## Ask the Sellers!

### What are your favorite features of the home?

We love the game room space upstairs, It has been the perfect space for our kids to play and place for our family to hang out all together. We truly loved the open concept on main floor. Being able to be in my kitchen while still being a part of everything else going on was wonderful.

### What will you miss the most about this home?

Our neighbors. Everyone on our street is so friendly and we would often have informal gatherings out on the street.

### What is special about Spring Brook Village?

The amenities! Our family LOVED the pool. It was never crowded, always had a lifeguard on duty and was always clean. The workout facility is also very nice. It is also a very friendly community. There are always people out taking walks with their kids and/or dogs and there are very nice trails to take walks on.

### Why Spring Branch?

Spring Branch is nice because you are close enough to the city without being right in it and there are a lot of new restaurants and shops coming to the area. This particular area makes it really easy to get to I-10, Beltway 8 and 290.
