Red circles enclose the Block Number. In this example, the block is #1.

Red rectangles enclose the volume/page from the subdivision maps. In the example above, "Stone Gate" is the subdivision name, "120-472" is the volume/page, and "Sec 8" is the section of the subdivision.

Note: In both examples, the symbol has nothing to do with the individual properties on which they may lie. They are placed for best fit on the map.
