

4 CORNERSTONES OF DISTINCTION

CoventryHomes.com

1. Design Flexibility

We know that buying a home is one of the most important decisions you'll make. That's why we take pride in offering our homeowners a wide variety of award-winning designs with many ways to truly create the home that fits your needs. Whether you take advantage of pre-bundled packages with many of our popular custom options at special pricing, adapt rooms with multiple uses to fit your lifestyle needs or choose from an assortment of bonus room options, we offer the flexibility to suit your individual needs.

2. Windstorm Certified Building Practices

As residents of the Gulf Coast, we are aware of the acute need for hurricane preparedness. In response to this regional nuance Coventry Homes builds and engineers our homes across the city to meet the minimum 110 mph wind speed requirements of the International Residential Code. The use of special clips, straps and anchors as mandated by our engineer in the construction of our homes creates added peace of mind for you and your family living on the Gulf Coast.

3. Eco Smart

We recognize the important role of energy efficiency and environmentally friendly building practices in today's world. To that end, Coventry Homes has created our "Eco Smart" platform which encompasses the integration of Energy Star, Environments for Living and the Green Building Initiative programs to provide you with the best in energy efficiency and value. This means your Coventry Home will offer increased comfort for your family and, best of all, substantial savings on your utility bills throughout the year. Knowing that your Coventry Home is also built with environmentally friendly techniques is good news for you and your family as well as future generations to come.

4. Extended Warranty

We understand that your home is a major life investment. While other builders offer just a 1-year warranty on materials and workmanship, at Coventry Homes we are so confident in the quality of our homes, we offer a 2-year warranty on materials and workmanship providing you with the added assurance and peace of mind that your new home will deliver the value and enjoyment you deserve.

With cornerstones of distinction like these behind every Coventry Home we build, it's no wonder that over 96% of our customers are willing to recommend Coventry Homes to their friends and family. We know the purchase of a home is a major life decision. We also understand that you have choices and we must earn and maintain your confidence. You can have confidence in your decision to make Coventry Homes your builder—our customers say so.
