HOU 5582

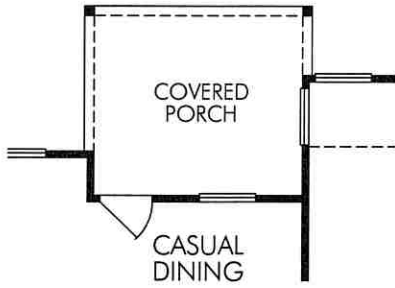

All architectural, engineering, and advertising estimates and claims related to energy savings or performance are created exclusively by third party agencies, called vendors, utility organizations, or certified auditors, based on U.S. Department of Energy, weather data, and average energy use and costs. Actual energy savings and performance of any home or any of its features or systems, vary and may be more or less than included savings, use performance, depending on the exact and varying circumstances of the occupants and changes in energy market rates and programs. Savings estimates and assumptions are approximate and may vary in calculation and depending on the standards of measurement used, engineering, and material requirements. In other site-specific conditions. All enclosures and floor plans are for informational purposes only and are not intended to be used as a contractual agreement. All square footage based on the elevation, including upgrades, extra design features, decorations, floor coverings, specialty light fixtures, custom paint and wall coverings, cabinet treatments such as drawers, doors, etc., landscaping, pool, spa, lawn and lawn systems, landscaping, appliances, and other design or decorative features and finishes that are not included as part of the price and may not be available in all municipalities.
