shall notify the applicant in writing of the noncompliance, which notice shall be given, in any event, within sixty (60) days after the Committee receives a Notice of Completion from the applicant. The notice shall specify the particulars of the noncompliance and shall require the applicant to take such action as may be necessary to remedy the noncompliance. Such notice shall also advise the applicant of its right to appeal to the Association's Board of Directors.
- (e) Failure of Committee to Act after Completion. If, for any reason other than the applicant's act or neglect, the Architectural Committee fails to notify the applicant of any noncompliance within sixty (60) days after receipt by the Architectural Committee of written Notice of Completion from the applicant, the Improvement to Property shall be deemed in compliance if the Improvement to Property was, in fact, completed as of the date of Notice of Completion.
- (f) Appeal to Association Board of Finding of Noncompliance. If the Architectural Committee gives any Notice of Noncompliance, the applicant may appeal to the Board of Directors by giving written notice of such appeal to the Board and the Architectural Committee within thirty (30) days after receipt of the Notice of Noncompliance, by the applicant. If, after a Notice of Noncompliance, the applicant fails to commence diligently to remedy such

noncompliance the Architectural Committee shall request a finding of noncompliance by the Board of Directors by giving written notice of such request to the Association and the applicant within thirty (30) days after delivery to the applicant of a Notice of Noncompliance from the Architectural Committee. In either event, the Board of Directors shall hear the matter with reasonable promptness after reasonable notice of such hearing to the applicant and the Architectural Committee and shall decide, with reasonable promptness, whether or not there has been such noncompliance and, if so, the nature thereof and the estimated cost of correcting or removing the same. The decision of the Board of Directors shall be final and binding on all parties.

- (g) Correction of Noncompliance. If the Board of Directors determines that a noncompliance exists, the applicant shall remedy or remove the same within a period of not more than forty-five (45) days from the date of receipt by the applicant of the ruling of the Board of Directors. If the applicant does not comply with the Board ruling within such period, the Board may, at its option, record a Notice of Noncompliance against the real property on which the noncompliance exists, may remove the noncomplying Improvement to Property or may otherwise remedy the noncompliance, and the applicant shall reimburse the Association, upon demand, all expenses incurred therewith. If such expenses are not promptly repaid by the applicant or owner to the Association, the Board may levy a Reimbursement Assessment against the owner of the privately owned site for such costs and expenses. The right of the Association to remedy or remove any noncompliance shall be in addition to all other rights and remedies which the Association may have at law, in equity, or under this Declaration.
- (h) No Implied Waiver or Estoppel. No action or failure to act by the Architectural Committee or by the Board of Directors shall constitute a waiver or estoppel with respect to future action by the Architectural Committee or the Board of Directors with respect to any Improvement to Property. Specifically, the approval by the Architectural Committee of any Improvement to Property shall not be deemed a waiver of any right or an estoppel to withhold approval or consent for any similar Improvement to Property or any similar proposals, plans, specifications, or other materials submitted with respect to any other Improvement to Property.
- (i) Committee Power to Grant Variances. The Architectural Committee may authorize variances from compliance with any of the provisions of the building restrictions, including restrictions upon height, size, floor area or placement of structures of similar restrictions, and including, but not limited to, the adjustment of the set back lines and the building lines established by the plats of the subdivision, when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations may, and/or prior to placement of residences, require. Such variances must be evidenced in writing and shall become effective when signed by at least a majority of the members of Architectural Committee.
- (j) Compensation of Members. Members of the Architectural Committee shall receive no compensation for services rendered other than reimbursement of

out of pocket expenses incurred by them in the performance of their duties hereunder.

- (k) Nonliability for Committee Action. None of the Committee, any member of the Committee, any Committee representative, the Association, any member of the Board of Directors shall be liable for any loss, damage or injury arising out of or in any way connected with the performance of the duties of the Architectural Committee unless due to the willful misconduct or bad faith of the party to be held liable. In reviewing any matter, the Committee shall not be responsible for reviewing, nor shall its approval of an Improvement of Property be deemed approval of the Improvement to Property from the standpoint of safety, whether structural or otherwise, or conformance with building codes or other governmental laws or regulations.
- (1) Construction Period Exception. During the course of actual construction of any permitted structure or Improvement to Property, and provided construction is proceeding with due diligence, the Architectural Committee shall temporarily suspend the provisions contained in this Declaration as to the property upon which the construction is taking place to the extent necessary to permit such construction; provided that, during the course of any such construction, nothing is done which will result in a violation of any of the provisions of this Declaration upon completion of construction and nothing is done which will constitute a nuisance or unreasonable interference with the use and enjoyment of other property.
- (m) No part of any building shall be located on any residential lot nearer than fifty (50) feet to any street, on which it fronts, unless otherwise provided upon the recorded plat, except as provided by these restrictions. The building setback lines may be relaxed by decision of the Committee, if the above described distances are not feasible, considering the terrain and/or dimensions of the lot, or the placement of previously constructed structures, and as authorized by subparagraph (i) above.
- (n) Construction on More Than One Residential Site. The construction of one (1) residence on a portion of two (2) or more residential sites shall be permissible if approved in writing by the Committee.
- (o) No structure shall be occupied or used for residential or storage purposes (other than for the storage of building materials to be used in the construction and completion thereof) until the exterior thereof shall have been fully completed in accordance with the approved plans and specifications.
- (p) Each residence, once commenced, must be "dried in" within six (6) months from the date of commencement thereof. By the term "dried in" it is meant the exterior must have the appearance of being a completed house, including all necessary windows, doors, roof, paint and trim. If any such residence is not "dried in" within six (6) months after the date on which such residence is commenced, the Owner of same hereby gives the Committee or its representative or agent the right and authority to enter upon the property upon which such structure is situated, and to disassemble such structure and store the building materials on the premises or elsewhere at the discretion of

the Committee. The Owner or occupant of any such lot agrees, by the purchase or occupancy thereof, that the Committee shall not be liable in trespass or otherwise in entering upon said lot and disassembling any such structure.

- (q) No trailer, mobile home (even if affixed to realty or otherwise rendered immobile), tent, shack, camper, garage, barn or other outbuilding or structure of a temporary character shall, at any time, ever be used as a residence, temporary or permanent, nor shall any structure of a temporary character ever be used in any way or moved onto or permitted to remain on any lot except during construction of permanent structures.
- (r) No fence, wall or hedge having a height of more than three feet (3¹) shall be constructed or employed with the exception of patio enclosures, nearer any front street line than twenty feet (20'), or nearer any side street line than five feet (5').

Section 5. Signs. No advertising signs or structures may be displayed on any lot without the prior written approval of the Association. In this regard the Association is granting a continuous approval for the use of temporary "For Sale" signs not larger than eighteen (18") inches by twenty-five (25) inches with a height not to exceed three feet (3).

Section 6. Nuisances. No noxious or offensive activity shall be carried on or maintained on any lot, nor shall anything be done or permitted to be done thereon which may be or become a private or public nuisance in the neighborhood.

Section 7. Firearms. The use or discharge of firearms is expressly prohibited.

Section 8. Garbage and Trash Disposal. No lot shall be used or maintained as a dumping ground for garbage. Trash, garbage or other rubbish shall be kept only in sightly, sanitary containers. Each lot Owner shall be responsible for disposing of all of his trash, garbage and rubbish. Notwithstanding the foregoing, the Board of Directors may designate a portion of one of the reserves as a garbage collection point for a Property Owners Association contracted or sponsored garbage service for the entire subdivision.

Section 9. Unightly Storage. Boats, recreational objects and open carports are to be shielded from view from the street. No unsightly storage and/or unsightly vehicles shall be viewed from the street. Recreational objects may be temporarily stored in the open for a period not to exceed 72 hours. All residences shall have an enclosed two (2) car garage with operable garage door.

Section 10. Animals. No cows, poultry, livestock, or other animals except dogs or cats (not to exceed a total of three pets) may be kept on any lot. All dogs and cats shall be leashed when off the Owner's lot or otherwise unattended. Ducks purchased and raised by the Association for the harbor area will be excluded from this section. The owner is responsible for ensuring that their pet(s) do not poop on other owner's property, or on the streets of the Subdivision, and the pets' owner is responsible for cleaning up any such poop.

Section 11. Off-street Parking. Both prior to and after the occupancy of a dwelling on any lot, the Owner shall provide appropriate space for off-street parking for three automobiles.

Section 12. Weeds. The Owner of each lot shall keep the same clean and control weeds such as will be in keeping with other property and the community at any particular time. Upon failure to do this, Developer or the Association may have the lot cleaned and the cost or expense thereof shall be payable on demand by the Owner to Developer or the Association, as the case may be. The Association may, at charge to the Owner as provided for by Section 23 hereon, after notice to the Owner to mow their lot, mow and otherwise cut back 10 feet from the curb on vacant lots.

Section 13. Electrical Wiring and Antennas. No Owner shall install, attach or hang or allow to be installed, attached or hung any equipment or wiring or electrical installation, television or radio transmitting or receiving antennas, air conditioning units or any other like equipment. Notwithstanding the foregoing, an Owner may place a TV antenna and/or satellite dish on a lot provided such Owner has submitted placement and screening plans to the Architectural Committee and obtained the Committee's approval.

Section 14. Bulkheads. No Owner shall install or repair bulkheads unless the materials used to install or repair such bulkheads are of the same or better quality as the bulk heading materials originally installed. Owner shall maintain the bulkhead installed upon his lot in good repair. In the event an Owner desires to use a different bulk heading material than was previously used, such Owner will first submit material specifications and appropriate plans to the Association's Architectural Committee for approval.

Section 15. Prohibited Piers and Boathouses upon Selected Lots. No Owner shall construct either boathouses or piers upon lots 23, 24, 25, 26, 27, 28, 29, 30, 31, or 32 which lots shall be provided with recessed boat slips that will accommodate one boat per lot. An Owner may construct a boathouse over the recessed slip so long as there is no violation of any other provisions contained herein and the boathouse is constructed to the specifications and design as submitted to and approved by the Architectural Committee.

Section 16. Covenants Running with the Land. All of the restrictions, covenants and conditions herein provided for and adopted shall apply to each and every lot in the subdivision, and shall be covenants running with the land. Developer or the Association shall have the right to enforce observance and performance of the restrictions and covenants contained and provided for herein, and in order to prevent a breach or to enforce the observance or performance of same, shall have the right, in addition to all legal remedies or remedies elsewhere provided herein, to an injunction either prohibitive or mandatory. The Owner of any lot or lots in the subdivision shall likewise have the right either to prevent a breach of any such restrictions or covenants or to enforce the performance thereof.

Section 17. Partial Invalidity. Invalidation of any of these covenants, restrictions or conditions by court judgment or otherwise, shall not affect in any way the validity of any of the other covenants, restrictions or conditions, all of which shall remain in full force and effect. Acquiescence in any violation shall not be deemed a waiver of the right to enforce against the violator or others the conditions so violated or any other conditions; and Developer shall have the right to enter the property of the violator and correct the violation, or to require that the same be corrected.

Section 18. Duration of Restrictions.

- (a) The restrictions, covenants and conditions contained herein shall remain in full force and effect until December 31, 2014, subject however to the provisions for repealing, modifying, or amending these Deed Restrictions as provided for hereinafter.
- (b) At the end of the term provided in Paragraph (a) above, and at the end of each ten (10) year extension herein provided for, these restrictions shall be automatically extended and renewed for a succeeding period of ten (10) years each, unless, within six (6) months prior to the date such restrictions and covenants would otherwise be automatically extended, an instrument shall have recorded in the Office of the County Clerk of San Jacinto County, Texas, agreeing to change said restrictions and covenants in whole or in part, as provided for by these Restrictions.
- (c) Any or all of the Restrictions, Covenants and Conditions herein contained may be repealed, amended or modified at any time by a majority vote of the lots in the subdivision voting for such repealed, amended or modified Restrictions, Covenants, and Conditions. At such vote each Property Owner shall be entitled to cast one vote for each lot owned. Any such decision to repeal, amend, or modify these restrictions, covenants, or conditions shall be effected by an instrument in writing with the signatures of the lot Owners and the lot numbers they are voting and accompanied with the notarized signatures of the Officers of the Property Owners Association to be filed for record in the Office of the County Clerk of San Jacinto County, Texas. Provided, however that no amendment shall in any manner impair the security of any institutional lender having a mortgage or other lien against any part of the property, or any other record owners of Liens thereon.
- (d) Additionally, the Association shall have the right at any time hereafter to make such reasonable changes in or waivers of any or all of the above restrictions, conditions, covenants as the Association in its sole discretion may deem reasonably necessary or desirable, subject to the approval of the Association's members by a majority vote in favor of such change in or waivers of any or all of the restrictions, conditions, and covenants by the members of the association at a special or annual meeting at which a quorum is had.

Section 19. Headings. All sections and paragraph headings used herein are for convenience only and shall have no efficacy in construing any of the restrictions, covenants or conditions herein contained.

Section 20. Liens. This RESTATED AND AMENDED DECLARATION OF COVENANTS, CONDITIONS, AND RESTRICTIONS is not intended to affect in any way any lien filed against a property/lot within Lake Oaks Landing. However, it is intended that any lien previously subordinated to the original Declaration of Covenants, Conditions, and Restrictions shall continue to be subordinated to this RESTATED AND AMENDED DECLARATION OF COVENANTS, CONDITIONS, AND RESTRICTIONS to the same extent.

Section 21. Motorized Vehicles. No motorcycles, go carts, or any other type of motorized vehicle shall be operated upon the property herein described unless such

motorized vehicle shall be approved by the state for operation upon the public highways and further provided said vehicle is registered, licensed, inspected and would be authorized to operate upon the public highways. Exceptions: gas/electrical/battery-operated wheel chairs and scooters for the handicapped and golf carts that are used for maintenance purposes and personal transportation are permitted.

Section 22. No residence or building shall be constructed upon "stilts" or other visible pile like devices which shall raise the structure above the natural grade of the property.

Section 23. Maintenance of Lot(s). All lots must be kept in a sanitary and attractive condition, and regular cutting of grass and weeds is required. No lot may be used for the storage of material or equipment except when necessary for normal residential requirements or for the Architectural Committee approved construction of improvements on the lots. Lots must be kept free of the accumulation of garbage, trash or rubbish. All clothes lines, yard equipment or storage piles shall be kept screened by a service yard, drying yard or similar facility so as to conceal them from view of neighboring lots, streets or other properties. In the event of default on the part of the owner of any lot in observing the above requirements, and if such default continues after thirty (30) days written notice thereof, the Association may take action to correct the default. The Association, or others authorized by the Association, may cut weeds and grass, remove garbage, trash and rubbish or do any other thing necessary to secure compliance with these Restrictions, so as to place said lot in a neat, attractive, and sanitary condition. There will be no liability associated with this action. The defaulting owner will be charged for the reasonable cost of such work and associated materials. The owner agrees with the purchase of a lot in the subdivision to pay such statement immediately upon receipt. If the statement is not paid within thirty (30) days of the date due, then said amount shall accrue interest at the rate of ten (10%) per cent per annum. The payment of such charge is secured by the same lien on the property in question, which secures the charge for such work, the interest accrued, and legal fees and related costs in prosecuting and collecting said amount. Said lien shall only be judicially foreclosed.

Section 24. The Association. Every property owner in the Lake Oaks Landing Subdivision shall be a member of the Association, and the Association shall be a property owners association as defined by the Texas Property Code.

- (a) The Board of Directors of the Association shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, and reservations now or hereafter imposed by these restrictions, and said lawsuit to be brought in the name of the Association, upon a vote by the majority of the Board of the Directors of the Association at the duly called meeting of the Board at which a quorum of Directors is present, against any lot owner who is delinquent in payment of the maintenance fees, as delinquent is defined in these restrictions, and Bylaws of the Association.
- (b) Each person(s) acquiring a lot or residential dwelling in the Subdivision shall automatically become a member of the Association, a non-profit Texas Corporation formed for the benefit of the property owners of the Subdivision, and the Association shall be a property owners association as defined by the Texas Property Code. Each member will abide by the rules of the corporation and the covenants and restrictions set forth in this document.

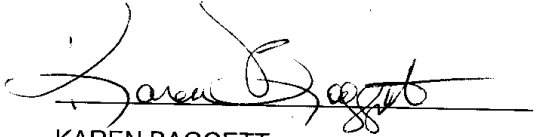

The Association shall have the duty, but not the sole duty, and authority to uphold these restrictions and covenants, and provide for the maintenance and upkeep for the common areas of the subdivision. Which Association by and through its Board Of Directors shall appoint among others, the Architectural Committee, which shall be composed of three members, (appointed by the Board of directors of the property Owners Association), or more if desired, and a member of the Board and a secretary.

- (c) Any lot owner who has not paid the annual maintenance fees applicable to the lots he owns, once such maintenance fees are payable as provided by these restrictions as the Bylaws, shall be considered in default. Any lot owner delinquent in payment of any maintenance fees or other fees due on the record date of any meeting, as determined by the Bylaws of the Association, shall not be entitled to vote at any meeting of the members, whether annual or special, and shall not be entitled to hold any directorship of office of the Association.
- (d) Any lot owner who brings a lawsuit against the Property Owners Association alleging a violation of any duty of the Property Owners Association to enforce the deed restriction, or alleging that the Property Owners Association, or any director, officer and/or agent of the Property Owners Association, shall be liable to the Property Owners Association for any legal fees and costs incurred in defending such lawsuit.
- (e) Attorney's Fees for Enforcement of Deed Restrictions. The Association shall have the right, but not the obligation to bring such legal action as deemed necessary to enforce the deed restrictions and to require that any deed restriction violations be corrected, and the Association shall have the right to recover cost of any actions necessary to enforce corrections, including but not limited to attorney's fees. Any court ordered award of attorney's fees incurred for prosecution such violation shall be secured by a lien against the property of the property owner found by a court to be in violation of these deed restrictions.
- (f) Notwithstanding any provision to the contrary, nothing herein or in the plats above referenced shall be deemed, interpreted or construed as imposing any obligation or obligations whatever upon the Property Owners Association, and the Property Owners Association shall not be liable under any provisions hereof or thereof for any charge, assessment, breach, act or omission to act.

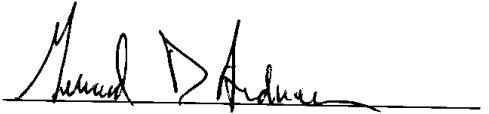

EXECUTED by the Board of Directors of Lake Oaks Landing, Inc., a Texas non-profit corporation, on the dates set forth by the respective acknowledgments, subject to the filing of a written instrument reflecting approval by at least a majority of the property owners, pursuant to the Deed Restrictions referenced above.
