## **ATTENTION BUYERS --See Media Notes!**

### Media Notes:

In order to use the media equipment listed below to full advantage, buyers will need a receiver that can control a 5.1 Surround Sound system or better, a TV, 3 speakers (2 front and 1 center), and a subwoofer. All wires are in the wall, but will need to connect receiver ports for TV and speakers to the wall plate. There is also the option to put speakers in the ceiling in the front if they don't want speakers on the ground. The three panels in the front ceiling have wires, but they would need to be connected behind the wall plate since they are not currently in use.

# Payment Schedule

Pure Media Systems currently accepts payments via cash, check, and all major credit cards.

A convenience charge of 3% is added to all credit card transactions.

Prices and equipment subject to change based on availability.

For projects exceeding \$2,500.00, a 50% deposit is required on execution. The remaining 50% is due upon project completion/delivery.

All projects are executed on a time and materials basis. While our team of experts uses their best efforts to estimate the number of hours and materials necessary, certain factors involved in custom installation are not always foreseeable. These include, but are not limited to: obstacles in walls and/or ceilings, failures of prior contractor(s), coordination with other companies, idle time while waiting for other contractor(s), etc. Consequently, Pure Media Systems charges based on actual time logged by our custom installers. In the event that your installation is performed under the estimated time, you will be credited the difference. It is our goal to keep our installers working in the most efficient manner to avoid additional costs. In the event that additional time or materials are required to complete a project, Pure Media Systems shall notify the end customer of the situation and provide a new estimate to completion in addition to any alternative resolutions and associated costs. Any changes or additions will be added to the amounts stated and authorized via the same payment method as previously tendered.

Waiver: The waiver of any fees or charges lies solely at the discretion of Pure Media Systems.
